Columbia Crew Survival Investigation Report, NASA/SP-2008-565 ,2009

Columbia Crew Survival Investigation Report United States. National Aeronautics and Space Administration,2008 NASA commissioned the Columbia Accident Investigation Board (CAIB) to conduct a thorough review of both the technical and the organizational causes of the loss of the Space Shuttle Columbia and her crew on February 1, 2003. The accident investigation that followed determined that a large piece of insulating foam from Columbia's external tank (ET) had come off during ascent and struck the leading edge of the left wing, causing critical damage. The damage was undetected during the mission. The CAIB’s findings and recommendations were published in 2003 and are available on the web at <http://caib.nasa.gov/>. NASA responded to the CAIB findings and recommendations with the Space Shuttle Return to Flight Implementation Plan.1 Significant enhancements were made to NASA's organizational structure, technical rigor, and understanding of the flight environment. The ET was redesigned to reduce foam shedding and eliminate critical debris. In 2005, NASA succeeded in returning the space shuttle to flight. In 2010, the space shuttle will complete its mission of assembling the International Space Station and will be retired to make way for the next generation of human space flight vehicles: the Constellation Program. The Space Shuttle Program recognized the importance of capturing the lessons learned from the loss of Columbia and her crew to benefit future human exploration, particularly future vehicle design. The program commissioned the Spacecraft Crew Survival Integrated Investigation Team (SCSIIT). The SCSIIT was asked to perform a comprehensive analysis of the accident, focusing on factors and events affecting crew survival, and to develop recommendations for improving crew survival for all future human space flight vehicles. To do this, the SCSIIT investigated all elements of crew survival, including the design features, equipment, training, and procedures intended to protect the crew. This report documents the SCSIIT findings, conclusions, and recommendations.--PDF Executive summary.

English-Haitian Creole Bilingual Dictionary Albert Valdman,Marvin D. Moody,Thomas E. Davies,2017-04-06 Haitian Creole (HC) is spoken by approximately 11,000,000 persons in Haiti and in diaspora communities in the United States and throughout the Caribbean. Thus, it is of great utility to Anglophone professionals engaged in various activities—medical, social, educational, welfare— in these regions. As the most widely spoken and best described creole language, a knowledge of its vocabulary is of interest and utility to scholars in a variety of disciplines. The English-Haitian Creole Bilingual Dictionary (EHCBD) aims to assist anglophone users in constructing written and oral discourse in HC; it also will aid HC speakers to translate from English to their language. As the most elaborate and extensive linguistic tool available, it contains about 30 000 individual entries, many of which have multiple senses and include subentries, multiword phrases or idioms. The distinguishing feature of the EHCBD is the inclusion of translated sentence-length illustrative examples that provide important information on usage.

There Has to Be a Knife Adnan Khan,2019-11-12 In this blistering debut novel, author Adnan Khan investigates themes of race, class, masculinity and contemporary relationships. Omar Ali, twenty-seven-year-old line cook and petty criminal, gets a phone call from his ex-girlfriend’s father at work, informing Omar that Anna has committed suicide. Unable to process or articulate his grief, and suffering from insomnia, Omar embarks on a quest to obtain her suicide note from her elusive parents. As he unravels, Omar finds himself getting involved in break-ins, online terrorism, dealing with the police, and losing his best friend as he becomes less recognizable. *There Has to Be a Knife* examines expectations -- both intimate and political -- on brown men, exploring ideas of cultural identity and the tropes we use to represent them.
