**Action Adventure** Ivan King,action adventure,2017-01-04 Ivan King is an Award Winning and Best Selling Author of over 30 books. His #1 Book on Amazon, Breakfast With Jesus, has become a major success internationally. Mr. King was born in Rio de Janeiro, Brazil, in 1977, though his stay in Rio was to be short lived. Adopted from an orphanage, he was raised in Ipatinga's, Valley of Steel. His favorite author is Hemingway; yet his favorite book, is Steinbeck's Grapes of Wrath. When he is not writing or reading, he plays chess and the guitar. When Ivan was eight, he read his first book, Judy Blume's Superfudge and the rest is history. That's the story behind how the passion for reading began; how it ends...has yet to be written. Currently, he is working on a couple dozen writing projects and turning some of his novels into screenplays. Ivan's first published work, Valley of Steel, is a Fiction Novel loosely based on his life growing up in the favelas, or slums, of Brazil. Favorite quote: "In life, incredible things happen and unforgettable moments do exist; but nothing compares to having been loved by you, and though you rest in peace, I will miss and love you always."

But now they grate to the point of drawing blood. Marc screams in his sleep. And Debs hardly knows the person she's become, or why she lets him hurt her. Neither of them is completely innocent. Neither is totally guilty. Marc is taller, stronger, and more vicious, haunted by a war he can't forget. But he has no idea what Debs is capable of when her children's lives are at stake... **The Action and Adventure Cinema** Yvonne Tasker, 2004-08-19 This exciting collection addresses action and adventure from the silent to the contemporary period exploring diverse questions of aesthetics, industry and ideology. Action has established itself as one of the leading commercial genres of the New Hollywood cinema, generating extensive debate in the process. Contributors consider how action might best be defined, how it has developed historically, and how it works formally. The critical reception and standing of action and adventure cinema is considered in relation to questions of national culture, violence and the 'art' of cinema. Themes explored include genre and definitions; early action, sensation and melodrama; authorship and action; national and transnational action-adventure traditions; action aesthetics; spectacle and narrative; stars and bodies; class; gender; race and ethnicity. Attempting to evaluate the significance of this type of filmmaking for both popular cinema and film studies, the book underlines the central place of action and adventure within film history.

«80s Action Movies on the Cheap Daniel R. Budnik, 2017-05-30 The 1980s was the decade when the action film as it's now known came into being. Nonstop, big-budget excitement became the standard as epic adventures like *Raiders of the Lost Ark* and *The Road Warrior* set the tone for the summer blockbusters of Sylvester Stallone, Arnold Schwarzenegger and Chuck Norris. Homages (and ripoffs) made with lesser budgets followed every hit, especially with the advent of direct-to-video releases. Providing detailed commentary on 284 films, this book explores the excitement, audacity and sheer weirdness of '80s low budget action cinema, from the American Ninja series to dime-a-dozen barbarian pictures to such bargain-basement productions as *The Courier of Death*, *Kill Squad* and *Samurai Cop*.

The Asian Influence on Hollywood Action Films Barna William Donovan, 2014-09-17 Filmmakers of the Pacific Rim have been delivering punches

and flying kicks to the Hollywood movie industry for years. This book explores the ways in which the storytelling and cinematic techniques of Asian popular culture have migrated from grainy, low-budget martial arts movies to box-office blockbusters such as *The Magnificent Seven*, *Star Wars*, *The Matrix* and *Transformers*. While special effects gained prominence, the raw and gritty power of live combat emerged as an audience favorite, spawning Asian stars Bruce Lee and Jackie Chan and martial arts-trained stars Chuck Norris and Steven Seagal. As well as capturing the sheer onscreen adrenaline rush that characterizes the films discussed, this work explores the impact of violent cinematic entertainment and why it is often misunderstood. Instructors considering this book for use in a course may request an examination copy here.

*Music in Action Film* James Buhler, Mark Durrant, 2020-11-16 *Music in Action Film* is the first volume to address the central role of music and sound in action film—arguably the most dominant form of commercial cinema today. Bringing together 15 essays by established and emerging scholars, the book encompasses both Hollywood blockbusters and international films, from classic works such as *The Seven Samurai* to contemporary superhero franchises. The contributors consider action both as genre and as a mode of cinematic expression, in chapters on evolving musical conventions; politics, representation, and identity; musical affect and agency; the functional role of music and sound design in action film; and production technologies.

Breaking new critical ground yet highly accessible, this book will be of interest to students and scholars of music and film studies.

**Gender and Action Films 2000 and Beyond** Steven Gerrard, Renée Middlemost, 2022-11-24 *Gender and Action Films 2000 and Beyond: Transformations* looks at Action Cinema from the old to the new, offering an exciting interrogation of the portrayal of gender in the new millennia. *Inheritance, Or, The Vault of Sands* Christopher Paolini, 2013 Not so very long ago, Eragon - Shadeslayer, Dragon Rider - was nothing more than a poor farm boy, and his dragon, Saphira, only a blue stone in the forest. Now, the fate of an entire civilization rests on their shoulders.

**Action and Adventure** J. Steffens, J Carr, 1983-12 NULL

*Super Bitches and Action Babes* Rikke Schubart, 2014-08-23 With actress Pam Grier's breakthrough in *Coffy* and *Foxy Brown*, women entered action, science fiction, war, westerns and martial arts films--genres that had previously been considered the domain of male protagonists. This ground-breaking cinema, however, was--and still is--viewed with ambivalence. While women were cast in

new and exciting roles, they did not always arrive with their femininity intact, often functioning both as a sexualized spectacle and as a new female hero rather than female character. This volume contains an in-depth critical analysis and study of the female hero in popular film from 1970 to 2006. It examines five female archetypes: the dominatrix, the Amazon, the daughter, the mother and the rape-avenger. The entrance of the female hero into films written by, produced by and made for men is viewed through the lens of feminism and post-feminism arguments. Analyzed works include films with actors Michelle Yeoh and Meiko Kaji, the Alien films, the Lara Croft franchise, Charlie's Angels, and television productions such as Xena: Warrior Princess and Alias.
