Jesus, My Father, the CIA, and Me Ian Morgan Cron,2011-06-06 A touching memoir of life with an alcoholic father who secretly works with the CIA, a dark pilgrimage through the valley of depression and addiction, and finding a faith to redeem and a strength to forgive. This is a record of my life as I remember it—but more importantly, as I felt it. At the age of sixteen, Ian Morgan Cron was told by his mother that his father, a motion picture executive, worked with the CIA in Europe. This astonishing revelation, coupled with his father's dark struggle with alcoholism, upended the world of a teenager struggling to become a man. Born into a family of privilege and power, Ian's life is populated with colorful people and stories as his father takes the family on a wild roller-coaster ride through wealth and poverty and back again. Decades later, as he faced his own personal demons, Ian realized that the only way to find peace was to voyage back through a painful childhood marked by extremes—privilege and poverty, violence and tenderness, truth and deceit—that he'd spent years trying to escape. A fast-paced, unique memoir about the power of forgiveness from the bestselling author of *The Road Back to You* Details his father's struggle with alcohol and Cron's own journey from addiction to twenty-three years of sobriety Encouragement to see God's redemptive power through life's struggles In this surprisingly funny and forgiving memoir, Ian reminds us that no matter how different the pieces may be, in the end we are all cut from the same cloth, stitched by faith into an exquisite quilt of grace.

The Impulse Economy Gary Schwartz,2011-11-01 We live in a world where our mobile devices have become extensions of ourselves. We depend on them for instant connections to entertainment, social media, news, and deals. The phone has become our ticket, loyalty card, and catchall wallet. Networks are faster, phones are smarter, and the mobile shopper is ready to spend money now. What can a business do to maximize the mobile buying power of the new impulse consumer? Gary Schwartz has written a groundbreaking book that outlines the history of the mobile industry and shows just how businesses can build up their mobile platforms to maximize online sales. He'll explain: • How to minimize barriers between the shopper and a sale. • How marketers can connect and, more important, reconnect with loyal shoppers. • The technology available now—and what's coming soon—and how to pick a solution that will deliver results. But like *Blink* or *Freakonomics*, this isn't just a book for businesses. It's also an eye-opening look into the ways our economy is changing every second of every day. Gary Schwartz analyzes a phenomenon that's modifying people's actions and challenges our assumptions about our behavior as consumers. Anyone interested in the ways our behavior as shoppers is changing—and what we can do to better harness this opportunity—will find this book to be essential reading.

Will You Miss Me When I'm Gone? Mark Zwonitzer, Charles Hirshberg, 2014-10-14 The first major biography of the Carter Family, the musical pioneers who almost single-handedly created the sounds and traditions that grew into modern folk, country, and bluegrass music. Meticulously researched and lovingly written, it is a look at a world and a culture that, rather than passing, has continued to exist in the music that is the legacy of the Carters—songs that have shaped and influenced generations of artists who have followed them. Brilliant in insight and execution, *Will You Miss Me When I'm Gone?* is also an in-depth study of A.P., Sara, and Maybelle Carter, and their bittersweet story of love and fulfillment, sadness and loss. The result is more than just a biography of a family; it is also a journey into another time, almost another world, and theirs is a story that resonates today and lives on in the timeless music they created.

The Precariat Guy Standing, 2021-07-15 This book presents the new Precariat – the rapidly growing number of people facing lives of insecurity, on zero hours contracts, moving in and out of jobs that give little meaning to their lives. The delivery driver who brings your packages, the uber driver who gets you to work, the security guard at the mall, the carer looking after our elderly...these are The Precariat. Guy Standing investigates this new and growing group, finding a frustrated and angry new underclass who are often ignored by politicians and economists. The rise of zero hours contracts, encouraged by fat cat corporations as risk-free employment, and by silicon valley as a way of outsourcing costs and responsibility, has been exacerbated by the COVID pandemic. At the same time, in its experience of lockdown, the western world is realizing the true value of these nurses, carers and key workers. The answer? The return of income security and meaningful work - the principles 20th century capitalism was built on. By making the fears and desires of the Precariat central to economic thinking, Standing shows how concepts like Basic Income are not just desirable but inevitable, and plots the way to a better future.
