Zombie City M. F. Soriano, 2014-10-09 Hipsters. Shane hates them. They dress like artists, but they think like yuppies. They drive up the cost of living in San Francisco, making it nearly impossible for people like Shane to survive. And now they're starting to act really weird, moaning and shuffling and trying to bite...A terrifying sickness is spreading through the city, transforming the streets into a nightmare of cannibalism and murder. Shane joins forces with a ragtag band of misfits— Mexican punks, butch Chinese lesbians, Castro bears and Oakland thugs—to seek shelter and stay alive. But safety doesn't always come in numbers. And chaos isn't always unplanned. San Francisco is dead. Welcome to Zombie City.

Zombie City Thomas Katz,2012-11-01 Welcome to Island City: a filthy, sprawling, island metropolis filled with crime, corruption, and, oh yeah...zombies. Except these are not your garden-variety, brain-dead, stumbling zombies. Far from it.Shortly after the zombie apocalypse, a mutated strain of Zombie-ism began leaving some of the infected as sentient, functional human beings in full possession of their mental faculties...but still craving brains. Those who've been able to control their violent urges have been corralled onto Island City's long-forgotten nuclear waste dump now known as Zombie Island. Now, four years later, the island has become little more than a crowded, festering prison for the world's two million "safe" zombies, known as Z-Positive humans, or zeeps...and some of them are getting restless. Very restless...

Escape from Zombie City Ray Wallace,2015-01-30 One morning, you awake to find the city you call home has been overrun by the living dead. The news reports say it's the result of a government experiment gone wrong, and advise citizens to

remain indoors to wait for aid. But you're not getting any safer, and you'd be wise to get out of town while you can. The zombies aren't your only concern, however. Thieves, cults, roadblocks, gun-nut survivors, and military defenses are just some of what you'll have to deal with as you make your escape. It's the one little thing you don't expect, one wrong turn, one bad decision that will get you killed. It will take more than guts and a gun to get you out alive. Use your knowledge of the event, your instincts, and every ounce of your luck. Maybe it will be enough. Maybe you'll find the One Way Out and... Escape from Zombie City.

The Last City: A Zombie Novel Michael J. Totten, 2019-11-27 The stunning, final chapter in the Resurrection Trilogy The end has come. Seattle has burned to the ground. The Rocky Mountain West is as empty as a moonscape. But the eastern United States is teeming with the infected, with militias, with bandits . . . and worse. Annie Starling is still alive, though, and she carries a great and terrible secret. If she and her companions can make it all the way to Atlanta, they might be able to save whatever scrap of civilization remains. But they can't get there alone, and the men who say they can take her may pose the most dangerous threat to her yet. Critical Praise for the Resurrection Trilogy

"Riveting! Nail biting! A couldn't-put-down read that kept this Walking Dead fan on the edge of her seat." –Annie Reed, author of The Patient Z Files
"For fans of World War Z and The Walking Dead, Michael J. Totten's Resurrection is the novel you've been waiting for." –Scott William Carter, author of Ghost Detective
"Resurrection dragged me in from the first page, with fast-paced, suspense-filled action and multi-layered and totally believable characters. Painting a vivid and gritty picture of a post-apocalyptic Northwest, Totten puts us into the minds and emotional struggles of a group of mismatched survivors forced to band together for protection even when they're on the verge of ripping each other apart. He also wrote one of the scariest passages I've read in any horror or suspense story... so be warned if you're afraid of the dark, or water, or both." –JC Andrijeski, author of Rook

Dead City Saga James Ponti, 2021-07-06 Discover the truth about who really lives above and below New York City with the entire Dead City trilogy—now available in one volume! I hate zombies. I know that sounds prejudiced and I'm sure some are probably nice to kittens and love their parents. But it's been my experience that these are the exceptions to the rule. Meet Molly Bigelow. She's recruited to become a zombie hunter just like her mother. As part of an elite team, OMEGA, her job is to protect the living—and the almost living—who share the island of Manhattan. Molly has to come to terms with the idea that

zombies exist, and that it's her job to help police them and keep the peace. At the same time, she just wants to be a regular kid. But can she figure out how to do that when her mother was the most feared—or most revered—zombie hunter in the history of New York City? Molly's missions take her from the Macy's Thanksgiving Day parade to New Year's Eve in Times Square as her loyalties and relationships are tested. This omnibus edition includes: *Dead City Blue Moon Dark Days*

Dead City Sean Platt, Johnny B. Truant, 2017-03-12
From the bestselling authors of the Invasion and Yesterday's Gone series comes Dead City, a gripping biological technothriller that blends real-world genetic engineering and high-stakes corporate espionage to deliver a heart-pumping race against the clock to save humanity from the zombie plague... One drug saved the world. Now, the same drug threatens to destroy it. Rising star Ian Keys has climbed to the top rungs of pharma

giant Hemisphere – creator of Necrophage, the drug that paused the necrotic outbreak and allowed the infected to live among us. Ian's new position gives him access to dangerous secrets that could ruin the company. When ominous hints from an anonymous insider set him on the hunt for the biggest secret of all, he discovers that the cure the company gave the world might not have been a cure at all. Now men are watching Ian's house. They're following his wife wherever she goes. When he's called to CEO Archibald Burgess's office, he's taken by armed guards – then plied with vague threats. What would happen if Necrophage failed? Burgess asks. What would become of our society if the disease were allowed to progress again ... and all of our well-behaved patients slowly turned feral? There's only one person Ian can take his case to: reporter Alice Frank, who's been trying to blow the whistle on Hemisphere for years. But is there time to save what's left of the world ... or has the inevitable slide back into chaos already begun? *Dead City* is the first book in the *Dead World Trilogy*, an intelligent, hard science fiction exploration of the zombie subgenre.
