Bedtime Stories for Kids Ivy Marie Jackson, 2020-09-19 Do your kids have a hard time falling asleep? Do your kids like to hear stories before sleep? Are you looking for a children's book that is highly entertaining and also a good moral? Do you want to calm your child down, improve their vocabulary, and listening skills? Forget medicine, please! This book is for you! Bedtime stories are stories told after your child gets into bed for the night. They will often ask you to sit with them. This is an easy chance to offer them a story to tell. Kids love this because it is a surprise for them and, at that moment, makes them feel truly important. Bedtime stories create a beneficial aspect of the daily bedtime routine! The stories can also increase their vocabulary, improve their concentration skills, and stimulate and encourage creativity and imagination. This book contains unique stories written specifically to help your child calm down before bed. The benefit your children can have: More relaxed Have fun Reducing anxiety Help to fall asleep fast You can either read from a book a classic story, find a quick one online, or tell it from memory. Often a great story about bedtime is improvised to suit your child's mood at that particular moment. Typically these stories are the ones that have been told in many different ways for many years. Popular stories include princess and prince stories, great monsters and knights, adventure kids, and thrilling stories with no end to them. This latter type of story is interesting, as it allows you to draw the same story over many nights in order to keep your child interested and always

want more. It is helpful to tell bedtime stories. Your child will find that sleep with a great story in their ears comes quietly. While giving them good dream material, it engages their imagination and has been shown to calm a busy child. Children sometimes tend to be worked up, especially at night, and a nice story will put their fears to rest and give them the relaxation they need so much. You may make a story that tells them that the beast under their bed is not so evil, or that their friends are the shadows on their wall. *Fairy Tales* Teya Evans,2019-08-03 Do you read bedtime stories for your child? Don't modern heroes seems too boring to you? Try to plunge into the fairy tale world filled with ancient, magical creatures: elves, fairies, mermaids, dragons... This fairy tale storybook is dedicated to ancient folktales from around the

world. Many of them are lost, but some have still managed to reach our era. We travel, together, all around the world. We sink into the old tales that speak of magic we still don't fully understand. We look for answers, but - perhaps more importantly - we look for questions: for that spirit that makes us stare in reverent wonder at the world around us. Our ancestors told of these magical creatures from generation to generation. And it is surprising how similar their habits are. Perhaps by reading some of the tales from another continent, you will find that her characters are exactly the same as in your grandmother's tales. Who knows? And then, perhaps, you tell this story to your child. And you will pass it on to the next generation. And now... Pretend you're sitting by a fire, listening to a wise, wizened storyteller begin to talk...
