Audio Postproduction for Digital Video Jay

Rose, 2012-11-12 Written in the author's clear conversational style, with ample illustrations and visual analogies, this book features software agnostic tutorials and cookbook recipes for each phase of postaudio processing. The author begins with a section of FAQs from readers of the author's magazine column. After summarizing the significant points of audio theory, the author describes the preliminaries of setting up a post studio. From there he details every aspect of postproduction - from getting the tracks into the computer, to 'fixing and mixing,' to dealing with details of compression and streaming. The companion audio CD contains diagnostics, tutorial tracks, and demonstrations.

The City on Screen: Modern Strangers of Cinematic Istanbul Sertaç Timur Demir, 2024-01-02 'The City on Screen: Modern Strangers of Cinematic Istanbul' attempts to analyze how Istanbul is captured through the projector; in other words, the ontological relationship between city

and film and how it is elaborated within the context of Istanbul and the sense of strangerhood. This book shifts the axis of Istanbul, typically known as a touristic city, to its underlying details through the strangers in the modern city. Five different films set in this region are analyzed in the text that help to reveal and clarify the socio-urban life of modern Istanbul. The characters and stories in these films tell how Istanbul has socially and architecturally become a city of strangers. The films analyzed include 'A Touch of Spice' (2004), 'Men on the Bridge' (2009), 'A Run for Money' (1999), 'Distant' (2002), and '10 to 11' (2009). The theoretical framework of this book is based on the works of Georg Simmel, Zygmunt Bauman and Richard Sennett. These three thinkers have all attempted to look for answers to the sociological question of strangerhood in urban living. This book accomplishes this connection by discussing the similarities and differences between each of their theories regarding the city, cinema and strangerhood.

Unique Philosophy Book- Cosmocellular-Hypothesis: A Journey from Meditation to Modern-Medicine (Volume-1-C) Dr. Kamlesh N Patel, Welcome to still-unwritten-phenomena showing Nonmolecularly-Molecular Cosmocellular-World. Read a special & unique book (Cosmocellular-Hypothesis). No one would have ever read it before. This same Cosmocellular-Message you had read before 30 billion years, and will also read after 30 billion years,.....How it's possible according to universal Ancient-Vedic-Law of the Time-Replication & Thermodynamics-Laws of the Modern-Science (Waves-physics)? Indeed, all kind of the plant-kingdoms & animal-kingdoms on the earth, had reproduced , are reproducing & will reproduce from their same species only. Thus, our ancestors were not apes, but they were same as we look today. How according to such joint-theory of cosmocellular-ancestry (and waves- & particles-physics) as well as cytocosmic-ancestry, ---- can trace back us to Vedic-belief or philosophical-belief (which strongly prevailed before Charles Darwin) about the evolution of life on the earth that each living-species evolved separately & that none had changed their forms? That means, how a man evolved from a man only ,not from the ape or other species. In other words, man has descended from man only , & rat from rat only; similarly a banyan tree from banyan-tree only, & mango-tree from mango-tree only etc.etc. ? In short, a babool or banyan tree never gives mango-fruit. www.cosmocellular.com

Peruvian Cinema of the Twenty-First Century Cynthia

Vich, Sarah Barrow, 2020-12-17 This is the first English-language book to provide a critical panorama of the last twenty years of Peruvian cinema. Through analysis of the nation's diverse modes of filmmaking, it offers an insight into how global debates around cinema are played out on and off screen in a distinctive national context. The insertion of post-conflict Peru within neoliberalism resulted in widespread commodification of all areas of life, significantly impacting cinema culture. Consequently, the principal structural concept of this collection is the interplay between film production and market forces, an interaction which makes dynamism and instability the defining features of 21st-century Peruvian cinema.
