It could be their second chance at life...or it could be a suicide mission. CLARKE was arrested for treason, though she's haunted by the memory of what she really did. WELLS, the chancellor's son, came to Earth for the girl he loves -- but will she ever forgive him? Reckless BELLAMY fought his way onto the transport pod to protect his sister, the other half of the only pair of siblings in the universe. The Baseball 100 Joe Posnanski,2021-09-28 NEW YORK TIMES BESTSELLER * Winner of the CASEY Award for Best Baseball Book of the Year “An instant sports classic.” —New York Post * “Stellar.” —The Wall Street Journal * “A true masterwork...880 pages of sheer baseball bliss.” —BookPage (starred review) * “This is a remarkable achievement.” —Publishers Weekly (starred review) A magnum opus from acclaimed baseball writer Joe Posnanski, The Baseball 100 is an audacious, singular, and masterly book that took a lifetime to write. The entire story of baseball rings through a countdown of the 100 greatest players in history, with a foreword by George Will. Longer than Moby-Dick and nearly as ambitious,? The Baseball 100 is a one-of-a-kind work by award-winning sportswriter and lifelong student of the game Joe Posnanski. In the book's introduction, Pulitzer Prize-winning commentator George F. Will marvels, “Posnanski must already have lived more than two hundred years. How else could he have acquired such a stock of illuminating facts and entertaining stories about the rich history of this endlessly fascinating sport?” Baseball's legends come alive in these pages, which are not merely rankings but vibrant profiles of the game's all-time greats. Posnanski dives into the biographies of iconic Hall of Famers, unfairly forgotten All-Stars, talents of today, and more. He doesn't rely just on records and statistics—he lovingly retraces players' origins, illuminates their characters, and places their accomplishments in the context of baseball's past and present. Just how good a pitcher is Clayton Kershaw in the 21st-century game compared to Greg Maddux dueling with the juiced hitters of the nineties? How do the career and influence of Hank Aaron compare to Babe Ruth's? Which player in the top ten most deserves to be resurrected from history? No compendium of baseball's legendary geniuses could be complete without the players of the segregated Negro Leagues, men whose extraordinary careers were largely overlooked by sportswriters at the time and unjustly lost to history. Posnanski writes about the efforts of former Negro Leaguers to restore sidelined Black athletes to their due honor and draws upon the deep troves of the Negro Leagues Baseball Museum and extensive interviews with the likes of Buck O'Neil to illuminate the accomplishments of players such as pitchers Satchel Paige and Smokey Joe Williams; outfielders Oscar Charleston, Monte Irvin, and Cool Papa Bell; first baseman Buck Leonard; shortstop Pop Lloyd; catcher Josh Gibson; and many, many more. The Baseball 100 treats readers to the whole rich pageant of baseball history in a single volume. Engrossing, surprising, and heartfelt, it is a magisterial tribute to the game of baseball and the stars who have played it.

If I Live to Be 100 Neenah Ellis, 2019-03-05 A beautifully written and elegantly wise book that takes us inside the world of centenarians and invites us to learn from them firsthand the art of living well for an exceptionally long period of time. Neenah Ellis always wanted to live to 100, and her fascination led her to interview centenarians from all over the US about what life was like at the very beginning of the century, and how things have changed over time. Ellis, a producer for National Public Radio, spent an unforgettable year traveling with her tape recorder and listening to the stories of America's oldest men and women. She met a couple who courted by horse and sleigh in Vermont during the winter of 1918, and she spent a week with the oldest living black lesbian in America. She visited a nationally known expert on dyslexia who published a book at 96 and whose great-great-grandfather was a colonel in Washington's army; and she met Anna Wilmot, the row-boating centenarian from New England who captured the hearts of thousands of NPR listeners with her confession that she swims in the buff only "when it's foggy and there's no fisherman around." Originally conceived as an American history project, Ellis's year of interviews became much more, a personal journey of growth and transformation. After two decades of acting as the reporter and inquisitor, Ellis finally shifted gears and was able in the process of these conversations to start really listening. Once she had put away the exigencies of her cusp-of-the-millennium life—her deadlines, the intense focus on current events, the endless e-mail and ringing phones—she began to learn the kinds of things that we do from much older people. She started to connect in her conversations with them, and to see the virtue of looking forward, as the centenarians did, not backward. They reminded her that the moment—this very moment that we're in right now—is precious and fine. And that the true richness of life is to be found in each other—in our marriages and friendships, in the intellectual life that we share with each other, and in the ways that we become connected. Their stories add up to a course in living well, with lessons and inspiration for all of us.
