Henry,2011-02-01 With her zombie gal pal Wendy and vampy sidekick Gil, celebrity party girl Amanda Feral is ready to take a big bite out of Seattle's supernatural nightlife. But what's a zombie chick to do when her Mommie Dearest gets sick? If you're Amanda Feral, you can either ignore the wicked old witch--or bury the past by visiting Ethel before she kicks it. Packing their stiletto pumps and plasma into a sketchy rattrap on wheels that used to be a Winebago, Amanda, Wendy, and Gil hit the highway. Of course, they'll have to navigate past some neo-Nazi skinheads, a horny dust devil, a hunky werewolf cop, and an unsightly horde of Kmart shoppers. But for this glamorous gang of ghouls, this trip is about to take a dangerous detour that could give road kill a brand new meaning. . . Praise for Mark Henry and His Amanda Feral Zombie Novels Fun, fun stuff. I'll never think of zombies in quite the same way again. Road Trip Z. Matt P. Norman, 2023

**Zombie Road** David A. Simpson, 2017-10-08 Book 1 of 3 in a thrilling new series. The people that tried to kill the world were fiendishly clever. After decades of planning, the contagion was unleashed and overnight hundreds of millions died and came back as rampaging, undead monsters. The living that had been lucky enough to survive the first day of carnage, lucky enough to be in the right place and lucky enough that some of them had the skills they needed, soon found out there was much more to worry about than just zombies. In the high desert on the outskirts of Reno, there is an old truck stop frequented by a mix of hard caliber truckers, day tourists, musicians and travelers. They have survived the chaotic first hours of contact with the undead and now must make their

way across the country to a location they believe is safe. Zombies are only the beginning of their troubles as they try to cover the thousands of miles of open road with their hastily armored 18-wheelers. Gunny, a long haul trucker doing one of the few jobs available to him as a disgraced soldier, is unwillingly saddled with the job of getting these survivors to the safe zone. With a motley crew of truck drivers, college kids, veterans, a drug dealer and a rock star, they are racing the clock to make it before time runs out. The last text he had received from his wife before the cell towers went down told him she was trapped in a high-rise in downtown Atlanta and their son was in detention, stranded in the basement of the school he attended. Gunny just wanted to drop the hammer, steal some guns and blast his way in to rescue them but duty called. He had to get these people to safety first, then he could recruit the best of this crew to help him save his family. If they survived the journey.

**Zombie Road IV** David A. Simpson, 2018-06 The world is recovering from a near extinction level event. With hopped up machines and purpose built muscle cars a new breed of men try to right the wrongs and stop the rise of a ruthless warlord.--  
Sludgment Day , 2012

**Fountain of the Dead** Scott T.

Goudsward, 2020-08-20 What started as a night at the theater and a meteor shower ended with the dead walking the planet. Living in a fortified cul-de-sac in the shadow of Boston a group of refugees have etched out their survival. At times they're not sure who to fear more, the zombies wandering the streets or the power mad controller of Boston, Richard Crenshaw. Until the day a crazed environmentalist shows up at the gates with promises of the cure disrupting their lives. With a handful of volunteers, Catherine sets off with her team to follow the half-mad scientist to Florida to where he believes the cure for the zombie plague exists. When they arrive in the swamp they are greeted by unexpected horrors both human and inhuman. The insanity of the scientist, Pierce leads them on a chase through the swamps of Florida searching the cure that ends badly for everyone. ... a wild and terrifying road trip through the apocalypse! This is top notch zombie action, told with an intelligence and energy that had me begging for more. Goudsward writes what I love! -Joe McKinney, Bram Stoker Award-winning author of DEAD CITY and THE DEAD WON'T DIE ... a solid road-trip zombie novel, with a cool cast, plenty of undead mayhem, and a wild finale in the Florida swamps I didn't see coming. Fans of the subgenre will devour this one in no time. -The

Horror Fiction Review ...the ultimate post-apocalyptic road trip, complete with a megalomaniacal villain, an East Coast long race to a possible cure and zombie alligators. What more could a walker fan want or need? Read this book. Read it NOW. -Jan Kozlowski, author of DIE, YOU BASTARD! DIE!

Road Trip of the Damned Jesse Noland, 2017-05-19  
The United States is in ruin; the undead have forced the remnants of humanity into hiding in makeshift settlements. The last hope for humanity to find a cure is a college aged smart-ass. Three soldiers will make a deal that will take them cross country in order to get the cure for the plague of the twenty-first century. Along the way, they will face off with semi-intelligent zombies, religious cults and zombie bears. From the author of 'Dead Boys' comes a different kind of zombie comedy.

**Eat, Brains, Love** Jeff Hart, 2013-10-01 A laugh-out-loud funny, surprisingly romantic, zombie road trip novel filled with heart—and brains. Eat, Brains, Love is perfect for fans of Isaac Marion's Warm Bodies. The good news: Jake's dream girl, Amanda Blake, finally knows his name. The bad news: it's because they both contracted a mysterious zombie virus and devoured the brains of half their senior class. Now Jake and Amanda are on the run from Cass, a teen psychic sent by the government's top-secret Necrotic Control Division to track them down. As Jake and Amanda deal with the existential guilt of eating their best friends and set off in search of a cure for the zombie virus, Cass struggles with a growing psychic

dilemma of her own—one that will lead all three of them on an epic journey across the country and make them question what it means to truly be alive. Or undead.

*Zombie Road VIII* David A Simpson, 2021-04-22 His fingers knew how to fight. His hands knew the ways of war. Gunny, Griz and the crew have one more mission south of the border, the Traveler is looking to right some wrongs and Jessie is trapped in a faraway place. The undead hordes are as vicious as ever and a simple rescue mission gets real complicated real quick. An orphaned girl, a community on an island, a hunt for a goat and the Mona Lisa help the jaded Traveler find his place in a world that isn't his. While Jessie waits for Scarlet to heal, his mysterious protector may be more human than anyone thought. This is the final two-fisted, gas guzzling, gear grinding thrill ride of the *Zombie Road* saga. More tales to come but this concludes the story that started with the *Convoy of Carnage*. Scroll up and grab your copy today!

Undead with Benefits Jeff Hart, 2014-08-26 With its heartwarming blend of guts, romance, and humor, this road trip-ready sequel to *Eat, Brains, Love* is *The Walking Dead* meets John Hughes. Jake and Amanda are in love, on the run—and undead. They've picked up a new psychic friend, ex-government-zombie-hunter Cass, and are making a break for Iowa, where a cure for the rapidly spreading zombie virus is rumored to be waiting. But in order to find it, they have to contend with an unlikely undead warlord, ghoulish-infested cornfields, a psycho psychic out for blood, and

their own super-awkward love triangle—all before Iowa goes up in flames. Every reader with a pulse (or without one) will devour Jeff Hart's surprisingly romantic and laugh-out-loud funny take on friendship, love, and finding the meaning of (un)life in an eat-or-be-eaten world.

**Blue Highways** William Least Heat-Moon, 2012-04-03  
Hailed as a masterpiece of American travel writing, *Blue Highways* is an unforgettable journey along our nation's backroads. William Least Heat-Moon set out with little more than the need to put home behind him and a sense of curiosity about those little towns that get on the map—if they get on at all—only because some cartographer has a blank space to fill: Remote, Oregon; Simplicity, Virginia; New Freedom, Pennsylvania; New Hope, Tennessee; Why, Arizona; Whynot, Mississippi. His adventures, his discoveries, and his recollections of the extraordinary people he encountered along the way amount to a revelation of the true American experience.

**Zombie Road II** David Simpson, 2017-06-05 Book 2 of 3 in a thrilling new series. The people that tried to kill the world almost succeeded. They were fiendishly clever but they didn't take into account the vets, the truckers and the two-fisted fighters who didn't know how to give up. Gunny and his band of survivors continue their journey along the *Zombie Road*, saving as many as they can along the way. They power through the undead hordes with their modified semi-trucks to beat the ticking clock of nuclear meltdowns. Lacy fights her way out of the high-rise office building and the kids who had managed to escape the high school and make

it home face a new enemy. Boredom. New evil raises its ugly head and new heroes are born as they all battle to make it to a place of safety. Get ready for a Bloodbath on the Blacktop.

*The Road Movie* Neil Archer, 2016-01-12 Though often seen as one of America's native cinematic genres, the road movie has lent itself to diverse international contexts and inspired a host of filmmakers. As analyzed in this study, from its most familiar origins in Hollywood the road movie has become a global film practice, whether as a vehicle for exploring the relationship between various national contexts and American cinema, as a means of narrating different national and continental histories, or as a form of individual filmmaking expression.
