Paint Yourself Calm Jean Haines,2016-05-06 Discover the happiness benefits of putting brush to paper with a guide that puts judgment aside and “encourages simple enjoyment of painting” (Library Journal). Meditative, peaceful, and calming, watercolour painting offers a sense of control and self-worth to everyone, with no judgment or goal beyond the joy of painting itself. This book shows you how to calm and enhance your outlook through the movement of brush on paper. Master artist Jean Haines leads you through the journey, putting the emphasis on the joy of play rather than on pressure to perform or produce—and showing you how to wipe away your worries with the soothing, gentle strokes of watercolour paint. “Starting from the premise that everyone can paint, Haines frees readers of the goals and expectations of end results, and encourages simple enjoyment of painting. Open-ended, detailed exercises guide readers through experimenting with paint to gain a sense of control; to relieve stress; to escape; or to be in a better mood. The emotional and psychological properties of color are discussed as are obstacles to creativity and happiness. . . . [a] unique blend of self-care and expression.” —Library Journal

You Are What You Paint Bruno Marcotulli, 2015-12-03 This book is all about creative freedom...FOR EVERYONE. Freedom from the fear-inducing voices inside our heads that convince us that we're not real artists, that we couldn't possibly paint pictures, because we've never studied art, because painting is for those other people, the ones who have the talent. How many millions of us deny ourselves the pleasure of creating pictures with paint, because we choose to believe these lies? THE TRUTH IS, we're all artists. If you create art, you're an artist. THE TRUTH IS, we all have something to say, and the ability to say it. When coming to this conclusion, back in 2007, I embarked on a painting adventure. Twenty four paintings later, I'm here to tell you that it's been an amazing ride. I've had so much fun that I felt compelled to share my journey with you. For the purposes of this book, it's important to understand that I've never taken an art class. As a result, I had no technique to temper my imagination, no rules to follow, no right way to paint. I believe this is key, because when you don't know how to paint, you paint purely by instinct, guided simply by what feels right to you. It's like being given a free pass to boundless artistic liberation. What I've also discovered is that in each of my paintings, my points of view, my sense of humor, my overall philosophy on life have all magically appeared, with no conscious intent on my part. It really is true, we are what we paint. So without further ado, I dedicate this book to you, and to your own fearlessly

creative adventures that lie ahead.

I Heard You Paint Houses Charles Brandt, 2016-06-29 New York Times Bestseller — #1 True Crime Bestseller The inspiration for the major motion picture, THE IRISHMAN. “The best Mafia book I ever read, and believe me, I read them all.” — Steven Van Zandt “Charles Brandt has solved the Hoffa mystery.” — Professor Arthur Sloane, author of Hoffa “Sheeran’s confession that he killed Hoffa in the manner described in the book is supported by the forensic evidence, is entirely credible, and solves the Hoffa mystery.” — Michael Baden M.D., former Chief Medical Examiner of the City of New York “It’s all true.” — New York Police Department organized crime homicide detective Joe Coffey “Gives new meaning to the term ‘guilty pleasure.’” — The New York Times Book Review **Includes an Epilogue and a Conclusion that detail substantial post-publication corroboration of Frank Sheeran's confessions to the killings of Jimmy Hoffa and Joey Gallo. I heard you paint houses are the first words Jimmy Hoffa ever spoke to Frank the Irishman Sheeran. To paint a house is to kill a man. The paint is the blood that splatters on the walls and floors. In the course of nearly five years of recorded interviews, Frank Sheeran confessed to Charles Brandt that he handled more than twenty-five hits for the mob, and for his friend Hoffa. He also provided intriguing information about the Mafia's role in the murder of JFK. Sheeran learned to kill in the US Army, where he saw an astonishing 411 days of active combat duty in Italy during World War II. After returning home he became a hustler and hit man, working for legendary crime boss Russell Bufalino. Eventually Sheeran would rise to a position of such prominence that in a RICO suit the US government would name him as one of only two non-Italians in conspiracy with the Commission of La Cosa Nostra, alongside the likes of Anthony Tony Provenzano and Anthony Fat Tony Salerno. When Bufalino ordered Sheeran to kill Hoffa, the Irishman did the deed, knowing that if he had refused he would have been killed himself. Charles Brandt's page-turner has become a true crime classic.
