Zen Mind, Beginner's Mind Shunryu Suzuki,2020-06-02 Named one of the 100 Best Spiritual Books of the Twentieth Century (Spirituality & Practice) A 50th Anniversary edition of the bestselling Zen classic on meditation, maintaining a curious and open mind, and living with simplicity. In the beginner's mind there are many possibilities, but in the expert's there are few. So begins this most beloved of all American Zen books. Seldom has such a small handful of words provided a teaching as rich as has this famous opening line. In a single stroke, the simple sentence cuts through the pervasive tendency students have of getting so close to Zen as to completely miss what it's all about. It is an instant teaching on the first page--and that's just the beginning. In the fifty years since its original publication, Zen Mind, Beginner's Mind has become one of the great modern spiritual classics, much beloved, much reread, and much recommended as the best first book to read on Zen. Suzuki Roshi presents the basics--from the details of posture and breathing in zazen to the perception of nonduality--in a way that is not only remarkably clear, but that also resonates with the joy of insight from the first to the last page.

The Zen Teaching of Bodhidharma Bodhidharma,2009-11-01 A fifth-century Indian Buddhist monk, Bodhidharma is credited with bringing Zen to China. Although the tradition that traces its ancestry back to him did not flourish until nearly two hundred years after his death, today millions of Zen Buddhists and students of kung fu claim him as their spiritual father. While others viewed Zen practice as a purification of the mind or a stage on the way to perfect enlightenment, Bodhidharma equated Zen with buddhahood and believed that it had a place in everyday life. Instead of telling his disciples to purify their minds, he pointed them to rock walls, to the movements of tigers and cranes, to a hollow reed floating across the Yangtze. This bilingual edition, the only volume of the great teacher's work currently available in English, presents four teachings in their entirety. Outline of Practice describes the four all-inclusive habits that lead to enlightenment, the Bloodstream Sermon exhorts students to seek the Buddha by seeing their own nature, the Wake-up Sermon defends his premise that the most essential method for reaching enlightenment is beholding the mind. The original Chinese text, presented on facing pages, is taken from a Ch'ing dynasty woodblock edition.

Live Sustainably Now Karl Coplan,2019-12-31 Any realistic response to climate change will require reducing carbon emissions to a sustainable level. Yet even people who already recognize that the climate is the most urgent issue facing the planet struggle to understand their individual responsibilities. Is it even possible to live with a sustainable carbon footprint in modern American society—much less to live well? What are the options for those who would like to make climate awareness part of their daily lives but don't want to go off the grid or become a hermit? In *Live Sustainably Now*, Karl Coplan shares his personal journey of attempting to cut back on carbon without giving up the amenities of a suburban middle-class lifestyle. Coplan chronicles the joys and challenges of a year on a carbon budget—kayaking to work, hunting down electric-car charging stations, eating a Mediterranean-style diet, and enjoying plenty of travel on weekends and vacations while avoiding long-distance flights. He explains how to set a personal carbon cap and measure your actual footprint, with his own results detailed in monthly diary entries. Presenting the pros and cons of different energy, transportation, and lifestyle options, *Live Sustainably Now* shows that there does not have to be a trade-off between the ethical obligation to maintain a sustainable carbon footprint and the belief that life should be fulfilling and fun. This powerful and persuasive book provides an individual-level blueprint for a carbon-sustainable tweak to the American dream.

Bankei Zen Yoshito Hakeda,2007-12-01 The teachings of the groundbreaking Buddhist Zen Master: "Should remain for years to come the standard source book for the Western student of Zen" (Douglas Harding, *The Middle Way*). The eccentric Bankei (1622-1693) has long been an underground hero in the world of Zen. At a time when Zen was becoming overly formalized in Japan, he stressed its relevance to everyday life, insisting on the importance of naturalness and spontaneity. This volume presents his teachings—as refreshing and iconoclastic today as they were three hundred years ago—in a fluent translation by Peter Haskel, accompanied by a vivid account of Bankei's life and times, illustrations, and extensive notes for the scholar. "Mr. Haskel has furnished us with an accurate and polished translation that fully captures the lively colloquial style of the original. The late Professor Hakeda has rendered invaluable assistance in resolving many linguistic problems and in furnishing important insights into the text itself." —Philip Yampolsky "A splendid record of a dramatically different Zen master." —Huston Smith "Bankei Zen has given us the essence of Bankei's unique teaching . . . one which seems particularly appropriate to our time." —Nancy Wilson Ross

Waking Up to What You Do Diane Eshin Rizzetto,2006-06-13 Life is rising up to meet us at every moment. The question is: Are we there to meet it or not? Diane Rizzetto presents a simple but supremely effective practice for meeting every moment of our lives with mindfulness, using the Zen precepts as tools to develop a keen awareness of the motivations behind every aspect of our behavior—to wake up to what we do—from moment to moment. As we train in mindfulness of our actions, every situation of our lives becomes our teacher, offering priceless insight into what it really means to be happy. It's a simple practice with transformative potential, enabling us to break through our habitual reactions and to see clearly how our own happiness and well-being are intimately, inevitably connected to the happiness and well-being of everyone around us.

Lucifer - Father of Cain Zen Garcia,2015-08-25 The esoteric knowledge presented here, represents what are in my belief, some of the most carefully guarded, heavily veiled, and least understood secrets of biblical wisdom traditions. Many have stumbled upon this knowledge without necessarily grasping just what the full implications this knowledge means for unlocking and deciphering the riddles of our Holy Bible as bestowed upon us by our Father Yahweh through the line of prophets and even His only begotten Son Yahushuah Savior Messiah. The secret that unlocks all things biblical is knowledge that Cain was a child of Eve and Lucifer and not the first born son of Adam. Understanding that there are two blood lines upon the planet and that these two bloodlines have been warring with one another since the inception and dawning of humanity upon this world will help one to decipher this critical theme as it plays out through the totality of all available scripture, from the fall to soon coming judgment.

Zen Poems Peter Harris,1999-03-23 The appreciation of Zen philosophy and art has become universal, and Zen poetry, with its simple expression of direct, intuitive insight and sudden enlightenment, appeals to lovers of poetry, spirituality, and beauty everywhere. This collection of translations of the classical Zen poets of China, Japan, and Korea includes the work of Zen practitioners and monks as well as scholars, artists, travelers, and recluses, ranging from Wang Wei, Hanshan, and Yang Wanli, to Shinkei, Basho, and Ryokan.

101 Zen Stories Nyogen Senzaki,1940 There was an old woman in China who had supported a monk for over twenty years. She had built a little hut for him and fed him while he was meditating. Finally she wondered just what progress he had made in all this time. To find out, she obtained the help of a girl rich in desire. "Go and embrace him," she told her, "and then ask him suddenly: 'What now?'" The girl called upon the monk and without much ado caressed him, asking him what he was going to do about it. "An old tree grows on a cold rock in winter," replied the monk somewhat poetically. "Nowhere is there any warmth." The girl returned and related what he had said. "To think I fed that fellow for twenty years!" exclaimed the old woman in anger. "He showed no consideration for your need, no disposition to explain your condition. He need not have responded to passion, but at least he could have evidenced some compassion." She at once went to the hut of the monk and burned it down.
