### **Have Starship, Will Travel** Ramona Louise

Wheeler,2000-12-01 The Final Frontier changes at the flickering rate of tomorrow's headlines, and the speed of light is much too slow for interstellar civilisation. Starmen and their intraspace ships link a thousand races on ten thousand worlds, so you'd think a starman would be treated with a little respect, but some things will never change. Ray -- Captain Ray Harris, master starpilot, loves to travel but hates to land anywhere. Ray especially hates

planets, and starships don't earn money on the ground — but that's where the freight is, like it or not. Rokey -- Ray's copilot and alien partner, Rokey, is not a career starman, but a 250-year-old scholar, and he does miss one planet dear to his heart — his distant homeworld of Wozur. Sometimes Rokey still yearns for the family and the life he knew there, when he lived in the spotlight at the pinnacle of interstellar civilisation — until he remembers why he made the painful decision to exile himself. Exiled to the life of a starship trucker onboard the Yankee Shadow, on the run with a brilliant, dedicated young starman who loves to fly — but hates planets. Whether rescuing women from exploding vehicles or rescuing entire alien races from extinction in their ongoing quest to deliver the goods, Ray and Rokey always end up earning their pay — and their respect — the hard way.--Back cover.
