The Christian Zombie Killers Handbook Jeff Kinley,2011-10-10 Ben Forman was just an ordinary guy, a young professional starting his first job and falling in love with his girlfriend. Living on the outskirts of a southern city, he didn't think the zombie activity so common in metropolitan areas would hit so close to home. But it was becoming clear that the mysterious infection reanimating the dead would soon be a worldwide epidemic. Cutting-edge and culturally relevant, The Christian Zombie Killers Handbook is a unique combination of fiction and nonfiction. It delivers a fresh approach to sin, grace, and salvation, exposing the raging beast within us all, and how to overcome life as a zombie. Endorsements Jeff Kinley has found a way to communicate God's grace to a new audience. The Christian Zombie Killers Handbook is culturally relevant, deeply perceptive and really inspires us to discover the truth for ourselves. In this volume, you will find a gripping, face-paced zombie survival story as good as any you'll read in a mainstream horror novel or see in the latest Romero film. But, you'll also find a parallel commentary providing a startlingly honest insight and unique perspective on our struggle with sin. ?Sean T Page, author of War against the Walking Dead & The Official Zombie Handbook.

Essay from the Dead Zone Frank Jardim,2015-11-13 After a worldwide zombie apocalypse caused the near extinction of the human race in 2012, the rural Kentucky city of Elizabethtown was transformed into a fortress for humanity thanks to the combined efforts of survivors from the

region. Taking the name Live E-town, this survivor enclave stood up a force of contracted Zombie Killers to protect itself. Known as ZKs, these resourceful mercenaries defend Live E-town's borders and make war on the undead and human raider bands that inhabit the dangerous Dead Zones that surround them. By 2014, Live E-town's ZKs are the dominant living force in the Dead Zones in a hundred mile radius. Their offensive operations have pushed a perimeter out five miles into the farmland surrounding the town, diverted and exterminated scores of undead herds, suppressed most of the raider groups, rescued thousands of survivors, and recovered hundreds of tons of survival critical resources. Live E-town is a beacon of hope for mankind's continued existence but survival remains a daily battle, the outcome of which has yet to be determined. The war to take the world back from the undead is only in its initial engagements. *Essays From The Dead Zone* is a guide for offensive operations against the undead written by a pragmatic, knowledgeable, combatant. It originally appeared in Live E-town in late 2014 as *Zombie Killer Handbook*, a training manual for new recruits to the contract ZK force. It is a collection of essays on ZK equipment, weapons, tactics, missions and threats in the Dead Zones. It is heavily illustrated with photographs from actual operations. The essays are all reluctantly authored by a famed, and perhaps infamous, ZK captain called Soo-Z. She is in charge of the ZKs stationed at Outpost #7 on the eastern perimeter of the town and is as much feared as respected. Soo-Z gets to the crux of matters quickly with experience based know-how, authority and surprising humor. Beyond her fascinatingly detailed accounts of the ZKs' harrowing work in the Dead Zones, the essays give the reader a glimpse of the sensibilities and values of a post-apocalyptic survivor turned warrior.

Body Count Carina Sanfey, 2015-07-23 Pretty, popular seventeen-year-old Jenny Masterson has it all; the hot boyfriend, the big house, the coveted position of most popular girl in the school. When a strange man tells her she is destined to fight zombies, she knows destiny must have got it wrong; she doesn't have time to fight zombies. Much to her dismay, Jenny soon finds out that there's no escape from the undead; even worse, there are other, more fearsome powers in town that not even the strange man who warned her about the zombies understands. Is Jenny now condemned to spending the rest of her days fighting the undead and other things, and will her relationship with Rob be able to survive?

Irregular Scout Team One J. F. Holmes, 2017-01-03 Are you a huge fan of *The Walking Dead*? *World War Z*? Do your passions run to the end of the world? This book is for you! Are you a veteran who watches Hollywood movies that depict the military inaccurately and want to throw your combat boot through the TV? This book is for you! Sometime in the near future, a few years after the *Zombie Apocalypse* has devastated the world, a small group of soldiers (sort of) is covering the United States Army's advance back into Upstate New York and the Hudson River Valley... The team is what this book is about. How men and women work together to overcome obstacles, deal with loss, and form an efficient fighting unit. *IST -1* contains all eight volumes of the best selling *Zombie Killers* series.

Phil Watts, Zombie Killer David Allen, 2014-07-05 Imagine one day you are a paramedic trying to bring people back from the dead, and the next day they are coming back from the dead by themselves, then trying to bite you. This is what has happened to Phil Watts. Now he is holed up in a looted superstore, besieged by thousands of zombies. Knowing he is probably going to die Phil writes his Last Will and Testament although the only possessions he has are the clothes he is wearing, a Glock pistol with two rounds of ammunition and two blow up sex dolls he has promised to rescue. This story is about how he came to be here, and what happens next. Contains explicit language, violence and sex with dead people. What more could

you ask for? In a world where even your own family might come back from the dead and try to kill you, who do you turn to for help? You ring 999 of course! Unfortunately for you the Paramedics and Police of Plymouth have decided that self preservation comes first, and fun comes a close second. Patients and people in difficulty come along way down on the list of priorities. Shooting, clubbing and even bullfighting have replaced the drugs and defibrillators of the Ambulance Service in this short but very funny novel by a man who has, apparently, spent many a night shift with his colleagues planning their response to a zombie outbreak.

George Washington Zombie Slayer David M. Wiles, David Wiles, Dr, 2014-09-11 George Washington Zombie Slayer is a comical parody and historical satire of America's Greatest Founding Father. As an eleven year old boy in Colonial Virginia, young George Washington first encounters the wild, ferocious zombies that would cause his father's death and shape his own destiny. In later years, the adult Washington finds prosperity, wealth and true love with his fiancée Martha, even as he discovers a sinister plot by the British to enslave America through the use of British Zombie Soldiers! Compelled by both honor and duty to oppose the British, Washington takes up the fight against the evil General Cornwallis and his plot to use Zombie Redcoats to crush American freedom! Can George Washington prevent a Zombie Apocalypse in Colonial America? The mission seems impossible! But with advanced martial arts training from the Ninja Thomas Jefferson, the high-tech 'electrical assault weapons' of the genius Benjamin Franklin, and the ever-present assistance of his weed-smoking slave Reebcock, witness the untold tale and heroic transformation of George Washington from military general to unstoppable Zombie Slayer! It's George Washington versus the walking dead in this comic, science fiction, historical, action-adventure epic! (Recommended for readers age 18 and over due to crude humor, mild drug use, silliness, repeated poop jokes, vulgarity and profanity).

The Zombie Killers J. K. Norry, 2016-10-21 The zombie apocalypse is exactly what they have been training for... Julia's Family is a unique bunch. They are not the people that have the same blood running through their veins as her; for Julia, her team is her family. Their entire lives have been dedicated to facing this day. Lisa's List used to be full of all kinds of things to do. With her focus narrowed to just one item, she's convinced it will be done. Lisa knows more about zombies than almost anyone; she has a lot to learn. Leo's Heart is not something he wears on his sleeve. No matter the circumstances, Leo is best known for keeping his cool. Of course, this is the first time he has actually faced a full-on zombie apocalypse. The Zombie Killers is the fourth volume in the Zombie Zero short story collection. It follows a unique group of very brave heroes as they battle the catastrophe documented in Zombie Zero: The First Zombie.

Changed Carina Sanfey, 2015-07-17 Sixteen-year-old Rachael Morgan likes a quiet life; she has a total of one friend, and that's quite enough for her. She longs to leave Ennistubret, and she only has two years of school left; all she has to do is keep her head down. The last thing she needs is for zombies to invade Ireland and hunt her down; a strange man tells her that she has been chosen to fight them, that she alone can save Ennistubret from being over-run by the undead. At first, she dismisses his claims, but eventually comes to realise that she has no choice in the matter; she is a Killer of the Undead.

Winston the Zombie Killer Fatima Malik, 2021-01-11 An emotionally unintelligent 18-year-old Winston wakes up to a zombie virus outbreak. Only adults seem to be affected while kids run around losing their minds . . . or brains? Together, a 15-year-old genius Jason B (who seems to be taking this very well), and Winston fight to get out of town and make unexpected friends along the way. Keeping track of his zombie kills was hard enough, now he has to go hunting for a special zombie too? As Winston narrowly misses being bit, the death grip causes further complications to an otherwise successful quest . . .

The Christian Zombie Killers Handbook Jeff Kinley, 2011-10-11 The Christian Zombie Killers Handbook delivers a fresh, relevant look at the

doctrines of sin, grace, and salvation. Ben Forman was just an ordinary guy, a young professional starting his first job and falling in love with his girlfriend. Living in the outskirts of a southern city, he didn't think the zombie activity so common in the major cities would hit so close to home. But it was becoming clear that the mysterious infection reanimating the deceased was a growing epidemic across the country. The question was, would he stay alive or become the undead? In this one-of-kind approach to teaching about sin, grace, and salvation, *The Christian Zombie Killers Handbook* tracks the fictional life of Ben Forman and offers solid Bible teaching to help readers understand the gravity and consequences of life without God, of life as a zombie. Ephesians 2:4-5 says, But because of his great love for us, God, who is rich in mercy, made us alive with Christ even when we were dead in our transgressions--it is by grace you have been saved. Without the salvation Jesus offers, we are all as good as dead. But as this book teaches in a winsome, cutting-edge, culturally relevant style, anyone can kill the zombie inside, escape the clutches of the undead, and come alive by the supernatural power of God's salvation.

Zombie Killer Handbook Frank Jardim, 2012-08-10 After a viral zombie apocalypse decimates the world population in 2012, a rural Kentucky city (Elizabethtown) is transformed into a fortress for humanity thanks to the combined efforts of survivors from the region. Taking the name Live-E-town, this survivor enclave stands up a force of contracted Zombie Killer's. Known as ZKs, these resourceful mercenaries defend Live E-town's borders and make war on the undead and human raider bands that inhabit the dangerous Dead Zones. By 2014, Live E-town's ZKs are the dominant living force in the Dead Zones in a hundred mile range. Their offensive operations have pushed a perimeter out five miles into the farmland surrounding the town, diverted and exterminated scores of undead herds, suppressed most of the raider groups, rescued thousands of survivors, and recovered hundreds of tons of survival critical resources. Live E-town is a beacon of hope for mankind's continued existence but survival remains a daily battle, the outcome of which has yet to be determined. The war to take the world back from the undead is only in its initial engagements. The *Zombie Killer Handbook* stands out as a unique work of fiction in the undead genre for its content and style. Unlike similarly titled books, which are mostly boring re-edited military manuals, the *Zombie Killer Handbook* is terse, focused, detailed with personal experience, always logical and often darkly funny. This is a guide for offensive operations against the undead written by a pragmatic, knowledgeable combatant. It was published in Live E-town in late 2014 as a training manual for new recruits to the contract ZK force. It is a collection of essays written by a well known and highly regarded ZK on the equipment, weapons, tactics, missions and threats in the Dead Zones. The last few pages are illustrated with ZK recruiting posters which reveal the origin of this imaginative book. It was written as a companion text for a series of competitive shooting events done by www.ZombieShootingCompetition.com. The fictional essays are all reluctantly authored by a famed, and perhaps infamous, ZK Captain called Soo-Z. Little of this unlikely pony-tailed heroine's life before the apocalypse is revealed but it becomes apparent that she is Asian born, of slight stature, not out of her 20s, solitary and guarded in personality, deeply religious and violent in temperament and action to the extent that would be alarming anytime other than a zombie apocalypse. Nobody knows why she was in Kentucky when the apocalypse took place but she distinguished herself in the pivotal battles that saved Elizabethtown and afterward carried the fight to its undead (and living) enemies with messianic zeal. She is in charge of the ZKs stationed at Outpost #7 on the eastern perimeter and is as much feared as respected. Soo-Z's essays get to the crux of matters quickly with experience based knowledge and authority and surprising humor. Beyond the fascinatingly detailed accounts of the ZKs harrowing work in the Dead Zones, they give the reader a glimpse of the sensibilities and values of a post-apocalyptic survivor turned warrior. She writes, Unfortunately, not all the survivors are worth saving. Life in the Dead Zone for any length of time can do a lot of psychological damage. You develop major trust issues to say the least. The infected obviously don't go back to Live E-town. Neither do perverts, violent criminals, or the dangerously insane. A ZK makes a lot of judgment calls in the Dead Zone. In her essay on supply acquisition she laments, Just as the shock of living through the apocalypse was starting to

wear off, there was the additional shock of realizing how fast we were running out of the material things we thought we needed to live. As a woman, I think I can speak for my gender as a whole, the loss of toilet paper seemed like a fatal blow. This book is a must read for the zombie apocalypse genre fan
