Hans Christian Anderson

Optimal Stochastic Scheduling Xiaoqiang Cai,Xianyi Wu,Xian Zhou,2014-03-20 Many interesting and important results on stochastic scheduling problems have been developed in recent years, with the aid of probability theory. This book provides a comprehensive and unified coverage of studies in stochastic scheduling. The objective is two-fold: (i) to summarize the elementary models and results in stochastic scheduling, so as to offer an entry-level reading material for students to learn and understand the fundamentals of this area and (ii) to include in details the latest developments and research topics on stochastic scheduling, so as to provide a useful reference for researchers and practitioners in this area. Optimal Stochastic Scheduling is organized into two parts: Chapters 1-4 cover fundamental models and results, whereas Chapters 5-10 elaborate on more advanced topics. More specifically, Chapter 1 provides the relevant basic theory of probability and then introduces the basic concepts and notation of stochastic scheduling. In Chapters 2 and 3, the authors review well-established models and scheduling policies, under regular and irregular performance measures, respectively. Chapter 4 describes models with stochastic machine breakdowns. Chapters 5 and 6 introduce, respectively, the optimal stopping problems and the multi-armed bandit processes, which are necessary for studies of more advanced subjects in subsequent chapters. Chapter 7 is focused on optimal dynamic policies, which allow adjustments of policies based on up-to-date information. Chapter 8 describes stochastic scheduling with incomplete information in the sense that the probability distributions of random variables contain unknown parameters, which can however be estimated progressively according to updated information. Chapter 9 is

devoted to the situation where the processing time of a job depends on the time when it is started. Lastly, in Chapter 10 the authors look at several recent models beyond those surveyed in the previous chapters.

Overcoming School Refusal Joanne Garfi, 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Angels and Demons in Art Rosa Giorgi, 2005 This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art.

The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

[Knative in Action](#) Jacques Chester, 2021-03-30 Take the pain out of managing serverless applications. Knative, a collection of Kubernetes extensions curated by Google, simplifies building and running serverless systems. *Knative in Action* guides you through the Knative toolkit, showing you how to launch, modify, and monitor event-based apps built using cloud-hosted functions like AWS Lambda. You'll learn how to use Knative Serving to develop software that is easily deployed and autoscaled, how to use Knative Eventing to wire together disparate systems into a consistent whole, and how to integrate Knative into your shipping pipeline. about the technology With Knative, managing a serverless application's full lifecycle is a snap. Knative builds on Kubernetes orchestration features, making it easy to deploy and run serverless apps. It handles low-level chores--such as starting and stopping instances--so you can concentrate on features and behavior. about the book *Knative in Action* teaches you to build complex and efficient serverless

applications. You'll dive into Knative's unique design principles and grasp cloud native concepts like handling latency-sensitive workloads. You'll deliver updates with Knative Serving and interlink apps, services, and systems with Knative Eventing. To keep you moving forward, every example includes deployment advice and tips for debugging. what's inside Deploy a service with Knative Serving Connect systems with Knative Eventing Autoscale responses for different traffic surges Develop, ship, and operate software about the reader For software developers comfortable with CLI tools and an OO language like Java or Go. about the author Jacques Chester has worked in Pivotal and VMWare R&D since 2014, contributing to Knative and other projects.

Cloud Native Infrastructure Justin Garrison,Kris Nova,2017-10-25 Cloud native infrastructure is more than servers, network, and storage in the cloud—it is as much about operational hygiene as it is about elasticity and scalability. In this book, you'll learn practices, patterns, and requirements for creating infrastructure that meets your needs, capable of managing the full life cycle of cloud native applications. Justin Garrison and Kris Nova reveal hard-earned lessons on architecting infrastructure from companies such as Google, Amazon, and Netflix. They draw inspiration from projects adopted by the Cloud Native Computing Foundation (CNCF), and provide examples of patterns seen in existing tools such as Kubernetes. With this book, you will: Understand why cloud native infrastructure is necessary to effectively run cloud native applications Use guidelines to decide when—and if—your business should adopt cloud native practices Learn patterns for deploying and managing infrastructure and applications Design tests to prove that your infrastructure works as intended, even in a variety of edge cases Learn how to secure

infrastructure with policy as code

A Paraphrase on Part of the Book of Job Edward Young, 1726

Conduction of Heat in Solids Horatio Scott Carslaw, J. C. Jaeger, 1971

A History of Irish Autobiography Liam Harte, 2018-03-01

A History of Irish Autobiography is the first ever critical survey of autobiographical self-representation in Ireland from its recoverable beginnings to the twenty-first century. The book draws on a wealth of original scholarship by leading experts to provide an authoritative examination of autobiographical writing in the English and Irish languages. Beginning with a comprehensive overview of autobiography theory and criticism in Ireland, the History guides the reader through seventeen centuries of Irish achievement in autobiography, a category that incorporates diverse literary forms, from religious tracts and travelogues to letters, diaries, and online journals. This ambitious book is rich in insight. Chapters are structured around key subgenres, themes, texts, and practitioners, each featuring a guide to recommended further reading. The volume's extensive coverage is complemented by a detailed chronology of Irish autobiography from the fifth century to the contemporary era, the first of its kind to be published.

The Christianization of the Anglo-Saxons c.597-c.700 Marilyn Dunn, 2010-07-26 This groundbreaking work treats the Christianization of the Anglo-Saxons as a process of religious change and is the first to establish the importance of Christian doctrines and popular intuitions about death and the dead in the transition, focusing on the outbreak of epidemic disease between 664 and 687 as a crucial period for the survival of Christianity in Anglo-Saxon England. It analyzes Anglo-Saxon conceptions of the soul and afterlife as well

as traditional mortuary rituals, re-interpreting archaeological evidence to argue that the change from furnished to unfurnished burial in the late seventh and early eighth century demonstrates the success of the church's attempts to counter popular fears that the plague was caused by the return of the dead to carry off the living. The study employs ethnographic comparisons and anthropological theory to further our understanding of pagan Anglo-Saxon deities, ritual and ritual practitioners, and also considers the challenges confronting the Anglo-Saxon church, as it faced not only popular attachment to traditional values and beliefs, but also gendered responses to, or syncretistic constructions of, Christianity.

Modernism and Autobiography Maria DiBattista, Emily O. Wittman, 2014-09-15 This is the first book of its kind to address modernist autobiography in a comprehensive manner.

Jaunten Honor Raconteur, 2018-08-28 There was a time when magic was welcome in the country of Chahir, but that was nearly two centuries ago. Now, all forms of magic are strictly forbidden. Anyone caught using magic, or possessing magical abilities, are immediately imprisoned and executed. For Garth, that policy is a problem. As Garth approaches his sixteenth birthday, he realizes that he definitely has magical abilities. What's worse, he has no control over them. In order to stay alive, he only has one choice—he must leave his homeland, Chahir, and flee into the neighboring country, Hain. The journey isn't an easy one; he still has to make it out of Chahir without alerting anyone as to his abilities. What Garth doesn't know is that getting to Hain, and the Academy for All Magic, is going to be the easy part. Garth goes into Hain for one reason only; he wants training for his out-of-control magical powers. So how does he become a member of an exclusive

magical clan known as the Jaunten; adopted by a magically enhanced colt; best friends with a gifted Witch; and foster brother of a four year old Mage? Let's just say he has a gift for finding trouble.

Platinum Poems David Harris, Edie Eicas, 1919-01-15 Poetry anthology

Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs), 2016-11-14 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a

translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together. A link to the home page of The Social Change Model can be found below under Related Titles.

The Origins of the University Stephen C. Ferruolo, 1985-06 The University of Paris is generally regarded as the first true university, the model for others not only in France but throughout Europe, including Oxford and Cambridge. This book challenges two prevailing myths about the university's origins: first, that the university naturally developed to meet the utilitarian and professional needs of European society in the late Middle Ages, and second, that it was the product of the struggle by scholars to gain freedom and autonomy from external authorities, most notably church officials. In the twelfth century, Paris was the

educational center of Europe, with a large number of schools and masters attracting and competing for students. Over the decades, the schools of Paris had many critics--monastic reformers, humanists, satirists, and moralists--and the focus of this book is the role such critics played in developing the schools into a university. Ferruolo argues that it was the educational values and ideas promoted by the critics--ideas of the unity of knowledge, the need to share learning freely and willingly, and the higher purposes and social importance of education--that first inspired the scholars of Paris to join together to form a single guild. Their programs for educational reforms can be seen in the first set of statues promulgated for the nascent University of Paris in 1215.

Grand Canary A J Cronin, 2016-02-01 Destiny brings two lonely people together in this moving love story by A J Cronin, one of the master story-tellers of our time. Dr Harvey Leith, brilliant research scientist, awakes from a drunken stupor to find himself aboard a liner bound for the romantic Canary Islands. His past life is in ruins, and his hopes for the future are shattered. But he meets the lovely Mary Fielding on the ship, also looking for a new purpose in her life. It seems to her that they have met somewhere before, in some other place, and that they are meant for each other. There is only one problem - she is already married. Dr Leith's life becomes inextricably involved with those of the other passengers and he gradually begins to forget the bitterness of the past. In the sultry atmosphere of Grand Canary he finds he has to conquer himself to achieve happiness.

Ink Mage Victor Gischler, 2014 In the first installment of the A Fire Beneath the Skin trilogy, the city of Klaar has never fallen. No enemy has ever made it across the Long Bridge or penetrated the city's mighty walls. Even when a powerful invading army shows up

at the gates, the duke and his daughter, Rina Veraiin, are certain that it poses little threat. But they are cruelly betrayed from within and, in a horrific spasm of violence, the city is brought to its knees. With the help of her bodyguard, Kork, the battle-trained young Rina narrowly escapes the slaughter and makes her way to the lair of an ancient sorcerer--the Ink Mage--who gifts her with a strange, beautiful set of magical tattoos. Now a duchess in exile, Rina sets out on a quest to reclaim what is rightfully hers, aided by a motley assortment of followers who will help her in her cause--some for noble reasons and others for their own dark purposes. With the enemy's agents nipping at her heels, Rina must learn to harness her new and startling magical powers if she is to assert her rightful place as ruler of Klaar.

The Georgian National Museum David Lordkipanidze, 2020-11-30 * Professor David Lordkipanidze, Director of the Georgian National Museum (GNM) in Tbilisi, illuminates his personal highlights from the collection with his considerable expertise * The GNM tells the story of Georgia's history from the Bronze Age to the early 20th century * The first Georgian addition to Scala's successful Director's Choice series Established in 2004, the Georgian National Museum (GNM) in Tbilisi encompasses 20 museums and cultural institutions. The main site tells the story of Georgia's history from the Bronze Age to the early 20th century. It's the story of 'The Land of the Golden Fleece' - the ancient Kingdom of Colchis, whose ingenious gold, silver and precious stonework can be seen in the Treasury. The Greek, Ottoman and Iranian Influence visible in many of the treasures is testament to Georgia's role as a crossroads through the centuries. The GNM also records Georgia's modern history, tracing the rise of a united Georgian state, how it resisted Soviet Occupation and survived

the Red Terror. However, perhaps most significantly of all, here visitors can come face-to-face with the earliest homonid known to have left Africa - a 1.8 million-year-old discovery made by the GNM's Director, Professor David Lordkipanidze, that has rewritten our understanding of early European humanity. In this beautifully illustrated book, Professor Lordkipanidze illuminates his personal highlights from the collection with his considerable expertise.

Sun Bread Elisa Kleven, 2004-03-30 Winter's gray chill has set in and everyone misses the sun-especially the baker. So she decides to bring some warmth to the town by making sun bread. And as the bread bakes, rising hot and delicious, everyone comes out to share in its goodness. Everyone, including the sun itself. With a lilting, rhyming text, colorful illustrations, and a recipe for baking your own sun bread, this tasty treat from the illustrator of the best-selling *Abuela* is just right for all ages to enjoy.

The Emperor's New Clothes (Illustrated) Hans Christian Anderson, 2018-10-13 Rare edition with unique illustrations. Hans Christian Andersen was a Danish author best known for writing children's stories including *The Little Mermaid* and *The Ugly Duckling*. But he didn't just write short stories, and his intended audience wasn't restricted to children. In addition to his fairy tales, Andersen wrote poems, plays, novels, travel books, essays, and more. He hungered for recognition at home (Denmark) and abroad-and he got it! Eventually. Today, his stories can be read in over one hundred languages. But no matter what language they're in, Andersen's tales have got something for everyone. In them, you'll find beauty, tragedy, nature, religion, artfulness, deception, betrayal, love, death, judgment, penance, and-occasionally-a happy ending. They're complex tales, but since

Andersen himself was pretty complex, we like to think that art imitates life. Or something like that. The Emperor's New Clothes (Danish: Kejserens nye Kl?der) is a short tale by Hans Christian Andersen about two weavers who promise an Emperor a new suit of clothes that is invisible to those who are unfit for their positions, stupid, or incompetent. When the Emperor parades before his subjects in his new clothes, no one dares to say that he doesn't see any suit of clothes until a child cries out, But he isn't wearing anything at all! The tale has been translated into over a hundred languages.

I Like Him, He Likes Her Phyllis Reynolds Naylor, 2010-05-18 Find a Penny pick it up and all day long you'll have good luck...except, of course, if that Penny is charming and pretty and funny, and the person picking her up just happens to be your boyfriend. Alice McKinley's freshman year is not as "lucky" as she was hoping it would be. But she's is trying to look on the bright side. There are worse things than being single for a semester... for a school year...for the whole summer.... At least Alice can count on her best friends for support—in theory, anyway. Lately they haven't been all that there-for-her. In fact, it seems like Pam and Liz are suddenly involved in intense, secret conversations whenever Alice is around. Single is starting to feel a whole lot like solo.
