Crystals IV Antonis Anastasiadis, 2018-06-24 4th Battle of the Titans: Clash between Natural and the Supernatural II - The Ascent of the Natural. The Crystals Series is a storyline in the form of a novel which starts from the very beginning of the creation of the Universe, traverses the whole human civilization, reaches the present and continues into the future, summarily following the evolutionary course of human civilization. In the first part of the Clash between the Supernatural – Natural, we followed the evolutionary path of life from 50 million years ago to 200 thousand years ago, we witnessed the first battles between the Supernatural and the Natural, the creation of the Balkan Peninsula, the domination of the mammals, but we followed the separate phylogenetic tree of humankind. A summary reference was made to the educational/training system necessary for the development of sentient beings at the three spiritual levels, the ten -faces-, the three consciences, the four paths and the five plagues that directly and indirectly impact on their lives. In the second part of the Clash between the Supernatural – Natural, 200 to 100 thousand years ago, we witness the slow-paced developmental modification of the Homo sapiens-sapiens, during which, life begins to acquire full self-knowledge. The final trial and oath-taking of Zeus as the Warrior of the Light take place as well as his efforts to take responsibility for reinstating the Natural Forces. Clashes of epic proportions, battles of the Titans and dwells between the Titans and the Olympians dominate the scene. In the 4th Battle of the Titans, we are witnessing the turning point of nature to the logical, the incarnation of nature with life and its rationalization by Homo sapiens-sapiens. It is the sentient being through which the universe is trying to acquire self-knowledge and self-realization. So, on the one hand, we are witnessing the undiscernible and insurmountable difficulties through which the White Crystal will eventually reach Mount Olympus in the hands of Zeus, and on the other, the easiness with which the Black Crystal will reach Othrys in the hands of Cronos. We are witnessing in fact, the conflict between the rational and the irrational and the transition of man to the logical. Man has fought hard during this transition. His mind was aflame for a series of thousands of years in his effort to address his difficult and inscrutable questions. At the end, he came out victorious, he moved on, but it was a futile victory, since he got carried away into metaphysical and supernatural escape routes. So, the metaphysical and illogical remains latent in his everyday reality and in every one of his thoughts, and emerges in every difficulty. Such titanic battles were fought inside the human mind.

But these animals aren't just pets with cool names ... Meet Zeus, a tiny hamster with a mighty appetite for power. His cage sits atop a high shelf so he can watch the other pets from above. But being king of the gods is a tough job: You've got to issue orders and decrees, make sure to stay in tip-top shape by running on your exercise wheel, and most importantly, lead your minions on epic journeys. And Zeus the Mighty has one giant task in front of him: Find the Golden Fleas and solidify his position before the other gods rebel. Crystals III Antonis Anastasiadis, 2018-03-08 The series Crystal starts from the beginning of the creation of the universe and permeates the entire human culture. It then reaches the present and will continue into the future, briefly following the evolution of human civilization. In the first book 'First Battle of the Titans: Vacuum-Otherworldly conflict (13.85 to 5 billion years ago) we witnessed the beginning of the fictional series Crystal, which started in a Greek provincial town. In this town an object with transcendent abilities was discovered. Studies on this object have shown great results and with this very object a cosmic journey began. In this cosmic journey we traveled back in time and witnessed the creation of the universe. In the second book Second Battle of the Titans: Worldly-Supernatural conflict (5 billion to 50 million years ago) we watched through the cosmic journey of Titanic forces contributing to the creation of our galaxy, our solar system, the creation and manufacturing of planet Earth, the emergence of life on Earth and its evolutionary path. Additionally, we also watched the clash of the Titans' forces led by Saturn with otherworldly forces under the command of Heaven. In the third and fourth book, Third battle of the Titans: Supernatural-Natural Conflict (50 million years to 100,000 years ago) the Olympian gods dominate, led by Zeus. The evolution of life occurring on planet Earth, the dominance of mammals and human phylogenetic branch are presented in the form of epic duels and fights. The evolution of man arrives until Homo sapiens. Particular emphasis is given to the human and the evolutionary steps of humanization, from the primates to hominids (Hominoidea), then to the Australopithecines and then onto the Homo. Continuing this magical journey through myth, metaphors, real events and real scientific knowledge, in the next books the reader will explore the universal culture from the creation of the universe until today.

The Natural Theory of DEALISM: 'Quest for a Better Understanding Between Humanity and Nature' for 'A Better World' ,

The Rhetoric of Seeing in Attic Forensic Oratory Peter A. O'Connell,2017-03-01 In ancient Athenian courts of law, litigants presented their cases before juries of several hundred citizens. Their speeches effectively constituted performances that used the speakers' appearances, gestures, tones of voice, and emotional appeals as much as their words to persuade the jury. Today, all that remains of Attic forensic speeches from the fifth and fourth centuries BCE are written texts, but, as Peter A. O'Connell convincingly demonstrates in this innovative book, a careful study of the speeches' rhetoric of seeing can bring their performative aspect to life. Offering new interpretations of a wide range of Athenian forensic speeches, including detailed discussions of Demosthenes' On the False Embassy, Aeschines' Against Ktesiphon, and Lysias' Against Andocides, O'Connell shows how litigants turned the jurors' scrutiny to their advantage by manipulating their sense of sight. He analyzes how the litigants' words work together with their movements and physical appearance, how they exploit the Athenian preference for visual evidence through the language of seeing and showing, and how they plant images in their jurors' minds. These findings, which draw on ancient rhetorical theories about performance, seeing, and knowledge as well as modern legal discourse analysis, deepen our understanding of Athenian notions of visibility. They also uncover parallels among forensic, medical, sophistic, and historiographic discourses that reflect a shared concern with how listeners come to know what they have not seen.

The Sky Throne Chris Ledbetter,2017-04-18 When the family of young Zeus is attacked by Hyperion, Zeus's mother is knocked unconscious and his best friend is left for dead. Stacking epic insult upon fatal injury, Zeus discovers the woman who raised him is not his biological mother. But to ensure her safety while she recovers, a heavyhearted Zeus leaves her behind to seek answers at Mount Olympus Preparatory Academia. Zeus embarks on a quest to discover who ordered the attack on his home, avenge the death of his friend, and find his birth mother. When some of his new schoolmates vanish, Zeus's quest is turned upside down, and the only way to make things right is to access the power of the Sky Throne, confront a most dangerous enemy, and take his life back. On his way to becoming king of the Greek gods, Zeus will learn to seize power, neutralize his enemies, and fall in love.

Fate of Storms Meredith Wild,Angel Payne,2021-05-04 A stolen destiny. An impossible quest. Kara Valari has broken one of the underworld's highest laws and is serving the ultimate sentence. But nothing—not even the impossible quest of breaching the boundaries of hell and facing off with Hades himself—will keep Maximus Kane from rescuing her. The journey will demand all of Maximus's courage...and help from an unlikely guide. Driven by love, he sets off into a dark realm he only knows from the tattered pages of Dante's Comedy. In hell's bleak world, every part of Kara's soul is subjected to Hades's morbid fascination and merciless assault. Giving in to his demands means sharing the intimate details of why she dared to disobey him—a love for Maximus that, even now, burns on in her heart. Just when Kara resolves herself to an eternity of her nightmare, she discovers a glimmer of hope...a way to glimpse her beloved. Could her visions of Maximus unite them once more, or are they just another twisted punishment for her in a kingdom designed for agony? In those fleeting moments of light and passion, Kara rekindles her fight to survive. Darkness may still separate her from Maximus, but they're connected by fate. But can their love survive this storm?
