Asset Recovery Handbook Jean-Pierre

Brun,Anastasia Sotiropoulou,Larissa Gray,Clive

Scott,2021-02-08 Developing countries lose billions each

year through bribery, misappropriation of funds, and other corrupt practices. Much of the proceeds of this corruption

find 'safe haven' in the world's financial centers. These

criminal flows are a drain on social services and economic development programs, contributing to the

impoverishment of the world's poorest countries. Many

developing countries have already sought to recover stolen

assets. A number of successful high-profile cases with

creative international cooperation has demonstrated that

asset recovery is possible. However, it is highly complex,

involving coordination and collaboration with domestic

agencies and ministries in multiple jurisdictions, as well as

the capacity to trace and secure assets and pursue various

legal options—whether criminal confiscation, non-

conviction based confiscation, civil actions, or other

alternatives. This process can be overwhelming for even

the most experienced practitioners. It is exceptionally difficult for those working in the context of failed states, widespread corruption, or limited resources. With this in mind, the Stolen Asset Recovery (StAR) Initiative has developed and updated this Asset Recovery Handbook: A Guide for Practitioners to assist those grappling with the strategic, organizational, investigative, and legal challenges of recovering stolen assets. A practitioner-led project, the Handbook provides common approaches to recovering stolen assets located in foreign jurisdictions, identifies the challenges that practitioners are likely to encounter, and introduces good practices. It includes examples of tools that can be used by practitioners, such as sample intelligence reports, applications for court orders, and mutual legal assistance requests. StAR—the Stolen Asset Recovery Initiative—is a partnership between the World Bank Group and the United Nations Office on Drugs and Crime that supports international efforts to end safe havens for corrupt funds. StAR works with developing countries and financial centers to prevent the laundering of the proceeds of corruption and to facilitate more systematic and timely return of stolen assets.

Constitutional Courts in Post-Soviet States Jacek Zalesny, 2019 In the book, authors from eleven post-communist countries analyse the specific legal and political character of the organs of the control of law constitutionality in post-Soviet states. This is done through explaining the legal and political character of those bodies as well as their place in the system of the state power. The authors also examine tasks assigned to those bodies, the manner of their establishment, the course of their work, the legal force of their decisions and the legal status of their members. In the conclusions, the authors refer to the optimisation of the political status of the organs controlling

the constitutionality of law as organs of the protection of the constitution. Research findings, conclusions and recommendations formulated in the book can be applied with a view to changing the mechanisms of the protection of constitutionality in post-Soviet states or presenting lawmakers in other countries with consequences of adopting particular legal solutions.

Story-Based Inquiry: A Manual for Investigative Journalists Mark Lee Hunter, gratuit, Unesco, 2011

Investigative Journalism means the unveiling of matters that are concealed either deliberately by someone in a position of power, or accidentally, behind a chaotic mass of facts and circumstances - and the analysis and exposure of all relevant facts to the public. In this way investigative journalism crucially contributes to freedom of expression and freedom of information, which are at the heart of UNESCO's mandate. The role media can play as a watchdog is indispensable for democracy and it is for this reason that UNESCO fully supports initiatives to strengthen investigative journalism throughout the world. I believe this publication makes a significant contribution to promoting investigative journalism and I hope it will be a valuable resource for journalists and media professionals, as well as for journalism trainers and educators. -- Jānis Kārklīns, Assistant Director-General for Communication and Information, UNESCO, Preface, page 1.

Post-Imperium Dmitri V. Trenin, 2011-08-01 The war in Georgia. Tensions with Ukraine and other nearby countries. Moscow's bid to consolidate its zone of privileged interests among the Commonwealth of Independent States. These volatile situations all raise questions about the nature of and prospects for Russia's relations with its neighbors. In this book, Carnegie scholar Dmitri Trenin argues that Moscow needs to drop the notion

of creating an exclusive power center out of the post-Soviet space. Like other former European empires, Russia will need to reinvent itself as a global player and as part of a wider community. Trenin's vision of Russia is an open Euro-Pacific country that is savvy in its use of soft power and fully reconciled with its former borderlands and dependents. He acknowledges that this scenario may sound too optimistic but warns that the alternative is not a new version of the historic empire but instead is the ultimate marginalization of Russia.

Human rights and criminal procedure Jeremy McBride, 2018-06-18 A practical tool for legal professionals who wish to strengthen their skills in applying the European Convention on Human Rights and the case law of the European Court of Human Rights in their daily work This is the second and expanded edition of a handbook intended to assist judges, lawyers and prosecutors in taking account of the requirements of the European Convention on Human Rights and its Protocols ("the European Convention") - and more particularly of the case law of the European Court of Human Rights - when interpreting and applying codes of criminal procedure and comparable or related legislation. It does so by providing extracts from key rulings of the European Court and the former European Commission of Human Rights that have determined applications complaining about one or more violations of the European Convention in the course of the investigation, prosecution and trial of alleged offences, as well as in the course of appellate and various other proceedings linked to the criminal process.

Should We Eat Meat? Vaclav Smil, 2013-03-18 Meat eating is often a contentious subject, whether considering the technical, ethical, environmental, political, or health-related aspects of production and consumption. This book

is a wide-ranging and interdisciplinary examination and critique of meat consumption by humans, throughout their evolution and around the world. Setting the scene with a chapter on meat's role in human evolution and its growing influence during the development of agricultural practices, the book goes on to examine modern production systems, their efficiencies, outputs, and impacts. The major global trends of meat consumption are described in order to find out what part its consumption plays in changing modern diets in countries around the world. The heart of the book addresses the consequences of the massive carnivory of western diets, looking at the inefficiencies of production and at the huge impacts on land, water, and the atmosphere. Health impacts are also covered, both positive and negative. In conclusion, the author looks forward at his vision of "rational meat eating", where environmental and health impacts are reduced, animals are treated more humanely, and alternative sources of protein make a higher contribution. *Should We Eat Meat?* is not an ideological tract for or against carnivorousness but rather a careful evaluation of meat's roles in human diets and the environmental and health consequences of its production and consumption. It will be of interest to a wide readership including professionals and academics in food and agricultural production, human health and nutrition, environmental science, and regulatory and policy making bodies around the world.

International Migration Law, 2004 Migration is increasingly being acknowledged as an issue that needs a global approach and coordinated responses. States are not only discussing migration issues at the bilateral level, but also regionally and lately in global arenas. A commonly understood language is indispensable for such coordination and international cooperation to be successful. This

glossary attempts to serve as a guide to the mire of terms and concepts in the migration field, in an effort to provide a useful tool to the furtherance of such international cooperation and the common understanding of migration issues.

The Environmental Goods and Services Industry Manual for Data Collection and Analysis OECD, Statistical Office of the European Communities, 1999-09-28 This manual, which has been jointly developed by the OECD and Eurostat, aims to provide a firm basis for constructing comparable statistics of the environmental industry.

МК Московский комсомолец 170-2014 Редакция газеты МК Московский Комсомолец, 2019-12-18 Московский комсомолец – популярная российская газета. Выходит во всех крупных городах России. Ежедневно обновляемые статьи, обзоры, комментарии. Собственная лента новостей. Выходит с 11 декабря 1919 г. Распространяется по всей России, в ближнем зарубежье, в Европе и Америке. Тематика: общественно-политическое издание, органично сочетающее острые социальные и политические материалы, экономические обзоры, городские новости, светскую хронику и развлекательную информацию.

SIPRI Yearbook 2017 Stockholm International Peace Research Institute, 2017-09-14 The 48th edition of the SIPRI Yearbook analyses developments in 2016 in: -Security and conflicts -Military spending and armaments -Non-proliferation, arms control and disarmament The SIPRI Yearbook contains extensive annexes on the implementation of arms control and disarmament agreements and a chronology of events during the year in the area of security and arms control.

SIPRI Yearbook 2019 Stockholm International Peace

Research Institute, 2019-10-29 The SIPRI Yearbook is as an authoritative and independent source of data and analysis on armaments, disarmament and international security. It provides an overview of developments in international security, weapons and technology, military expenditure, arms production and the arms trade, and armed conflicts and conflict management, along with efforts to control conventional, nuclear, chemical and biological weapons. This 50th edition of the SIPRI Yearbook covers developments during 2018, including - Armed conflicts and conflict management, with an overview of armed conflicts and peace processes as well as a focus on global and regional trends in peace operations - Military expenditure, international arms transfers and developments in arms production, - World nuclear forces, with an overview of each of the nine nuclear-armed states and their nuclear modernization programmes - Nuclear arms control, featuring North Korean-US nuclear diplomacy, developments in the INF Treaty and Russian-US nuclear arms control and disarmament, and implementation of Iran's nuclear deal - Chemical and biological security threats, including the investigation of allegations of chemical weapon use in the Middle East and the attempted assassination in the United Kingdom - Conventional arms control, with a focus on global instruments, including efforts to regulate lethal autonomous weapon systems and explosive weapons in populated areas, and dialogue on international cyber security - Dual-use and arms trade controls, including developments in the Arms Trade Treaty, multilateral arms embargoes and export control regimes, including the challenges of seeking to control transfers of technology as well as annexes listing arms control and disarmament agreements, international security cooperation bodies, and key events in 2018.

SIPRI Yearbook 2015 Stockholm International Peace Research Institute, 2015-10 The SIPRI Yearbook is known worldwide as an authoritative and independent source of data and analysis for politicians, diplomats, journalists, scholars, students and citizens on armaments, disarmament and international security. It provides an overview of developments in international security, weapons and technology, military expenditure, the arms trade and arms production, and armed conflicts, along with efforts to control conventional, nuclear, chemical and biological weapons. The first edition of the SIPRI Yearbook was released in 1969, with the aim of producing 'a factual and balanced account of a controversial subject-the arms race and attempts to stop it'. This 46th edition of the SIPRI Yearbook covers developments during 2014 including: DT Essays on the conflicts in Syria, Iraq and Ukraine, as well as studies on the relationship of gender equality to peace and armed conflict, and the diversity of peace and war in Africa DT East Asian and European security, as well as global and regional trends in peace operations, and development challenges in fragile states DT Military expenditure, arms production and international arms transfers DT World nuclear forces, with an overview of each of the nine nuclear-armed states DT Iran's nuclear programme and multilateral arms control and disarmament DT Implications of the Ebola outbreak and the challenge of addressing CBW issues in conflict zones DT The Arms Trade Treaty, multilateral arms embargoes and export control regimes as well as a 10-year overview of patterns of armed violence, a summary of the Global Peace Index, and extensive annexes on arms control and disarmament agreements, international security bodies and events in 2014.

The Generation Gap, Or, Belarusian Differences in

Goals, Values and Strategy Andreï Dyn'ko, 2008

Frontline Ukraine Richard Sakwa, 2014-12-18 The unfolding crisis in Ukraine has brought the world to the brink of a new Cold War. As Russia and Ukraine tussle for Crimea and the eastern regions, relations between Putin and the West have reached an all-time low. How did we get here? Richard Sakwa here unpicks the context of conflicted Ukrainian identity and of Russo-Ukrainian relations and traces the path to the recent disturbances through the events which have forced Ukraine, a country internally divided between East and West, to choose between closer union with Europe or its historic ties with Russia. In providing the first full account of the ongoing crisis, Sakwa analyses the origins and significance of the Euromaidan Protests, examines the controversial Russian military intervention and annexation of Crimea, reveals the extent of the catastrophe of the MH17 disaster and looks at possible ways forward following the October 2014 parliamentary elections. In doing so, he explains the origins, developments and global significance of the internal and external battle for Ukraine. With all eyes focused on the region, Sakwa unravels the myths and misunderstandings of the situation, providing an essential and highly readable account of the struggle for Europe's contested borderlands.

The Return of the Cold War J. L. Black, Michael Johns, 2016-04-14 This book examines the crisis in Ukraine, tracing its development and analysing the factors which lie behind it. It discusses above all how the two sides have engaged in political posturing, accusations, escalating sanctions and further escalating threats, arguing that the ease with which both sides have reverted to a Cold War mentality demonstrates that the Cold War belief systems never really disappeared, and that the hopes raised in the

aftermath of the collapse of the Soviet Union for a new era in East-West relations were misplaced. The book pays special attention to the often ignored origins of the crisis within Ukraine itself, and the permanent damage caused by the fact that Ukrainians are killing Ukrainians in the eastern parts of the country. It also assesses why Cold War belief systems have re-emerged so easily, and concludes by considering the likely long-term ramifications of the crisis, arguing that the deep-rooted lack of trust makes the possibility of compromise even harder than in the original Cold War.

The Gendered Society Reader Amy Kaler, Michael S Kimmel, Amy Aronson, 2015-03-19 This collection of classic and contemporary essays provides a detailed, engaging, and altogether current study of gender that focuses on Canadian themes and scholars.

SIPRI Yearbook 2018 Stockholm International Peace Research Institute, 2018 The 49th edition of the SIPRI Yearbook analyses developments in 2017 in: - Security and conflicts - Military spending and armaments - Non-proliferation, arms control and disarmament. The SIPRI Yearbook contains extensive annexes on the implementation of arms control and disarmament agreements, and a chronology of events during the year in the area of security and arms control.

Право Украины. Главные документы страны: Конституция, кодексы, законы, акты Верховной Рады, Кабинета Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has been evident than ever. They have the

capacity to inspire, provoke, and ignite change. Such is the essence of the book **Право Украины. Главные документы страны: Конституция, кодексы, законы, акты Верховной Рады, Кабинета**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book is key themes, examine its writing style, and analyze its overall impact on readers.
