**THIS GUY’S ON HIS OWN TRIP** Neeraj Narayanan,2020-07-30 The fear of the unknown bothers most of us, even if it comes at the cost of chasing our dreams. How many of us want to drop everything that we are doing and travel the world? How many of us do? Neeraj Narayanan just did that, quitting his job one day and flying to Barcelona. Join him on his journey as he takes you rollicking across some countries in Europe and South East Asia, motoring up high mountain passes, hiding in jungles and being part of crazy festivals, hoping to find pretty girls in pursuit but only ending up with furious bulls, bears, and gypsies on his tail. At some point, he has almost no money left but his resolve to build a life out of travel doesn’t ebb. This is a witty yet heart-warming tale of one man’s solo journey for a year. While he goes to find beautiful places, he ends up finding trust, compassion, and a universe conspiring to make all his dreams come true. This guy’s really on his own trip and promises to take you on one too!

*Zambia* Godfrey Mwakikagile,2010 This work is about life in Zambia. It's also a general introduction to Zambia, the land and its people. Subjects covered include the country's history and geography, ethnic groups and their cultures. All the provinces of Zambia and their natural resources and important landmarks are also covered in the book. So are towns and cities in each of the provinces. Much of the work is focused on how the people live in their traditional societies and in the towns and cities, including the people of different ethnic groups - some from neighbouring countries especially Tanzania and Malawi - who work in the mines in the Copperbelt Province and how they interact with each other and with the indigenous people of Zambia. Some of the people who may find this work to be useful include tourists and others going to Zambia or anybody else who wants to learn some basic facts about the country.

*Africa [3 volumes]* Toyin Falola,Daniel Jean-Jacques,2015-12-14 These volumes offer a one-stop resource for researching the lives, customs, and cultures of Africa's nations and peoples. Unparalleled in its coverage of contemporary customs in all of Africa, this multivolume set is perfect for both high school and public library shelves. The three-volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub-Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations' peoples. While this encyclopedia places emphasis on the customs and cultural practices of each state, history, politics, and economics are also addressed. Because entries average 14,000 to 15,000 words each, contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries. As a result, readers will gain a more complete understanding of what life is like in Africa's 54 nations and territories, and will be better able to draw cross-cultural comparisons based on their reading.
