Your Birthstone Book Sarah Glenn Marsh, 2022-12-06 Learn the amazing (and sometimes magical) history of gemstones from around the world through the corresponding birthstones that represent each month of the year. Gemstones are among Earth's rarest and most beautiful creations. They are history's preeminent symbols of wealth and power. They are valued because they are beautiful and rare, but also because their beauty is undiminished with time. The stone that once adorned a king or maharaja, might today be set in a ring or necklace, and if not destroyed, will continue to sparkle thousands of years from now. This history only increases the value of these stones. What better way to teach young readers about gemstones than by focusing on the different birthstones that correspond to each month of the year? Everyone (mostly) knows their birthstone.

But do they know the full history of these stones--where they were mined, how/why they were popular, or how to best harness a stone's energy to help deal with matters of friendship, family, and life? Your Birthstone Book will give readers insight into the powers assigned different birthstones while exploring their fascinating uses over the course of history.

*Hanging Chads* Evan Clouse, 2022-05-25 Maddy Sommers, having been raised by physically and mentally abusive parents, found her spirit and world outlook through the love of her beloved aunts and uncle. Throughout her life, she bore the torturous scars of her past abuse. She loathed those that she considered to be bullies and took it upon herself to right perceived wrongs, and she managed to do so in rather creative and messy ways. As she was exacting her brand of justice upon abusive mates who crossed her path, she was simultaneously seeking true love in her own awkward way. Her search for her personal prince was sometimes humorous and other times tragic. Let us just say that she was a romantically hopeful young lady with a massive chip on her shoulder, and those who crossed her would soon learn that they would have been advised to be "cool with Maddy."

Moon is one of our most prominent and ancient symbols. It has shaped how we understand and track time, its movement controls the tides, and its rise into the sky signals the coming of night. The distinct phases of the lunar cycle have associations with different states of being. These states mirror a kind of spiritual quest which, like our search for ourselves, never ends. When we observe the Moon, we see reflections of the grand pattern of life that is birth, death, and rebirth. With this invaluable handbook filled with enchantingly beautiful illustrations, follow the Moon as she traverses each sign of the zodiac and discover how each astrological phase affects magic—and how your personal Moon sign affects your magical work. The discussions include the influence of the seldom-discussed energies of the Blue Moon, the Black Moon, and lunar eclipses. Each Moon phase is explored individually to cover the phase's main themes along with Moon rituals, intention setting, and practical ways to celebrate and manifest health, wealth, and confidence. With specific suggestions for each phase, you'll discover a variety of tools for harnessing moon magic, including: Traditional lunar herbs such as lavender, angelica, mugwort, and sage to magnify and support your intentions Crystals and gemstones to raise your personal vibration and enhance your intuitive powers Essential oils and candles to match your mood or intention and add vibrational power to your spells and rituals You'll soon be using spells during each moon phase for things like: Conquering change (New Moon) Living joyfully (Waxing Moon) Romantic love (Full Moon) Banishing bad (Waning Moon) Open your arms to Mother Moon, and allow her to take you into hers, with Moon Magic.
