**Jeremiah 26-52, Volume 27** Dr. Gerald Keown,Pamela Scalise,Thomas G. Smothers,2018-05-29 The Word Biblical Commentary delivers the best in biblical scholarship, from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Overview of Commentary Organization Introduction—covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes: Pericope Bibliography—a helpful resource containing the most important works that pertain to each particular pericope. Translation—the author’s own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author’s notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues. General Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

A Book of Evidence Nancy L. Kuehl,2013-03-08 Jesus was a Jew, living in a Jewish culture and under Jewish laws, laws that governed the people of Israel at a time of conflict with their Roman overlords. A Book of Evidence takes into consideration the history of first-century Jerusalem and is a unique presentation of the passion event, written from a Jewish legal standpoint. Find out why and how Jesus came to trial, how the politics of the age and a corrupt government played a role in bringing him to death. An examination of the numerous crimes of which Jesus was accused results in a reasonable explanation of the real blasphemy that caused him to be executed, and an investigation into crucifixion as it was known during first-century Jewish law. Was the Jewish trial legal? Was it a trial at all? Was there a Roman trial or a simple hearing? Where was the real execution site and burial tomb? All these questions are answered in this gripping book. Follow, step by step, along the path of Jesus during the Passover, from the Garden of Gethsemane, through the trials, to the brutality of the execution, and on to the garden tomb at Bethphage from which he was resurrected!

**Jeremiah's and Ezekiel's Sign-Acts** Kelvin G. Friebe,1999-05-01 The books of Jeremiah and Ezekiel contain the majority of the biblical accounts of prophetic sign-actions. By analysing these two prophets' actions according to the terms and concepts used in studies of nonverbal communication and rhetoric, this work seeks to bring conceptual and terminological clarity to the discussion of prophetic sign-acts and to enhance the perception of the prophets as persuasive communicators. Rather than prophetic sign-acts being viewed as having a magical derivation or as being inherently efficacious in bringing about what they portray, the sign-acts are viewed as being primarily forms of nonverbal communication whose purpose was to have a persuasive impact upon spectators.
