Derrick Hernandez and Tess D'Ovidio have been best friends forever. There's nothing they wouldn't do for one another. But their childhood bond is put to the test when Tess shows up on Derrick's porch covered in blood...

Tess has no memory of what happened. She'd gone to a bush party with one of the football players. She remembers the bonfire...and then, nothing. Working backward, Tess and Derrick learn that she and seven other players were the only ones to make it back from the party alive.

During the next few weeks, each of the survivors is plagued with nightmares

that reveal fragments of memories from the horrific night. But when the young men start dying under mysterious circumstances, Derrick can't figure out if Tess is next--or if she's somehow responsible. All he knows is that he has to save his best friend--or die trying...

"Blood and Other Matter is chilling and compelling--the fastest page turner I've read in a long time! From the opening line to the unexpected conclusion, every page kept me guessing. And kept me up at night."--EJ Lawrence, contributing editor Unbound

Kaitlin Bevis spent her childhood curled up with a book and a pen. After graduating college with a Masters in English, Kaitlin went on to write The Daughters of Zeus series, and now a young adult horror novel, *Blood and Other Matter*.

Undead Ultra Camille Picott,2016-03-26 Undead: a reanimated corpse with a craving for human flesh. Ultramarathon: any footrace longer than a traditional marathon (26.2 miles). For ultrarunners Kate and Frederico, a typical Saturday morning is spent pounding out a twenty- to thirty-mile fun run. It's during one of their runs that an insidious illness descends upon northern California, turning humans into flesh-shredding zombies. When Kate receives a desperate call from her son, Carter, she and Frederico flee their hometown and set out to help him. The only problem? Carter attends college over two hundred miles away and the freeways-clogged with car wrecks, zombies, and government blockades-are impassable. Running back roads and railroad tracks becomes their only means of travel, but neither of them has ever run so far before. As pain, injuries, hunger, and fatigue plague them, getting to Carter and staying alive seem impossible. It's either outrun the undead or become one of them, and for Kate, death is not an option.

Daniel Drezner's groundbreaking book answers the question that other international relations scholars have been too scared to ask. Addressing timely issues with analytical bite, Drezner looks at how

well-known theories from international relations might be applied to a war with zombies. Exploring the plots of popular zombie films, songs, and books, *Theories of International Politics and Zombies* predicts realistic scenarios for the political stage in the face of a zombie threat and considers how valid—or how rotten—such scenarios might be. With worldwide calamity feeling ever closer, this new apocalyptic edition includes updates throughout as well as a new chapter on postcolonial perspectives.
