1-to-1 at Home Jason Brand,2013 Managing the digital gadgets, gizmos, and games that kids already own is often a challenge, and many parents find that a school-issued 1-to-1 device further disrupts an area in which there are already

conflicts. 1-to-1 devices blur the lines between school and home, between work and play, between tool and toy. Many parents could use some help in setting boundaries. Written from the perspective of a family therapist who works to help families get to the heart of complicated matters, this guidebook addresses the home side of 1-to-1 programs. The book gives parents the language to keep conversations on track and provides the perspectives of other adults--educators and parents--who have addressed similar challenges.

Tuning the Human Biofield Eileen Day McKusick, 2021-09-07

- Provides a precise map of the energetic biofield that surrounds the body, showing where specific emotions, memories, traumas, and pain are stored
- Details how to locate stored trauma in the biofield with a tuning fork and clear it
- Winner of the 2015 Nautilus Silver Award

When Eileen McKusick began offering sound therapy in her massage practice she soon discovered she could use tuning forks to locate and hear disturbances in the energy field, or biofield, that surrounded each of her clients. Passing the tuning forks through these areas in the biofield not only corrected the distorted vibrational sounds she was hearing but also imparted consistent, predictable, and sometimes immediate relief from pain, anxiety, insomnia, migraines, depression, fibromyalgia, digestive disorders, and a host of other complaints. Now, more than 20 years later, McKusick has fully developed her sound healing method, which she calls Biofield Tuning, and created a map of the biofield, revealing the precise locations where specific emotions, memories, ailments, and traumas are stored. In this book, McKusick explains the basics of Biofield Tuning practice and provides illustrations of her Biofield Anatomy Map. She details how to use tuning forks to find and clear pain and trauma stored in the biofield and reveals how the traditional principles and locations of the chakras correspond directly with her biofield discoveries. Exploring the science behind Biofield Tuning, she examines scientific research on the nature of sound and energy and explains

how experiences of trauma produce “pathological oscillations” in the biofield, causing a breakdown of order, structure, and function in the body. Offering a revolutionary perspective on mind, energy, memory, and trauma, McKusick’s guide to Biofield Tuning provides new avenues of healing for energy workers, massage therapists, sound healers, and those looking to overcome chronic illness and release the traumas of their past.

Viva la Repartee Dr. Mardy Grothe,2009-03-17 For most of us, that perfect retort or witty reply often escapes us when we need it most, only to come to mind with perfect clarity when it’s too late to be useful. The twentieth-century writer Heywood Broun described this all-too-common phenomenon when he wrote Repartee is what we wish we’d said. In *Viva la Repartee*, Dr. Mardy Grothe, author of *Oxymoronica*, has lovingly assembled a collection of masterfully composed -- and perfectly timed -- replies that have turned the tables on opponents and adversaries. This delightful volume is a celebration of the most impressive retorts, ripostes, rejoinders, comebacks, quips, ad-libs, bon mots, off-the-cuff comments, wisecracks, and other clever remarks ever to come out of the mouths -- and from the pens -- of people throughout history. Touching on all areas of human endeavor, including politics, the arts, literature, sports, relationships, and

even the risqué, the book features contributions from Oscar Wilde, Mark Twain, Dorothy Parker, Mae West, Groucho Marx, Winston Churchill, Dolly Parton, and scores more. As entertaining as it is intellectually enriching, Viva la Repartee is sure to capture the attention of language lovers and is the perfect antidote for anyone who's ever thought I wish I'd said that!

Mastering VIM Quickly: From Wtf to Omg in No Time

Jovica Ilic, 2018-08-29

Exiting Mastering Vim Quickly One of the beautiful things about learning Vim is the fact that you don't need to know everything. You only need to understand a few critically important concepts that provide most of the value. If you invest the time and energy necessary to learn these concepts, you'll easily be in the top 1% of the human population when it comes to productivity in coding/programming/text editing. Instead of trying to absorb all of the Vim knowledge- and there's really a lot out there -use this book to get what matters the most. Readers of digital editions have said: Mastering Vim Quickly is a great tour through the most important aspects and concepts of Vim. It starts beginner friendly and quickly advances to show more involved text editing techniques. Throughout the book I especially liked the focus on large scale operations. With numerous realistic examples it teaches how various simple commands can be combined in different ways to achieve powerful transformations across multiple files. And even if you already know all the topics covered in the book, it will refresh your knowledge and fuel your curiosity about the depths of Vim once again.

- Christian Wellenbrock, the creator of the targets.vim plugin I have been using vi editor for almost 20 years and in the very first chapter, I found some new tips. It is easy to follow. It comes with useful tips, not only cool tips. Makes you more confident on using vi. You can find what you need with ease. I would absolutely recommend it! A very nice job doing this book.

- G. Santovena A very approachable way to learn Vim. The writing is really good and contains a fine balance between explanations, examples and tips. It covers all the topics you need

to know to really understand what Vim is about and why so many people choose it. If you are either just getting started or you have been wanting to switch to Vim full-time you will find this book to be the perfect reference. - Mariano Cavallo, Front-end Developer

What can you learn? How to exit Vim (this is a very important skill, as you might have heard) The power of Mini habits How to improve your skills 38x in one year How to personalize and properly configure Vim How to speak the Vim language Registers, buffers and windows-the right way The power of Visual modes, argdo, bufdo, etc. Ranges and substitution Boost your productivity in Vim How to install and manage plugins The magic of recursive macros and much more...

Skull and Bones John Drake,2010-05-27 The third in the rip-roaring adventure series of 'Treasure Island' prequels for fans of 'Pirates of the Caribbean' and Flashman

Pirate Haiku Michael P. Spradlin,2010-10-14 The ship sails avast! I have lost the map, mateys! No shaking booty! Come sail the seven seas aboard the notorious Black Thunder! Landlubbers have a first-mate seat to the grizzly life of eighteenth-century pirates--as told by the surprisingly poetic if salty One One-Leg Sterling. Shiver me timbers, never before have we poppets been privy to the gritty goings-on of the rum-running, treasure-thieving, marauding masters of the open sea from the inside out. . . until now! From trading rum for buxom beauties to fighting those limey British bastards, this book reveals the swaggering derring-do of these plundering and treacherous buccaneers--17 syllables at a time!

Jack and the Pirate Attack Amy Hernandez,2015-07-01 Be captivated with Jack's newest adventure as he stands up against fearless pirates to save unworthy bullies. Will Jack succeed?

Buccaneers Angus Konstam,2000-06-25 For over 50 years, English, French and Dutch buccaneers launched devastating attacks on Spanish towns, ports and shipping. Well-known

buccaneers such as Henry Morgan carried out raids under the protection of the English crown, and the French even used buccaneers to help capture the great Spanish city of Cartagena!

Pirate Pete's Giant Adventure Kim Kennedy, 2006 When the sea fairy promises him a new ship in return for retrieving a stolen magic sapphire, Pirate Pete discovers that the gem is guarded by a fierce, but dimwitted, giant.

Parrot Island Marty Baker, 2020-08-03 Parrot Island: The Pirate Adventures is a children's/YA book that has a slightly different take than any other pirate book. Our story began with a simple question: Where do pirates actually get their parrots? Well, after digging through the secret archives of the Caribbean pirates, we found a clue. There is a small island shrouded in mystery that is home to parrots trained to be proper pirates' parrots. It's a very cinematic story that follows the adventures of Gabe, the son of Blackbeard's parrot who is chosen by the notorious pirate Sykes to join the crew of the Rusty Cutlass. Joined by his best friend Ponce, a portly grey parrot, the two parrots meet Bilge, a ship-smart rat who helps them during their adventures on the high seas. We feel this a genre-bending book in the plethora of Pirate Books for children. None that we could find is told from the parrot's perspective in such a fun and adventure filled way and includes two strong female characters- a woman pirate named Pearl and her parrot Fabiola. It's not about plunder and treasure, but understanding how to work together as a team and overcome big obstacles.
