

Your Aztec Horoscope

Bruce Scofield

Aztec Astrology Michael Colmer,1995-01-01

Aztec Astrology K. C. Tunnicliffe,1979

Day-signs Bruce Scofield,1991 In Day-Signs readers will find the first psychological delineations of the 20 signs of Aztec/Maya astrology ever published. Included in the book is a clear explanation of the Aztec/Mayan system of astrology and what academic researchers and the indigenous peoples of Mexico know about it. Following this are delineations of the 20 signs, including a list of famous people born under each one. Everyone is influenced by one of these 20 signs that form the cornerstone of Aztec/Maya astrology. The book ends with 30 pages of tables for determining your day-sign of birth.

A Simple Truth ,2013

How to Practice Mayan Astrology Bruce Scofield,Barry C. Orr,2006-11-27 A contemporary and practical guide to Mayan astrological techniques • Discusses the logic and meaning of the 20 day-signs of the Mayan calendar • Explains the many cycles of Mayan astrology, such as the 9-day cycle of the Night Lords and the 13-day trecena • Contains extensive tables of Mayan astrological data, allowing readers to cast their own Mayan horoscopes How to Practice Mayan Astrology presents a contemporary guide to one of the most sophisticated astrological systems ever developed. Like other ancient peoples, the Maya looked to the cycles of the planets as markers of time and designators of order. The predictable cycles they observed became codified in the Mayan calendar and astrological system as a way of organizing the seeming chaos of human life. Mayan astrology is based on 20 named days that are cycled 13 times to create a 260-day calendar, the Tzolkin. The authors explain the symbolism, logic, and meaning of the 20 day-signs; how these signs reflect 260 possible personality types; and how they can be used for divination. They also explain the important role of the Four Directions and the planet Venus in one's personality matrix and life issues. Included are extensive, easy-to-use tables of Mayan astrological data, allowing readers to determine their day-signs, to see how these signs are also influenced by the cycle of the Night Lords and the 13-day trecena, and to cast their own horoscopes.

Signs of time Bruce Scofield,1994-12 In Signs of Time, readers will be introduced to all the major astrological themes in the Maya/Aztec astrological tradition and offered objective interpretations of the key features of this ancient system of symbolic interpretation. The astronomy, calendars, mathematics, and spirituality of ancient Mexico are part of this exploration into the mind-set of ancient Mesoamerican astrologers. Of interest to many is a sober and objective look at the Mayan Calendar and its end date in 2012.

The Numinous Cosmic Year The Numinous,2021-09-02 A 'Now-Age' guide to 2022 for the cosmically curious Your total guide to the astrology of 2022, The Numinous Cosmic Year is part astro planner, part cosmic almanac. A guide to both the shifting astrological currents and the influence of the celestial bodies on our daily lives, this interactive monthly planner will unlock the language of astrology and help you map your path forwards and within. As well as a complete astrological overview of what's in store for 2022 and detailed instructions for how to use the book, discover what each month has in store for your sun sign, the key astrological dates for each month, which elements to work with, and journal prompts to ignite your inner journey. Flow with the waxing and waning of the moon, get ahead of each planet's retrograde phase, and plan your year in accordance with the movements of the stars.

Mayan Calendar Astrology Kenneth Johnson,2011-12 Mayan Calendar Astrology: Mapping Your Inner Cosmos is the quintessential handbook to help you understand the art of Mayan astrology and how to harness it for a profound illumination of your personal lifepath. If you liked Jaguar Wisdom, this book will take you even deeper into the powerful insights that Mayan astrology can offer, whether you're a seasoned expert or just a beginner. Included in the book are: - Complete information about the day signs and numbers - The importance of the Year Lord - The Mayan Destiny chart (also known as the Mayan Cross) - The complete nine-sign horoscope - Solar and lunar cycles - A unique method for determining the phases of human life - The personal compatibility matrices embedded within the Tzolk'in - A little-known technique for assessing human relationships by combining two horoscopes into a composite chart - Calendar diagrams and horoscope templates - A powerful and meditative technique called the Path of Feathered Serpent, based on our own personal lunar month and designed, through a series of guided meditations, to awaken the koyopa or inner lightning we all possess. REVIEWS: I am profoundly grateful to Kenneth Johnson for sharing his experientially based understanding of the Tzolk'in in this remarkable book. As a long-time lover of the Mayan world, 'Mayan Calendar Astrology' finally opened my eyes to the subtle workings of the 260-day calendar and led me to embrace it as a genuine path to self-understanding. The author's work is based upon his years of work with several aj q'ijab' in the Guatemalan highlands, primarily in Momostenango, the important center for contemporary Mayan calendar knowledge. Johnson's explanations of the significance of the 13 numbers, the Mayan Destiny chart, the Year Lords, and the Path of Feathered Serpent are unique in popular literature and will enrich the understanding of even dedicated scholars. - Robert Sitler, PhD, Director, Latin American Studies, Stetson University
