I Am Yours Reema Zaman,2019-02-05 It is time. It is time to free our voice. To speak is a revolution. For too long, through the most intimate acts of erasure, women have been silenced. Now, women everywhere are breaking through the limits placed on us by family, society, and tradition. To find our voices. To make space for ourselves in this world. Now is the moment to reclaim what was once lost, stolen, forsaken, or abandoned. I Am Yours is about my fight to protect and free my voice from those who have sought to silence me, for the sake of creating a world where all voices are welcome and respected. Because the voice, without intimacy, will atrophy. We're in this together. You are mine, and I am yours.

Barra and Zaman: Reading Egyptian Modernity in Shadi Abdel Salam's The Mummy Youssef Rakha,2020-12-16 Brilliantly introduced by Nezar Andary, this book is a work of creative nonfiction that approaches writing on film in a fresh and provocative way. It draws on academic, literary, and personal material to start a dialogue with the Egyptian filmmaker Shadi Abdel Salam's *The Mummy* (1969), tracing the many meanings of Egypt's postcolonial modernity and touching on Arab, Muslim, and ancient Egyptian identities through watching the film.

Biography of Resistance Muhammad H. Zaman,2020-04-21 Award-winning Boston University educator and researcher Muhammad H. Zaman provides a chilling look at the rise of antibiotic-resistant superbugs, explaining how we got here and what we must do to address this growing global health crisis. In September 2016, a woman in Nevada became the first known case in the U.S. of a person who died of an infection resistant to every antibiotic available. Her death is the worst nightmare of infectious disease doctors and public health professionals. While bacteria live within us and are essential for our health, some strains can kill us. As bacteria continue to mutate, becoming increasingly resistant to known antibiotics, we are likely to face a public health crisis of unimaginable proportions. "It will be like the great plague of the middle ages, the influenza pandemic of 1918, the AIDS crisis of the 1990s, and the Ebola epidemic of 2014 all combined into a single threat," Muhammad H. Zaman warns. *The Biography of Resistance* is Zaman's riveting and timely look at why and how microbes are becoming superbugs. It is a story of science and evolution that looks to history, culture, attitudes and our own individual choices and collective human behavior. Following the trail of resistant bacteria from previously uncontacted tribes in the Amazon to the isolated islands in the Arctic, from the urban slums of Karachi to the wilderness of the Australian outback, Zaman examines the myriad factors contributing to this unfolding health crisis—including war, greed, natural disasters, and germophobia—to the culprits driving it: pharmaceutical companies, farmers, industrialists, doctors, governments, and ordinary people, all whose choices are pushing us closer to catastrophe. Joining the ranks of acclaimed works like *Microbe Hunters*, *The Emperor of All Maladies*, and *Spillover*, *A Biography of Resistance* is a riveting and chilling tale from a natural storyteller on the front lines, and a clarion call to address the biggest public health threat of our time.

The Ulama in Contemporary Islam Muhammad Qasim Zaman,2010-12-16 From the cleric-led Iranian revolution to the rise of the Taliban in Afghanistan, many people have been surprised by what they see as the modern reemergence of an antimodern phenomenon. This book helps account for the increasingly visible public role of traditionally educated Muslim religious scholars (the `ulama) across contemporary Muslim societies. Muhammad Qasim Zaman describes the transformations the centuries-old culture and tradition of the `ulama have undergone in the modern era--transformations that underlie the new religious and political activism of these scholars. In doing so, it provides a new foundation for the comparative study of Islam, politics, and religious change in the contemporary world. While focusing primarily on Pakistan, Zaman takes a broad approach that considers the Taliban and the `ulama of Iran, Egypt, Saudi Arabia, India, and the southern Philippines. He shows how their religious and political discourses have evolved in often unexpected but mutually reinforcing ways to redefine and enlarge the roles the `ulama play in society. Their discourses are informed by a longstanding religious tradition, of which they see themselves as the custodians. But these discourses are equally shaped by--and contribute in significant ways to--contemporary debates in the Muslim public sphere. This book offers the first sustained comparative perspective on the `ulama and their increasingly crucial religious and political activism. It shows how issues of religious authority are debated in contemporary Islam, how Islamic law and tradition are continuously negotiated in a rapidly changing world, and how the `ulama both react to and shape larger Islamic social trends. Introducing previously unexamined facets of religious and political thought in modern Islam, it clarifies the complex processes of religious change unfolding in the contemporary Muslim world and goes a long way toward explaining their vast social and political ramifications.

When Mom's Away Layla Ahmad,2021-04-20 Things are changing for one little girl whose mom is a busy doctor. When her mom has to be in quarantine—sleeping on a cot in their garage to keep the family safe from the virus—the girl does her best to be brave. She and her dad spend time together, she goes to school online, and she helps her grandparents too...making sure to wave so they know it's her! They join their neighbours outside to thank the doctors and nurses around the world for their hard work. But of course the highlight of the day is when mom comes home, and they wave to each other through the window. A great story to inspire hope and confidence in both little ones and big ones when times may seem uncertain.

Qamar Al-Zaman Ali Mahdi,2021-05-16 Qamar Al-Zaman: A Novel by Ali Mahdi explores the dynamics between three fictional social classes differentiated by race. These races are the gray, black, and spectral-eyed people. In the case of the black-eyed race, there is only one, Qamar Al-Zaman. The black-eyed race voluntarily ends their life at 25-years of age, and Qamar Al-Zaman buckled down his fortitude and harnessed his ambition not to carry on the tradition. He wanted to live and live happily. He found life was met with overwhelming challenges when the color of your eyes prohibits you from venues, relationships, education, and employment opportunities that are enjoyed by the hierarchy of other eye colors, to an extent. Qamar Al-Zaman spends a great deal of time, energy, and effort coveting what others have, and the failure to acquire these things torments him as his 25th birthday looms.

Princeton Readings in Islamist Thought Roxanne L. Euben,Muhammad Qasim Zaman,2021-06-08 The most authoritative anthology of Islamist texts This anthology of key primary texts provides an unmatched introduction to Islamist political thought from the early twentieth century to the present, and serves as an invaluable guide through the storm of polemic, fear, and confusion that swirls around Islamism today. Roxanne Euben and Muhammad Qasim Zaman gather a broad selection of texts from influential Islamist thinkers and place these figures and their writings in their multifaceted political and historical contexts. The selections presented here in English translation include writings of Ayatollah Khomeini, Usama bin Laden, Muslim Brotherhood founder Hasan al-Banna, and Moroccan Islamist leader Nadia Yassine, as well as the Hamas charter, an interview with a Taliban commander, and the final testament of 9/11 hijacker Muhammad Atta. Illuminating the content and political appeal of Islamist thought, this anthology brings into sharp relief the commonalities in Islamist arguments about gender, democracy, and violence, but it also reveals significant political and theological disagreements among thinkers too often grouped together and dismissed as extremists or terrorists. No other anthology better illustrates the diversity of Islamist thought, the complexity of its intellectual and political contexts, or the variety of ways in which it relates to other intellectual and religious trends in the contemporary Muslim world.
