Postwar Polish Poetry Czesław Miłosz, 1983-07-08 This expanded edition of Postwar Polish Poetry (which was originally published in 1965) presents 125 poems by 25 poets, including Czesław Miłosz and other Polish poets living outside Poland. The stress of the anthology is on poetry written after 1956, the year when the lifting of censorship and the breakdown of doctrines provoked an explosion of new schools and talents. The victory of Solidarity in August 1980 once again opened new vistas for a short time; the coup of December closed that chapter. It is too early yet to predict the impact these events will have on the future of Polish poetry. From Amazon.

Literature Against Philosophy, Plato to Derrida Mark Edmundson, 1995-06-15 This timely book argues that the institutionalisation of literary theory, particularly within American and British academic circles, has led to a sterility of thought which ignores the special character of literary art. Mark Edmundson traces the origins of this tendency to the ancient quarrel between philosophy and poetry, in which Plato took the side of philosophy; and he shows how the work of modern theorists - Foucault, Derrida, de Man and Bloom - exhibits similar drives to subsume poetic art into some 'higher' kind of thought. Challenging and controversial, this book should be read by all teachers of literature and of theory, and by anyone concerned about the future of institutionalised literary studies.

Romanticism, Lyricism, and History Sarah MacKenzie Zimmerman, 1999-01-01 Arguing against a persistent view of Romantic lyricism as an inherently introspective mode, this book examines how Charlotte Smith, William Wordsworth, and John Clare recognized and employed the mode's immense capacity for engaging reading audiences in reflections both personal and social. Zimmerman focuses new attention on the Romantic lyric's audiences - not the silent, passive auditor of canonical paradigms, but historical readers and critics who can tell us more than we have asked about the mode's rhetorical possibilities. She situates poems within the specific circumstances of their production and consumption, including the aftermath in England of the French Revolution, rural poverty, the processes of parliamentary enclosure, the biographical contours of poet's careers, and the myriad exchanges among poets, patrons, publishers, critics, and readers in the literary marketplace.

H. D. and Hellenism Eileen Gregory, 1997-09-28 H. D. and Hellenism: Classic Lines concerns a prominent aspect of the writing of the modern American poet H. D. (Hilda Doolittle): a lifelong engagement with hellenic literature, mythology and art. H. D.'s hellenic intertextuality is examined in the context of classical fictions operative at the turn of the century: the war of words among literary critics establishing a new 'classicism' in reaction to romanticism; the fictions of classical transmission and the problem of women within the classical line; nineteenth-century romantic hellenism, represented in the writing of Walter Pater; and the renewed interest in ancient religion brought about by anthropological studies, represented in the writing of Jane Ellen Harrison. Eileen Gregory explores at length H. D.'s intertextual engagement with specific classical writers: Sappho, Theocritus and the Greek Anthology, Homer and Euripides. The concluding chapter sketches chronologically H. D.'s career-long study and reinvention of Euripidean texts. An appendix catalogues classical subtexts in *Collected Poems, 1912-1944*, edited by Louis Martz.

A Fugitive from Utopia Stanisław Barańczak, 1987 Barańczak--a poet, critic, translator, and Polish émigré--supplies politico-cultural context for Herbert while analyzing the texts and themes of his poems. Herbert's poetry, he shows, is based on permanent confrontation--of Western tradition with the experience of an Eastern European, of classicism with modernity, of cultural myth with empiricism.

Mysticism for Beginners Adam Zagajewski, 1999-04-15 [Zagajewski] is in some sense a pilgrim, a seeker, a celebrant in search of the divine, the unchanging, the absolute. His poems are filled with radiant moments of plenitude. They are spiritual emblems, hymns to the unknown, levers for transcendence. --Edward Hirsch, *Doubletake*. Zagajewski deserves the attention of readers accustomed to swerve away from poetry. And moreover, he is good: the unmistakable quality of the real thing -- a sunlike force that wilts clichés and bollixes the categories of expectation -- manifests itself powerfully through able translation. --Robert Pinsky, *The New Republic*.

The Heart and the World. A Play ... John Westland Marston, 1847

Speech Act and Sachverhalt K. Mulligan, 2013-11-11 Phenomenology as practised by Adolf Reinach (1883-191 7) in his all too brief philosophical career exemplifies all the virtues of Husserl's *Logical Investigations*. It is sober, concerned to be clear and deals with specific problems. It is therefore understandable that, in a philosophical climate in which Husserl's masterpiece has come to be regarded as a mere stepping stone on the way to his later *Phenomenology*, or even to the writings of a Heidegger, Reinach's contributions to exact philosophy have been all but totally forgotten. The topics on which Reinach wrote most illuminatingly, speech acts (which he called 'social acts') and states of affairs (*Sachverhalte*), as well as his realism about the external world, have come to be regarded as the preserve of other traditions of exact philosophy. Like my fellow contributors, I hope that the present volume will go some way towards correcting this unfortunate historical accident. Reinach's account of judgements and states of affairs, an account that precedes those of Russell and Wittgenstein, his 1913 treatment of speech acts, his reinterpretation of Hume and aspects of his legal philosophy are the main philosophical topics dealt with in what follows. But his analysis of deliberation as well as his work on movement and Zeno's paradoxes get only a passing mention.

Crime And Punishment Fyodor Dostoevsky, 2021-01-18 A few words about Dostoevsky himself may help the English reader to understand his

work. Dostoevsky was the son of a doctor. His parents were very hard-working and deeply religious people, but so poor that they lived with their five children in only two rooms. The father and mother spent their evenings in reading aloud to their children, generally from books of a serious character. Though always sickly and delicate Dostoevsky came out third in the final examination of the Petersburg school of Engineering. There he had already begun his first work, "Poor Folk." This story was published by the poet Nekrassov in his review and was received with acclamations. The shy, unknown youth found himself instantly something of a celebrity. A brilliant and successful career seemed to open before him, but those hopes were soon dashed. In 1849 he was arrested.

Lyric Time Sharon Cameron, 1979 *Lyric Time* offers a detailed critical reading of a particularly difficult poet, an analysis of the dominance of temporal structures and concerns in the body of her poetry, and finally, an important original contribution to a theory of the lyric. Poised between analysis of Emily Dickinson's poetic texts and theoretical inquiry, *Lyric Time* suggests that the temporal problems of Dickinson's poems are frequently exaggerations of the features that distinguish the lyric as a genre. It is precisely the distance some of Dickinson's poems go toward the far end of coherence, precisely the outlandishness of their extremity, that allows us to see, magnified, the fine workings of more conventional lyrics, writes Sharon Cameron. *Lyric Time* is written for the literary audience at large—Dickinsonians, romanticists, theorists, anyone interested in American poetry, or in poetry at all, and especially anyone who admires a risky book that succeeds.
