Improve Your English: English in the Workplace Stephen Brown,Ceil Lucas,2008-07-01 A revolutionary new DVD that teaches you practical English using real

conversations Improve Your English: English in the Workplace combines the video advantages of DVDs with the educational benefits of fluent American English

speakers in unscripted interviews. You will benefit from hearing real people--men and women from various regions and occupations--having spontaneous conversations about the workplace, their jobs, and careers. The DVD also has a transcript and workbook designed to refine your listening and speaking skills. Includes one 120-minute DVD.

Psycho-Cybernetics (Updated and Expanded) Maxwell Maltz,2022-09-08 The landmark self-help bestseller that has inspired and enhanced the lives of more than

30 million readers. In this updated edition, with a new introduction and editorial commentary by Matt Furey, president of the Psycho-Cybernetics Foundation, the original 1960 text has been annotated and amplified to make Maxwell Maltz's message even more relevant for the contemporary reader. Maltz was the first

researcher and author to explain how the self-image (a term he popularized) has complete control over an individual's ability to achieve, or fail to achieve, any goal. He developed techniques for improving and managing self-image visualization, mental rehearsal and relaxation which have informed and inspired countless motivational gurus, sports psychologists, and self-help practitioners for more than sixty years. Rooted in solid science, the classic teachings in Psycho-Cybernetics continue to provide a prescription for thinking and acting that lead to life-enhancing, quantifiable results.

1001 Inventions Salim T. S. Al-Hassani,2012 Modern society owes a tremendous amount to the Muslim world for the many groundbreaking scientific and technological advances that were pioneered during the Golden Age of Muslim civilization between the 7th and 17th centuries. Every time you drink coffee, eat a three-course meal, get a whiff of your favorite perfume, take shelter in an earthquake-resistant structure, get a broken bone set or solve an algebra problem, it is in part

due to the discoveries of Muslim civilization.
