🔖 **THE BRILLIANT HOME BUYER: 101 TIPS FOR BUYING A HOME IN THE NEW ECONOMY** Katie Severance,2020-12-30 This is a book of insider real estate advice that will give homebuyers a major advantage in creating personal wealth. Buying and owning a home long term is, by far, the most dependable path to wealth for most people. The potential profit when you sell one day is enormous. But the entire real estate industry has changed dramatically in just the last five years. Nearly everything about the process is new. It is critical to know what you are doing and to have the edge over sellers --and even other buyers. To make a huge profit tomorrow, you have to know what you are doing today. Written by a 20 yr veteran agent, and the author of The Complete Idiot's Guide to Selling Your Home, Katie Severance now offers her insider tips and strategies to buyers looking for a home in this new, fast paced and ever-changing economy. She has represented thousands of buyers and sellers in the post 9/11 era, the housing crash of 2008, and most recently the coronavirus pandemic of 2020-21. She will show you how to find and target a community (and neighborhood) that is growing in value, read market conditions, find a home that will sell for the most money in the future, outmaneuver the seller in a negotiation, understand the new inspection process and negotiate cash credits, and find the right loan products, insurance products and best professionals. Katie Severance has been interviewed on MSNBC, Bankrate.com, radio shows, and in magazines such as U.S News and World Report, Woman's World, and Realtor Magazine.

🔖 **11 Tips For Selling Your Home Yourself** Bill Vincent,2012-03-17 So....you'd like to sell your house? Great! Everyone's doing it. But this is your first time and you'll be doing the sale yourself. Nervous? Of course! The fact is, it's only unnerving because you haven't got a clue about the dynamics of selling a house your house. It's the one asset you have where you've plunked down your lifetime savings. Now you want it all back! That equity you were slowly building over these years will come back to you a hundredfold because you've thought about it long enough to realize that there is a handsome profit waiting to be made. Don't worry! This episode in your life doesn't need to be a drama of horrors. In this book, we've collected important tips for you the first timer - all 101 of them, in fact. And when that check finally lands on your hands and the last box has been shipped out of your house to make way for the new owners, it will be exhilarating more exhilarating than you've ever imagined it to be. Study the tips. Some you already know, no doubt. But even with 101 or 1001 tips, you'd still need professional advice you managed to eliminate the real estate agent, but you'll still need your lawyer (or notary) and your accountant. You need to consult with other professionals as well like the professional house inspector who can dish out valuable advice about repairs and maintenance. These tips can help you map out a selling strategy for your house, and when you turn the lock for the last time, you'll come out of the experience wiser. And yes, wealthier, too. The confidence you gain by getting your feet wet the first time could who knows? make you want to do it the second time, and then a third time...and more!

🔖 **101 THINGS TO DO TO SELL YOUR HOUSE FOR MORE** Julie Margaret Rayner,2013 Advice, tips and information to help you sell your home for the best price in any market. This book has been written with the intention of providing information and suggestions for quick fixes, budget reno's, tips and advice with the view to positioning you in the market for a speedy sale at a great price. It provides a complete overview of the house, from the street to the back fence (and everywhere in between), where to start, what to look for, how to fix it and how to make it shine for inspections. Buying and selling real estate has changed and evolved. You now have access to a huge range of data, statistics and information which hasn't been available to the public in the past. But there's so much information out there now, it's also easy to get confused. That's where this book and I come in. Aside from the practical side of preparing your house for sale, I'll go further, to explain in detail, the processes involved in the sale of your home and how to maximise your sales campaign, how to select the best agent for you, the legal angles and other pits-falls that can be easily avoided by the well informed player. There's some fun stuff in there too; it's not all just facts and figures. Selling your home is one of the few times in life when you can directly affect the final result of the return on your original investment. I've written this book to help you make sure that your investment pays off ... BIG TIME! (and because I've always wanted to see my name as the author on a book). I hope that you enjoy and benefit from 101 Things to do to sell your house for more. Julie Rayner
