**Zombie Escape** Ee Isherwood, 2018-07-17 Death walks on a billion legs The world of zombies has reached a tipping point. The cure is out there, but can it be unlocked before the number of infected swells beyond counting? Liam and his girlfriend climb out of the Mississippi River after having survived twenty days of the zombie apocalypse. Their many adventures while looking for the cure could probably fill a book. However, today, only one thing matters to them: escaping the horde. Marty Peters is also on the run nearby, but the horde is not after her. She is pursued by just one zombie. It doesn't sound like much, but the fear is every bit as real, because it also happens to be her son. Liam and Marty must find ways to evade the looming zombie threats in the nearby farmlands, but ultimately their only hope is to find each other. Each of them contains biometric data necessary to unlock the ultimate cure. That salvation is three states over and beyond cities full of zombies. They'll be pursued the whole way. Let the escape begin. --- This book was originally published as a standalone. Due to reader demand, I've re-labeled the story as book 7, putting it where it belongs in the journey started in book 1, Since the Sirens.

**Zombie Escape** E. Isherwood, 2018-07-17 10 Million Zombies. 3 Survivors. 1 Cure. The world of zombies has reached a tipping point. Liam and his girlfriend climb out of the Mississippi River after having survived twenty days of the zombie apocalypse. Their many adventures while looking for the cure could probably fill a book. the fear is every bit as real, because it also happens to be her son. Liam and Marty must find ways to evade the looming zombie threats in the nearby farmlands, but ultimately their only hope is to find each other. Each of them contains biometric data necessary to unlock the ultimate cure. That salvation is three states over and beyond cities full of zombies. They'll be pursued the whole way. Let the escape begin. --- If you are interested in what happened in the first 20 days of this zombie outbreak, you can read books 1-6 of E.E. Isherwood's Sirens of the Zombie Apocalypse series. However, Zombie Escape begins a new chapter in this universe, and there is no requirement to read the earlier volumes.

Running to Escape Robert Schobernd, 2020-10-18 Sam Boyle knew he had procrastinated far too long before leaving Oklahoma ahead of the zombie invasion he was positive was working its way north. The night he escaped, he came upon a wrecked car and gave JR Johns a ride. That generous, caring act changed his life forever. Thus, began an exciting, action-packed tale of survival against an unstoppable zombie horde second only to evil rogue humans. As they headed for the Canadian border, they witnessed the failure of the countries support systems and the onset of debilitating fear gripping the human race. Sam and JR quickly learned the danger from humans surpassed that of the undead as they fought to survive in a dying world.

**The Escape** J. Rudolph, 2015-11-23 A chance at freedom from zombies forces an American nurse and her family to consider a deadly journey in this horrifying sequel to The Highway. When the world ends, what will you fight for? As the zombie apocalypse rages on, Cali and her family find refuge in Idaho...but it's not enough. She knows the ugly truth: hand-to-mouth, hard-scrabble "survival" is just

slow suicide. If they hope to live, really live, her family, her friends, her community must thrive. At first a small town in Montana, hundreds of miles away, looks like the answer. Then Cali receives a message of hope from an unlikely source, telling them about Ireland: a safe zone, free from the undead. She and her allies must make an impossible decision: do they risk their lives crossing the country—and the Atlantic Ocean—to reach a zombie-free home, or do they stay put and make the best with what they have? With the undead attacking from every side...how far will they go to feel truly alive once more? Praise for *The Complex* “I really enjoyed *The Complex*. . . . *Soldier On* Shawn Chesser, 2012-08-01 Cade Grayson, ex Delta Force operator narrowly escaped Portland, Oregon ahead of the massive exodus. He eventually ended up leading a group of survivors through the western high desert, losing five of them violently along the way. After battling zombies and humans across the west, and still unsure of the well being or whereabouts of his family, Cade soldiers on alone, eastbound, locked and loaded. *Soldier On* is Book Two in the *Surviving the Zombie Apocalypse* series, picking up on day four where *Trudge: Surviving the Zombie Apocalypse* left off. Day one began the same as any other Saturday in Portland, Oregon. After months of rain people were out and about enjoying the sights and sounds of summer. Cade Grayson dropped his wife Brook and daughter Raven off at Portland International Airport. They were bound for Myrtle Beach, South Carolina to visit Brook's parents. On that eye opening first day, Cade's introduction to the new world was hard to wrap his mind around. He was forced, in self defense, to kill his infected neighbors Ted and Lisa. Pioneer Courthouse Square, nestled in the center of downtown Portland, was but one of the many flashpoints of a viral outbreak in the United States. By evening all of the hospitals in and around Portland were ravaged and teeming with ravenous walking dead. There was no triage, no way to

cure them and by evening, for those unfortunate enough to be in a major metropolitan area, no way to escape them. Day two saw Washington D.C. fall to the reanimated hordes in search of human flesh. After declaring martial law and calling back all of the soldiers, airmen and marines from overseas, President Bernard Otero was never heard from again. Former Speaker of the House and now President by succession Valerie Clay is saddled with the seemingly insurmountable task of leading the country back from the brink of what may prove to be mankind's Extinction Level Event. Her first order of business is to set up a safe haven in Colorado Springs as the new Capitol of the United States. Delta Force commander Mike Desantos embarks on a new mission with his small team of Tier-One operators. They must rescue critical personnel from the Center for Disease Control in Atlanta, Georgia and retrieve any useful information they have gleaned concerning the Omega virus. Cade Grayson, ex Delta Force operator narrowly escaped Portland, Oregon ahead of the massive exodus. He eventually ended up leading a group of survivors through the western high desert, losing five of them violently along the way. After battling zombies and humans across the west, and still unsure of the well being or whereabouts of his family, Cade linked up with retiree Harry Conrad and Vietnam-era aviator Duncan Winters in Draper, Utah at Camp Williams, garrison for the 19th Special Forces Group. While suffering a night of fitful sleep trying to block out the moans of the living dead, Cade made the decision to leave the base and soldier on alone, resuming his cross country search for his loved ones. Can Valerie Clay bring the United States back from the brink and find a way to deal with the millions of undead? Will Cade Grayson survive long enough to find his wife and daughter... still alive? Can Mike Desantos complete his mission to the CDC and return to

Colorado Springs in time to attend the birth of his first boy?  
Or will the insatiable dead succeed in breaking the  
indomitable spirit of mankind...?
