Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs),2016-11-14 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together. Something Else Than Signs Passionaria Stoicescu,2016-09-05 Passionaria Stoicescu is a major Romanian poet and writer, author of more than 60 books. Important literary critics have praised the qualities of her work. Here are just a very few excerpts of their writings: Passionaria Stoicescu is obviously a daring poetess. If one notices the numerous accents that can be found in the passion she offers, in her steadfastness, ardor, amazement, confession, risk, aspiration, mental transformations, infiltrations in the immaculate, a sort of disappointment, interrogation, absolutism of innocence, and consumption of incorruptibility, then she is even more obstinate than any other dialectics of the metamorphoses she burns in without knowing how to pretend. /Ion Caraion/ As once in Miss Amherst's case, or as in our autochthonous environment in Constanța Buzea's case, in Passionaria Stoicescu's poetry the erotic feeling includes something bigger: a poetess's feeling. Hence, maybe a certain intellectual tension of the former and a certain sensuality of the latter. /Laurențiu Ulici/ Writing down her own secrets, fears and hopes with that clear and thin thread that can lead to the invisible, being accompanied by that soft melody which is sung by a fiancée's voice, or by that of a tormented mother, tired as that of a wife, the poetess presents herself in what she sings, suffers and offers to life with the naturalness of a permanent simplicity. [...] She will remain the same consistent person to herself, to the formula of a poetry characterized not only by an energetic femininity, but aspiring through the eloquence of her speech, through the profoundness of her poetic thought, to what we call poetry of reflection, perfectly outlined and always of an exemplary feeling of purity. /Radu Cârnelci/ Passionaria Stoicescu's poetry can exist without any typological principles, residing not only in the feminine-masculine, but also in the modernism-traditionalism or in the innovation-experiment. The author does not feel or continue with the distinctions that are characteristic to her chronological generation, nor does she take into consideration the spatial original concept. This means she ought to be taken over like a priceless trophy. /Aureliu Goci/ An effigy for the coat of arms of our contemporary Romanian poetry, Passionaria Stoicescu's creation is an emblematic one as far as the significance of the postmodernist lyrics is concerned. As a predestination of a fulfillment in a sign, her poetry surrounds her name with nimbus, the poetess being born out of an ardent passion for all that life can give to us. Fascinating and threatening at the same time, like the vastness of a sea, she embodies the life where the temptation of the swimming goes beyond the risk of a shipwreck in Nothing. Aware of her mission, the author wanders in poetry looking for the 'code' of her freedom to plunge in disillusion, with the entire assuming of her greatness and tragic. As a unique certitude opposed to frivolousness, the word is the divine gift of the saving sacrifice in the dramatic and permanent confronting with her own limits. The author's poetic universe can be defined according to the directions of a new aesthetics, of a lucid and responsible consciousness that takes the daily occurrence into consideration, revealing its dramatic character just in that lack of meaning which is assumed in a self-referential manner. Biography becomes the element which rules the imaginary. However it is emphasized from an abysmal point of view, as a reiteration of certain mythical or Biblical message. According to the same order of the artistic act of consciousness, the poetess assumes Christ's passion in the dissipation of an existence she offers to herself, begging for the body, the Word i.e. the mind, and all this in the name of such a love and detested life which is fulfilled only through poetry. /Antonia Bodea/

Pablo López Luz: Baja Moda ,2022-03 The project Baja Moda (Low Fashion) explores two key aspects of contemporary Latin American culture: identity and resistance. While working on a previous project across Latin America, I began documenting store fronts and shoe shops still standing unaltered through the passage of time, unconcerned with the tendencies of modern globalized culture, seemingly opposing the economic transition to overseas manufacturing.

A Summer In Europe Marilyn Brant,2011-11-29 On her thirtieth birthday, Gwendolyn Reese receives an unexpected present from her widowed Aunt Bea: a grand tour of Europe in the company of Bea's Sudoku and Mahjongg Club. The prospect isn't entirely appealing. But when the gift she is expecting--an engagement ring from her boyfriend--doesn't materialize, Gwen decides to go. At first, Gwen approaches the trip as if it's the math homework she assigns her students, diligently checking monuments off her must-see list. But amid the bougainvillea and stunning vistas of southern

Italy, something changes. Gwen begins to live in the moment--skipping down stone staircases in Capri, running her fingers over a glacier in view of the Matterhorn, racing through the Louvre, and taste-testing pastries at a Marseilles cafe. Reveling in every new experience--especially her attraction to a charismatic British physics professor--Gwen discovers that the ancient wonders around her are nothing compared to the renaissance unfolding within. . . A thinking woman's love story, it swept me away to breathtaking places with a cast of endearing characters I won't soon forget. Bravissima! --Susan McBride, author of Little Black Dress Praise for Marilyn Brant's According to Jane A warm, witty and charmingly original story. --Susan Wiggs, New York Times bestselling author Brant infuses her sweetly romantic and delightfully clever tale with just the right dash of Austen-esque wit. --Chicago Tribune An engaging read for all who have been through the long, dark, dating wars, and still believe there's sunshine, and a Mr. Darcy, at the end of the tunnel. --Cathy Lamb, author of Such a Pretty Face

The Encounter Gabriela Adameşteanu,2016 Pushed around by ticket takers who demand his ticket in several languages, a middle aged man goes through a nightmare of hiding and getting away until he manages to cross a frontier guarded by soldiers and dogs. He's made it back to his native village. There he finds his whole family gathered around a big table, as if for a wedding, a baptism or a wake, but no one recognizes him, not even his mother.

Girl Waits With Gun Amy Stewart,2015-09-01 NATIONAL BESTSELLER. The first in the Kopps Sisters Novel Series, Girl Waits with Gun is an enthralling novel based on the forgotten true story of one of the nation’s first female deputy sheriffs. Constance Kopp doesn’t quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront her past and defend her family — and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice “A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness.”—Elizabeth Gilbert
