*Overcoming School Refusal* Joanne Garfi,2018-01-31 School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include: • types of school refusers • why children refuse to go to school • symptoms • short term and long term consequences • accurate assessment • treatment options • what parents can do • what schools can do • dealing with anxious high achievers • how to help children on the autism spectrum with school refusal

**Paris as Revolution** Priscilla Parkhurst Ferguson,2023-11-10 In nineteenth-century Paris, passionate involvement with revolution turned the city into an engrossing object of cultural speculation. For writers caught between an explosive past and a bewildering future, revolution offered a virtuoso metaphor by which the city could be known and a vital principle through which it could be portrayed. In this engaging book, Priscilla Ferguson locates the originality and modernity of nineteenth-century French literature in the intersection of the city with revolution. A cultural geography, *Paris as Revolution* reads the nineteenth-century city not in literary works alone but across a broad spectrum of urban icons and narratives. Ferguson moves easily between literary and cultural history and between semiotic and sociological analysis to underscore the movement and change that fueled the powerful narratives defining the century, the city, and their literature. In her understanding and reconstruction of the guidebooks of Mercier, Hugo, Vallès, and others, alongside the novels of Flaubert, Hugo, Vallès, and Zola, Ferguson reveals that these works are themselves revolutionary performances, ones that challenged the modernizing city even as they transcribed its emergence. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1994.

*The Flâneur (RLE Social Theory)* Keith Tester,2014-08-21 Timely and original, this collection of essays from the leading figures in their fields throws new and valuable light on the significance and future of flânerie. The flâneur is usually identified as the 'man of the crowd' of Edgar Allen Poe and Charles Baudelaire, and as one of the heroes of Walter Benjamin's Arcades Project. The flâneur's activities of strolling and loitering are mentioned increasingly frequently in sociology, cultural studies and art history, but rarely is the debate developed further. The *Flâneur* is the first book to develop the debate beyond Baudelaire and Benjamin, and to push it in unexpected and exciting directions.

**A Summer In Europe** Marilyn Brant,2011-11-29 On her thirtieth birthday, Gwendolyn Reese receives an unexpected present from her widowed Aunt Bea: a grand tour of Europe in the company of Bea's Sudoku and Mahjongg Club. The prospect isn't entirely appealing. But when the gift she is expecting--an engagement ring from her boyfriend--doesn't materialize, Gwen decides to go. At first, Gwen approaches the trip as if it's the math homework she assigns her students, diligently checking monuments off her must-see list. But amid the bougainvillea and stunning vistas of southern Italy, something changes. Gwen begins to live in the moment--skipping down stone staircases in Capri, running her fingers over a glacier in view of the Matterhorn, racing through the Louvre, and taste-testing pastries at a Marseilles cafe. Reveling in every new experience--especially her attraction to a charismatic British physics professor--Gwen discovers that the ancient wonders around her are nothing compared to the renaissance unfolding within. . . The Fletcher family rules!” —Kirkus Reviews, Starred “Dana Alison Levy has gloriously reimaged the classic family story into a thoroughly modern mold, and it works perfectly.” —Bruce Coville, bestselling author of My Teacher Is an Alien and the Unicorn Chronicles [P1] [set star] “With its semi-episodic structure, laugh-out-loud humor, and mix of zaniness and love, Levy’s debut offers something truly significant: a middle-grade family story featuring gay parents and interracial families that is never about either issue.” —School Library Journal, Starred “Levy provides a compelling, compassionate, and frequently hilarious look at their daily concerns. By book’s end readers will want to be part of (or at least friends with) this delightful family.” —The Horn Book
