The Internet Literacy Handbook Betsy Burdick,Chris Coakley,Janice Patricia Richardson,2006-01-01 Over the past decade, Internet technology, now merging into that of mobile technology, has transformed the multiple facets of life in society across the world, changing work and leisure patterns, and placing greater demands on us as active, democratic citizens. The Internet literacy handbook, intended for parents, teachers and young people throughout Europe, is a guide to exploiting to the fullest this complex network of information and communication. The handbook is comprised of 21 fact sheets, each covering a particular topic on Internet use, from searching for information to setting up blogs through to e-shopping and e-citizenship. These fact sheets offer teachers and parents sufficient technical know-how to allow them to share young people's and children's voyages through communication technology. They highlight ethical and safety considerations, give insight into added value in education, provide ideas for constructive activities in class or at home, share best practice in Internet use, and provide a wealth of definitions and links to sites that give practical examples and further in-depth information.

Overcoming School Refusal Joanne Garfi,2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

The Black Swan Mercedes Lackey,2000-05-01 After his wife's untimely death, a powerful sorcerer dedicates his life to seeking revenge against all womankind. He turns his captives into beautiful swans--who briefly regain human form by the fleeting light of the moon. Only Odette, noblest of the enchanted flock, has the courage to confront her captor. But can she gain the allies she needs to free herself and the other swan-maidens from their magical slavery?A monumental tale of loyalty and betrayal, of magic good and evil, of love both carnal and pure, and of the duality of human nature, *The Black Swan* is a rich tapestry which is sure to become an all-time masterpiece of fantasy.

Speculative Los Angeles Denise Hamilton,2021-02-02 The debut title in a new city-based anthology series featuring all-new stories with speculative, sci-fi, and paranormal themes--each using distinct neighborhood settings as a launching pad. A stimulating anthology of 14 futuristic L.A. fables...Some of the best of these tales seem illumined by the humanistic spirit of the late Ray Bradbury, poet laureate of Southern California fantasy literature. --Wall Street Journal [Speculative Los Angeles] is a swath of tales that are both wildly imaginative and emotionally grounded, speculations that not only imagine our possible futures but illuminate the collective anxieties of our unsettled and unsettling present. --Los Angeles Times Speculative Los Angeles is a thrill ride of grand ideas and warnings. Take a place that already defines the future of culture, add fourteen unbound minds, and you get a collection that wows the imagination like no other. --Michael Connelly, author of the best-selling Harry Bosch series The problem of buying books for others can be solved by offering the equivalent of the literary box of chocolates: the anthology...For Californians, or people who just like the West Coast, there's Speculative Los Angeles, edited by Denise Hamilton. --Washington Post, recommended by Silvia Moreno-Garcia Speculative Los Angeles is a new venture from Akashic Books, which has published an impressive series of original anthologies of noir fiction centered on various cities. This is the first in a series doing the same thing for speculative fiction, beginning with LA. --Locus Magazine 14 outstanding stories of weird and uncanny happenings in the City of Angels...Each story presents a fresh take on the magic and strangeness of L.A. past, present, and future, and the characters are representative of the diverse region, caught in situations ranging from surreal to chilling. Readers should snap this up. --Publishers Weekly, Starred review, Pick of the Week As an incubator of the future, Los Angeles has long mesmerized writers from Aldous Huxley to Octavia E. Butler. With its natural disasters, Hollywood artifice, staggering wealth and poverty, and urban sprawl, one can argue that Los Angeles is already so weird, surreal, irrational, and mythic that any fiction emerging from this place should be considered speculative. So, bestselling author Denise Hamilton commissioned fourteen stories (including one of her own) and did exactly that. In Speculative Los Angeles, some of the city's most prophetic and diverse voices reimagine the metropolis in very different ways. In these pages, you'll encounter twenty-first-century changelings, dirigibles plying the suburban skies, black holes and jacaranda men lurking in deep suburbia, beachfront property in Century City, walled-off canyons and coastlines reserved for the wealthy, psychic death cults, robot nursemaids, and an alternate LA where Spanish land grants never gave way to urbanization. As with our city-based Akashic Noir Series, each story in Speculative Los Angeles is set in a distinct neighborhood filled with local color, landmarks, and flavor. Since the best speculative fiction provides a wormhole into other worlds while also commenting on our own, that is exactly what you'll find here. Featuring brand-new stories by: Charles Yu, Aimee Bender, Lisa Morton, Alex Espinoza, Ben H. Winters, Denise Hamilton, Lynell George, Stephen Blackmoore, Francesca Lia Block, Duane Swierczynski, Luis J. Rodriguez, A.G. Lombardo, Kathleen Kaufman, and S. Qiouyi Lu.

Footsteps in the Dark Georgette Heyer,2010-11-01 Bright and effervescent.--The Time s Literary Supplement What begins as an adventure soon becomes a nightmare...

Locals claim it is haunted and refuse to put a single toe past the front door, but to siblings Peter, Celia, and Margaret, the Priory is nothing more than a rundown estate inherited from their late uncle-and the perfect setting for a much-needed holiday. But when a murder victim is discovered in the drafty Priory halls, the once unconcerned trio begins to fear that the ghostly rumors are true and they are not alone after all! With a killer on the loose, will they find themselves the next victims of a supernatural predator, or will they uncover a far more corporeal culprit?
