**Australian Leisure** A J Veal, Simon Darcy, Rob Lynch, 2015-05-20  
For first year students in tertiary leisure studies programs, both Leisure Studies and Social Science. *Australian Leisure 4e* provides an introduction to and analysis of a broadly defined concept of leisure. It integrates Australian and international knowledge so that the book is an Australian interpretation, based largely on local sources, but which engages with relevant international research and theory. This edition has been extensively reviewed and updated and includes new chapters on social networks, global cultures and events. Leisure is not just sport, or the arts, or outdoor recreation, it is all these things and more, including tourism, gambling, hobbies, television watching, entertainment, play and doing nothing in particular. The purpose of the text is to illuminate leisure and its place in past, present and future Australian society. The text is designed to lead students into the subject and provide pointers to more detailed study, through discussion questions and guides to further reading.

**Australia - Culture Smart!** Barry Penney, Gina Teague, Culture Smart!, 2016-02-01 Australia is different—a vast island-continent with distances so great that the capital of Western Australia is closer to Singapore than it is to Sydney. The landscape embraces magnificent tropical rainforests and deserts the size of several European states; temperate areas that sustain a flourishing wine industry, making Australia the world's fourth largest wine exporter; a sixteen-thousand-mile coastline of breathtaking beaches; and its unique fauna is testament to the country's &“down-underness.&” Indigenous Australians have inhabited the continent for more than fifty thousand years, yet European settlement is just over two hundred years old. Since the end of the Second World War the country has opened its

doors to a hugely diverse immigrant population and slowly shaken off the mantle of British influence, transforming what was perhaps one of the dullest nations into one of the most stimulating. The Australians' old settler mentality—regarding themselves as &“battlers,&” and embarrassed by their lack of sophistication—has given way to a new national confidence. The achievements of Australia's artists, sportspeople, entertainers, scientists, and businesspeople puts them on the global stage. Despite the diversity of ethnicities there is a pervasive homogeneity among Australians: a generosity of spirit and a forthrightness, sometimes disarming for the visitor. A sense of fairness and equality is valued, as is the ability not to take oneself too seriously. Culture Smart! Australia introduces you to a young nation with one of the world's highest standards of living, &“where people work to live&” in order to enjoy a lifestyle that many across the globe covet, and in which Australians take great pride (and don't mind telling you about).
