**Zoe M. McCarthy**

The Putting Green Whisperer Zoe M. McCarthy,2018-09-14 Suddenly unemployed, Allie Masterson returns home to Cary, North Carolina where she caddies for her father on the PGA Seniors Tour. There, she encounters a man who possesses an alluring gift of reading the contours of the green. Fascinated with his uncanny ability, Allie is excited to meet the Green Whisperer—until she discovers that the easygoing caddy is actually Shoo Leonard, the boy who teased her relentlessly when they were kids. Despite Allie's reservations, she agrees to use her sport science degree to become his trainer when Shoo sustains a hand injury—and then she falls for him. Shoo Leonard is grateful to Allie for her singular determination to get him ready for the PGA tour, but he isn't ready for anything more. Still raw from a broken engagement and focused on his career, he's content to be her fist-pumping buddy until the chemistry is undeniable. What seems like a happily-ever-after on the horizon takes a turn when Allie decides she's become a distraction to Shoo's career. Is it time for her to step away or can The Putting Green Whisperer find the right words to make her stay?

**The Long Tail** Chris Anderson,2006-07-11 What happens when the bottlenecks that stand between supply and demand in our culture go away and everything becomes available to everyone? The Long Tail is a powerful new force in our economy: the rise of the niche. As the cost of reaching consumers drops dramatically, our markets are shifting from a one-size-fits-all model of mass appeal to one of unlimited variety for unique tastes. From supermarket shelves to advertising agencies, the ability to offer vast choice is changing everything, and causing us to rethink where our markets lie and how to get to them. Unlimited selection is revealing truths about what consumers want and how they want to get it, from DVDs at Netflix to songs on iTunes to advertising on Google. However, this is not just a virtue of online marketplaces; it is an example of an entirely new economic model for business, one that is just beginning to show its power. After a century of obsessing over the few products at the head of the demand curve, the new economics of distribution allow us to turn our focus to the many more products in the tail, which collectively can create a new market as big as the one we already know. The Long Tail is really about the economics of abundance. New efficiencies in distribution, manufacturing, and marketing are essentially resetting the definition of what's commercially viable across the board. If the 20th century was about hits, the 21st will be equally about niches.

Just 10 Lbs Brad Lamm,2011-04-04 In *Just 10 LBS*, intervention specialist Brad Lamm brings a fresh eye to weight loss, focusing not on the what of eating, but on the how and why. This book discards the notion of overhauling life with the vague dream of being thin and challenges the reader to focus on losing just 10 pounds. What Lamm understands is that managing weight isn't just about doing crunches, running miles, or cutting calories; in fact, one of the most powerful parts of success is generally overlooked – a healthy relationship with oneself is key to any weight-loss program. In *Just 10 LBS*, Lamm outlines ten easy steps to help readers heal their relationship with themselves and thus change their relationship with food, breaking destructive cycles of disordered and unhealthy eating. Covering everything from body image to restrictive beliefs to developing a quiet, focusing daily practice, Lamm discusses all aspects of the emotional and self-esteem issues surrounding weight and food. And he puts them together into a 10-step program that begins with identifying your eating style – emotional eater, pleasure eater, energy eater, external eater or critical eater – and ends with a discussion on the importance of 'paying it forward,' or giving back the gifts you've received. Also included is an action-oriented 30-day plan to help readers get a jump start on their weight-loss efforts. The effective, easy-to-follow steps in *Just 10 LBS* will help readers reclaim their power over food; open emotional blockages that clutter their lives; and create a lifestyle that emphasises the mind, body, emotions, relationships and spirit.

Keys to Play Roger Moseley,2016-10-28 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program for monographs. Visit [www.luminoso.org](http://www.luminoso.org) to learn more. How do keyboards make music playable? Drawing on theories of media, systems, and cultural techniques, *Keys to Play* spans Greek myth and contemporary Japanese digital games to chart a genealogy of musical play and its animation via improvisation, performance, and recreation. As a paradigmatic digital interface, the keyboard forms a field of play on which the book's diverse objects of inquiry—from clavichords to PCs and eighteenth-century musical dice games to the latest rhythm-action titles—enter into analogical relations. Remapping the keyboard's topography by way of Mozart and Super Mario, who head an expansive cast of historical and virtual actors, *Keys to Play* invites readers to unlock ludic dimensions of music that are at once old and new.

*Total Cat Mojo* Jackson Galaxy,2017-10-31 This comprehensive cat care guide from the star of the hit Animal Planet show *My Cat from Hell*, Jackson Galaxy, shows us how to eliminate feline behavioral problems by understanding cats' instinctive behavior. *Cat Mojo* is the confidence that cats exhibit when they are at ease in their environment and in touch with their natural instincts—to hunt, catch, kill, eat, groom, and sleep. Problems such as litter box avoidance and aggression arise when cats lack this confidence. Jackson Galaxy's number one piece of advice to his clients is to help their cats harness their mojo. This book is his most comprehensive guide yet to cat behavior and basic cat care, rooted in understanding cats better. From getting kittens off to the right start socially, to taking care of cats in their senior years, and everything in between, this book addresses the head-to-toe physical and emotional needs of cats—whether related to grooming, nutrition, play, or stress-free trips to the vet.

**List Cultures** Liam Cole Young,2017 We live in an age of lists, from magazine features to online clickbait. This book situates the list in a long tradition, asking key questions about the list as a cultural and communicative form. What, Liam Cole Young asks, can this seemingly innocuous form tell us about historical and contemporary media environments and logistical networks? Connecting German theories of cultural techniques to Anglo-American approaches that address similar issues, *List Cultures* makes a major contribution to debates about New Materialism and the post-human turn.

*Monsters: The 1985 Chicago Bears and the Wild Heart of Football* Rich Cohen,2013-10-29 The gripping account of a once-in-a-lifetime football team and their lone championship season For Rich Cohen and millions of other fans, the 1985 Chicago Bears were more than a football team: they were the greatest football team ever—a gang of colorful nuts, dancing and pounding their way to victory. They won a Super Bowl and saved a city. It was not just that the Monsters of the Midway won, but how they did it. On offense, there was high-stepping running back Walter Payton and Punky QB Jim McMahon, who had a knack for pissing off Coach Mike

Ditka as he made his way to the end zone. On defense, there was the 46: a revolutionary, quarterback-concussing scheme cooked up by Buddy Ryan and ruthlessly implemented by Hall of Famers such as Dan Danimal Hampton and Samurai Mike Singletary. On the sidelines, in the locker rooms, and in bars, there was the never-ending soap opera: the coach and the quarterback bickering on TV, Ditka and Ryan nearly coming to blows in the Orange Bowl, the players recording the Super Bowl Shuffle video the morning after the season's only loss. Cohen tracked down the coaches and players from this iconic team and asked them everything he has always wanted to know: What's it like to win? What's it like to lose? Do you really hate the guys on the other side? Were you ever scared? What do you think as you lie broken on the field? How do you go on after you have lived your dream but life has not ended? The result is *Monsters: The 1985 Chicago Bears and the Wild Heart of Football*, a portrait not merely of a team but of a city and a game: its history, its future, its fallen men, its immortal heroes. But mostly it's about being a fan—about loving too much. This is a book about America at its most nonsensical, delirious, and joyful.

We've all experienced the first flush of love and remember the lingering fragrance of it. For ages Love has remained one of the most cherished experiences that everyone wishes to live through at least once. Humanity, time and again, has coined many definitions to describe this beautiful emotion, but this small word is a feeling that can't simply be defined. It has to be narrated . . . in the form of stories—love stories. *Love Stories That Touched My Heart* is a collection of such stories from readers who have a tale to tell, shortlisted from over 2000 entries that were submitted in a competition conducted by Penguin India. Selected and edited by Ravinder Singh, this anthology—made up of the stories that touched Ravin's heart the most—will make you believe that someone, somewhere, is made for you.

Lynn Holding presents a symphony of discoveries that illuminate how musicians can optimize their mental wellbeing and cognitive abilities. More than an exploration of the brain, *The Musician's Mind* is an inspiring call for artists to promote the cultivation of emotion and empathy as cornerstones of a civilized society. **Twelve Years a Slave** Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

*Mobile Marketing Management* Hongbing Hua,2019-03-18 With the development of mobile internet technology, people's lifestyle and consumer behavior are changing rapidly. Nowadays, the products on the market are updating more and more frequently, and the traditional marketing theory and brand theory fail to get with the mobile internet. So, what's the innovative marketing to take in the new era? Since 2012, China has entered into the mobile era, and became a major country of mobile internet application. The book summarizes the experience of the author accumulated from many trials and errors in management and marketing innovation, so as to form the pattern of management and marketing for the next 30 years. *Mobile Marketing Management* lays the foundation for the new era with four pillars: service, substance, superuser, space, known as 4S theory for short. In view of the concept of customer-first, it is all about service, and products become productized service concepts. In view of the failure of mass communication, the competition among all services becomes the competition of substance differentiation. Regarding the popularity of self-organization, it becomes a trend to cooperate with people rather than the company to develop the market. In view of the principle of fuzzy market boundary, the enterprises shall optimize their living space and evolve their development space. This book contains numerous case studies along with analysis and creates the discipline of mobile marketing management, providing innovative theories, methods and tools for the marketing of enterprises. Through this book, readers can master the marketing methods of the mobile internet era. They can apply the marketing theory in this book to guide the marketing practice, thus improving marketing efficiency and reducing marketing costs.

**The Iraqi Nights** Dunya Mikhail,2014-05-27 A stunning new collection by one of Iraq's brightest poetic voices *The Iraqi Nights* is the third collection by the acclaimed Iraqi poet Dunya Mikhail. Taking *The One Thousand and One Nights* as her central theme, Mikhail personifies the role of Scheherazade the storyteller, saving herself through her tales. The nights are endless, seemingly as dark as war in this haunting collection, seemingly as endless as war. Yet the poet cannot stop dreaming of a future beyond the violence of a place where "every moment / something ordinary / will happen under the sun." Unlike Scheherazade, however, Mikhail is writing, not to escape death, but to summon the strength to endure. Inhabiting the emotive spaces between Iraq and the U.S., Mikhail infuses those harsh realms with a deep poetic intimacy. The author's

vivid illustrations — inspired by Sumerian tablets — are threaded throughout this powerful book.
