**Felicia Law**

The Zebra Carl R. Green, William Reynolds Sanford, 1988 Examines the physical characteristics, behavior, lifestyle, and natural environment of the zebra.

Zebras Christina Wilsdon, 2009-01-01 Presents an introduction to zebras, discussing their physical characteristics, different types, herding behavior, life cycle, and future threats to the Grevy and mountain zebras.

**Zebras** Anthony D. Fredericks, 2000-09-01 Describes the physical characteristics, behavior, habitat, uses, and endangered status of this black and white striped animal found on the plains of Africa.

Zebra Caroline Arnold, 2013-06-01 Far away in Africa, thundering herds of wild zebras roam over the dry, grassy plains. This engaging photo essay follows the day-to-day life, habits, and plight of this fascinating animal, both in captivity and in the wild. Filled with thirty-nine captivating full-color photographs, Zebra offers children a close-up look at this beautiful horse of the African plains.

**Zebras** Shona Grimbley, 1999 Describes the physical characteristics, habits, and natural environment of the last three species of zebras left in the world--the plains zebra, the mountain zebra, and Grevy's zebra. Also discusses what is being done to protect these animals from complete extinction.

Zebra Stripes Tim Caro, 2016-12-05 Why do zebras have stripes? Popular explanations range from camouflage to confusion of predators, social facilitation, and even temperature regulation. It is a challenge to test these proposals on large animals living in the wild, but using a combination of careful observations, simple field experiments, comparative information, and logic, Caro concludes that black-and-white stripes are an adaptation to thwart biting fly attack.

**Zebras** Emilie U. Lepthien, 1994-09

**Zebra Stripes** Tracy Kompelien, 2006-01-01 Ziggy Zebra is confident he can walk to Grandma's house, but the things he sees along the way confuse him. Contains facts about zebras.

Zink Cherie Bennett, 1998 Zink is about true courage in the face of unpredictable predators. In an age where too many are quick to confront fears and differences with senseless violence, Zink exemplifies the importance of tolerance and acceptance. Imaginative, funny, and heartbreaking, this allegory features a pre-teen girl with leukemia and a herd of talking African zebras whom she meets when she is diagnosed with her life-threatening illness. The zebras include street-smart Ice Z, grandfatherly Papa Zeke and pompous Zilch, along with Shlep, a furry green monkey who's certain he's also a zebra. The zebras recount to her their legend of Zink, a mythical polka-dotted zebra once an outcast but later a hero. As Becky's condition worsens and she is mistreated by some classmates, she zaps back and forth between real life and the zebra world, until the shattering, breathtaking, and uplifting climax.--Publisher's description.

*Endangered Zebras* Kelley MacAulay, Bobbie Kalman, 2007 Photographs and text explains why zebras are in danger of extinction and what people are doing to help them.

National Geographic Readers: a Zebra's Day (Pre-Reader) Aubre Andrus, 2020 Follow a zebra

Zeke the Zebra Ann Ryan, 2014-07-01 The imagination of the author takes us in to jungles of Africa where we find a young zebra less than content with his stripes. It seems that all of the other animals in the jungle and on the savannah have much more interesting marks and coloring. Would it be better to be like one of the other animals? Or is it better to just be yourself. Read and enjoy! The author teaches all of us a valuable lesson.
