Saints and Sacred Matter Cynthia Jean Hahn, Holger A. Klein, 2015 Saints and Sacred Matter explores the embodied aspects of the divine--physical remains of holy men and women and objects associated with them. The right choice, Hanna Lee Hanna Lee, The perfect relationship between a man and a woman is a fantasy. Or at least that's what Anne thinks, living her life with a man who offers her stability, but not passion. The affinity for a distant country takes her to a place where fate takes shape, and reality changes depending on the choices you make. True love is what calls her, in the form of a handsome man. A man convinced that she is the right choice for his heart.

Amalia - The Diary of Love - Liza Karan, 2018-11-05 Once, in an interview, I was asked how I would describe this book. I said that Amalia is, first of all, an initiative journey. Meet Zain, an older man of a culture and a religion different from hers. The heroine moves from an adolescent to a woman, finding out the meaning of love, passion, anger, jealousy, forgiveness and resignation. Amalia is also a tribute to all the women out there. A tribute to those who, in the name of love, give their soul and body and are willing to sacrifice and compromise for the man they love, but they also have the power to rise when they feel are betrayed, lied to, deceived in their expectations and, without any regrets, can start over. Even if it's a fiction, Amalia is the real story of each of us.

Wasted Morning Gabriela Adamesteanu, 2011-05-04 Upon its original publication in 1983, *Wasted Morning* catapulted Gabriela Adamesteanu to the first rank of Romanian novelists. She has since been translated into many languages, and now her most famous novel is available in English for the first time. At the center of *Wasted Morning* is Vica Delca, a simple, poor woman in her seventies who has endured the endless series of trials and tribulations that was Romanian history from WWI to the end of the twentieth century. She's a born storyteller, chatting and gossiping tirelessly. But she also listens, so it is through her that Adamesteanu is able to show us a panoramic portrait of Romanian society as the fortunes of its various strata shift violently. Rich or poor, honest (more or less) or deceitful, all of the characters in this polyphonic novel are brought vividly to life. From Bucharest's aspirations to be the Paris of Eastern Europe to the darkest days of dictatorship, the novel presents a sweeping vision of the personal and collective costs of a turbulent century.

Amateur Filmmaking Laura Rascaroli, Gwenda Young, Barry Monahan, 2014-02-27 With the advent of digital filmmaking and critical recognition of the relevance of self expression, first-person narratives, and personal practices of memorialization, interest in the amateur moving image has never been stronger. Bringing together key scholars in the field, and revealing the rich variety of amateur filmmaking--from home movies of Imperial India and film diaries of life in contemporary China, to the work of leading auteurs such as Joseph Morder and Péter Forgács--*Amateur Filmmaking* highlights the importance of amateur cinema as a core object of critical interest across an array of disciplines. With contributions on the role of the archive, on YouTube, and on the impact of new technologies on amateur filmmaking, these essays offer the first comprehensive examination of this growing field.

Certain Fragments Tim Etchells, 1999 An exploration of what lies at the heart of contemporary theatre. Written by the artistic director of Forced Entertainment, it investigates the process of devising performance, theatre's interdisciplinary role, and the city's influence.

The Archive Effect Jaimie Baron, 2013-12-13 *The Archive Effect: Found Footage and the Audiovisual Experience of History* examines the problems of representation inherent in the appropriation of archival film and video footage for historical purposes. Baron analyses the way in which the meanings of archival documents are modified when they are placed in new texts and contexts, constructing the viewer's experience of and relationship to the past they portray. Rethinking the notion of the archival document in terms of its reception and the spectatorial experiences it generates, she explores the 'archive effect' as it is produced across the genres of documentary, mockumentary, experimental, and fiction films. This engaging work discusses how, for better or for worse, the archive effect is mobilized to create new histories, alternative histories, and misreadings of history. The book covers a multitude of contemporary cultural artefacts including fiction films like *Zelig*, *Forrest Gump* and *JFK*, mockumentaries such as *The Blair Witch Project* and *Forgotten Silver*, documentaries like *Standard Operating Procedure* and *Grizzly Man*, and videogames like *Call of Duty: World at War*. In addition, she examines the works of many experimental filmmakers including those of Péter Forgács, Adele Horne, Bill Morrison, Cheryl Dunye, and Natalie Bookchin.

Overcoming School Refusal Joanne Garfi, 2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

Teaching and Learning Geography Daniella Tilbury, Michael Williams, 2002-11-01 This book provides a clear overview of current thinking on the teaching and learning of geography. It is an ideal companion to all students beginning a career in teaching the subject in secondary schools. The chapters are written by experienced teacher educators and bridge both theory and practice. The writers focus on the continuities, whilst setting them in the context of the changing curriculum. The book is divided into four parts. Part One examines the historical context of geography teaching. Part Two looks at issues of course planning, design, syllabuses and programmes of study. Underlying this section is the assumption that geography should not be considered in isolation from other subjects, but rather as part of a whole curriculum. Part Three concentrates on teaching and learning, and includes chapters on the use of maps, field work, IT and first hand experience within a community. The final section covers the issues associated with assessment, across the whole school age range.

The Atlantic Charter Douglas Brinkley,David R. Facey-Crowther,1994-05-10 In August 1941 Churchill and Roosevelt met in a secluded bay off the coast of Newfoundland. It was the first of their wartime meetings and in many respects the most significant. The Atlantic Charter, its result, proclaimed the two leaders' vision of a new world order, a set of principles that would govern international relations with the coming of peace. This remarkable collection of essays is the result of an international conference of American, British, and Canadian scholars held at Memorial University of Newfoundland that marked the 50th anniversary of the historic meeting. The essays discuss both the Charter's formulation and its long-term significance, and provide fascinating perspectives on the Second World War and its aftermath.
