Žite ako mačka Stéphane Garnier,2023-01-01 Naši štvornohí priatelia už dávno pochopili, o čom je život. Mačka je slobodná, pokojná, všímavá, opatrná, elegantná, charizmatická, nezávislá, hrdá, samostatná. Tieto obdivuhodné vlastnosti môžete v sebe náhko a každý deň rozvíjať aj vy, ak sa budete inšpirovať jej životným štýlom. V tejto knihe vám Stéphane Garnier a jeho mačací spoločník Ziggy krok za krokom ukážu, ako sa vám môže zlepšiť život, ak si vezmete príklad z mačky.

A Complete Concordance to Wolfram von Eschenbach's

Parzival Clifton D. Hall,2020-01-31 Originally published in 1990, this massive work of scholarship provides an invaluable reference tool for efficient textual investigation to a medieval masterpiece and one of the most significant Middle High German poems. Function words and selected high frequency words with related forms, omitted from many concordances, are given in single verse context in the Verse Concordance. The shorter format offers enough information for most research needs, and certainly enough to indicate where recourse to the text itself is required. While the Key Word in Context (KWIC) concordance is in traditional text-order, headwords in the verse concordance are sorted on neighbouring words to the right to reveal patterns which would otherwise remain undisclosed because of sheer numbers.

The Cambridge Companion to Eighteenth-Century Opera

Anthony R. DelDonna, Pierpaolo Polzonetti, 2009-06-25 Reflecting a wide variety of approaches to eighteenth-century opera, this Companion brings together leading international experts in the field to provide a valuable reference source. Viewing opera as a complex and fascinating form of art and social ritual, rather than reducing it simply to music and text analysis, individual essays investigate aspects such as audiences, architecture of the theaters, marketing, acting style, and the politics and strategy of representing class and gender. Overall, the volume provides a synthesis of well established knowledge, reflects recent research on eighteenth-century opera, and stimulates further research. The reader is encouraged to view opera as a cultural phenomenon that

can reveal aspects of our culture, both past and present. Eighteenth-century opera is experiencing continuing critical and popular success through innovative and provoking productions world-wide, and this Companion will appeal to opera goers as well as to students and teachers of this key topic.
