Bottom of the Pot Naz Deravian, 2018-09-18 Winner of The IACP 2019 First Book Award presented by The Julia Child Foundation Like Madhur Jaffrey and Marcella Hazan before her, Naz Deravian will introduce the pleasures and secrets of her mother culture's cooking to a broad audience that has no idea what it's been missing. America will not only fall in love with Persian cooking, it'll fall in love with Naz." - Samin Nosrat, author of Salt, Fat, Acid, Heat: The Four Elements of Good Cooking Naz Deravian lays out the multi-hued canvas of a Persian meal, with 100+ recipes adapted to an American home kitchen and interspersed with Naz's celebrated essays exploring the idea of home. At eight years old, Naz Deravian left Iran with her family during the height of the 1979 Iranian Revolution and hostage crisis. Over the following ten years, they emigrated from Iran to Rome to Vancouver, carrying with them books of Persian poetry, tiny jars of saffron threads, and always, the knowledge that home can be found in a simple, perfect pot of rice. As they traverse the world in search of a place to land, Naz's family finds comfort and familiarity in pots of hearty aash, steaming pomegranate and walnut chicken, and of course, tahdig: the crispy, golden jewels of rice that form a crust at the bottom of the pot. The best part, saved for last. In Bottom of the Pot, Naz, now an award-winning writer and passionate home cook based in LA, opens up to us a world of fragrant rose petals and tart dried limes, music and poetry, and the bittersweet twin pulls of assimilation and nostalgia. In over 100 recipes, Naz introduces us to Persian food made from a global perspective, at home in an American kitchen.

Bong Mom's Cookbook Sandeepa Datta Mukherjee, 2013-04-10 The elaborate Sunday morning breakfasts, the seasonal delicacies, the preserves that made available non-seasonal flavours - this is the stuff of childhood memories. Sandeepa Mukherjee Datta - blogger, foodie and mother of two - strives to make this possible in her own life, and yours. This delicious book travels from Sandeepa's grandmother's kitchen in north Calcutta to her home in a New York suburb through heart-warming anecdotes and quick-easy recipes. paanch-phoron. The new woman's spin on old traditions, Bong Mom's Cookbook is a must-have kitchen supplement for Bongs and non-Bongs alike. 'Authentic and enjoyable, clear and personal, studded with anecdotes that warm the heart and stir up your own memories of your favourite family recipes, Bong Mo's Cookbook is a delight to read. Trust Protectors: A Practice Manual with Forms Alexander A. Bove, Jr.,2014-09-01 The trust protector is generally regarded as a relatively new position in trust law, and the key feature of the position is that the protector may be granted powers over the trust, which are generally superior to those of the trustee. This places the protector in a position where, by the exercise of his powers, he can cause the trust to adjust to unforeseen changes or new conditions without the need for court action or beneficiary approval. This work takes the firm position that, with only limited exception, the role of the protector is a fiduciary one, imposing on the protector a duty to act in the best interests of the purposes of the trust and the beneficiaries. Unfortunately, a substantial segment of the legal community, as well as the legislative bodies of a number of international jurisdictions, have taken a position that the protector is not a fiduciary, or that he may be declared in the trust not to be a fiduciary, and that the power granted him under the trust may be declared to be personal powers, whether or not such is the case, and thus he would have no liability for his actions or inactions while serving as protector. This "attraction" of providing total exculpation of the protector has effectively engendered a quick acceptance of the position by the bulk of the legal community and even by the legislatures of a number of jurisdictions, though almost totally unsupported by relevant case law. As a result, we have been seeing trusts which incorporate the use of a protector having the power to make critical dispositive and administrative decisions, as well as extensive modifications to the trusts without being exposed to liability for negligence or bad decisions which result in damages. This work will examine in detail the role of the protector of the trust, the relationship between the protector and the trustee, between the protector and the beneficiaries, and the protector's responsibilities to the purposes of the trust. It will demonstrate with legal support that the role of the protector is not a new role, that, in fact, the protector is simply a new name for the decades-old position of trust "advisor," and that the trust advisor is consistently regarded as a fiduciary in relevant treatises and has been repeatedly held to be a fiduciary in relevant cases. The discussion will also review and analyze the historical issues and professional commentary relevant to trust law and the role of protector, as well as case decisions in various international jurisdictions which have shed light on the issues and some of the positions taken in the statutes of a number of jurisdictions in the United States and across the world. All legal aspects of the role will be examined, including the rights of the protector, the protector's relationship to the trustee, and the courts' regard for and treatment of the position. Further, the work will discuss in detail all of the practical considerations in using a protector, such as selection and special drafting considerations, the use of a protector in a foundation, and, in brief, the numerous tax issues that may apply. The conclusion will be that with only very limited exception, which will be explained, the protector is unquestionably a fiduciary, and just as a trustee, he should be held to fiduciary standards. Accordingly, while it is certainly possible to grant personal powers to an individual under a trust, those powers per se conflict with the duties of a protector. And while it is also possible to reduce the fiduciary liability of a protector to a minimum, it is not possible to eliminate it entirely, regardless of trust language attempting to do so.

The Potato Crop Hugo Campos,Oscar Ortiz,2019-12-03 This book is open access under a CC BY 4.0 license. This book provides a fresh, updated and science-based perspective on the current status and prospects of the diverse array of topics related to the potato, and was written by distinguished scientists with hands-on global experience in research aspects related to potato. The potato is the third most important global food crop in terms of consumption. Being the only vegetatively propagated species among the world's main five staple crops creates both issues and opportunities for the potato: on the one hand, this constrains the speed of its geographic expansion and its options for international commercialization and distribution when compared with commodity crops such as maize, wheat or rice. On the other, it provides an effective insulation against speculation and unforeseen spikes in commodity prices, since the potato does not represent a good traded on global markets. These two factors highlight the underappreciated and underrated role of the potato as a dependable nutrition security crop, one that can mitigate turmoil in world food supply and demand and political instability in some developing countries. Increasingly, the global role of the potato has expanded from a profitable crop in developing countries to a crop providing income and nutrition security in developing ones. This book will appeal to academics and students of crop sciences, but also policy makers and other stakeholders involved in the potato and its contribution to humankind's food security.

My Basmati Bat Mitzvah Paula J. Freedman,2013-10-01 During the fall leading up to her bat mitzvah, Tara (Hindi for "star") Feinstein has a lot more than her Torah portion on her mind. Between Hebrew school and study sessions with the rabbi, there doesn't seem to be enough time to hang out with her best friend Ben-O—who might also be her boyfriend—and her other best friend, Rebecca, who's getting a little too cozy with the snotty Sheila Rosenberg. Not to mention working on her robotics project with the class clown Ryan Berger, or figuring out what to do with a priceless heirloom sari that she accidentally ruined. Amid all this drama, Tara considers how to balance her Indian and Jewish identities and what it means to have a bat mitzvah while questioning her faith. With the cross-cultural charm of Bend It Like Beckham, this delightful debut novel is a classic coming-of-age story and young romance with universal appeal. Praise for My Basmati Bat Mitzvah In my opinion, My Basmati Bat Mitzvah shows that everyone is different in their own way and some get the advantage of being culturally diverse. I rate the book 5 stars! —Shivani Desai, age 13
STARRED REVIEW The latest spunky heroine of South Asian-Jewish heritage to grace middle-grade fiction, Tara Feinstein, 12, charms readers from the get-go in this strong, funny debut. —Kirkus Reviews, starred review Tara's inquisitiveness, openness, and determination to chart her own path stand out in this warm story of family, faith and the ways people are unique yet intertwined. —Publishers Weekly With a conversational and authentic tween voice, Tara invites readers into her world as she explores the larger issues of faith, compassion, and tradition while confronting the awkwardness that is puberty—her questions regarding God are poignant and relatable while her opinions on training bras are simply spot-on... —The Bulletin of The Center for Children's Books Authors often mention but then shrink from exploring in depth their characters' mixed religious heritage; it's a sensitive subject that demands close scrutiny. Freedman bucks that trend, avoiding didacticism by portraying broader issues through Tara's personality and unique circumstances. As Tara learns in this skillful exploration, an important source of her special strengths—questioning spirit, empathy and strong ethical compass—is her mixed heritage. —The Jewish Daily Forward This story will have resonance for many children of many faiths at the cusp of religious adulthood. —Booklist As she makes her way through these challenges, she learns a great deal about friendship, family,

and heritage. Freedman handles the ethnic and religious diversity of Tara's family and friends with a light touch, but doesn't shrink from exploring some of the complexities of a dual heritage. —School Library Journal This book's well-drawn characters bring two colorful cultures to vibrant life. The contemporary urban setting, cast with touches of humor and romance, frame mature ideas of peer and self-acceptance in a familiar, lighthearted world. Middle grade girls will readily befriend Tara and pick up new cultural understanding. —Library Media Connection

The Emergence of National Food Atsuko Ichijo, Venetia Johannes, Ronald Ranta, 2019-02-21 What do deep fried mars bars, cod, and Bulgarian yoghurt have in common? Each have become symbolic foods with specific connotations, located to a very specific place and country. This book explores the role of food in society as a means of interrogating the concept of the nation-state and its sub-units, and reveals how the nation-state in its various disguises has been and is changing in response to accelerated globalisation. The chapters investigate various stages of national food: its birth, emergence, and decline, and why sometimes no national food emerges. By collecting and analysing a wide range of case studies from countries including Portugal, Mexico, the USA, Bulgaria, Scotland, and Israel, the book illustrates ways in which various social forces work together to shape social and political realities concerning food. The contributors, hailing from anthropology, history, sociology and political science, investigate the significance of specific food cultures, cuisines, dishes, and ingredients, and their association with national identity. In so doing, it becomes clearer how these two things interact, and demonstrates the scope and direction of the current study of food and nationalism.

Coming of Age on Zoloft Katherine Sharpe, 2012-06-05 A compelling and troubling exploration of a generation raised on antidepressants, and a book that combines expansive interviews with substantive research-based reporting, *Coming of Age on Zoloft* is a vitally important and immediately engrossing study of one of America's most pressing and omnipresent issues: our growing reliance on prescription drugs. Katherine Sharpe, the former editor of *Seed* magazine's ScienceBlogs.com, addresses the questions that millions of young men and women are struggling with. "Where does my personality end and my prescription begin?" "Do I have a disease?" "Can I get better on my own?" Combining stout scientific acumen with first-person experience gained through her own struggle with antidepressants, Sharpe leads the reader through a complex subject, a guide towards a clearer future for all.

Boy @ the Window Donald Earl Collins, 2013-11 As a preteen Black male growing up in Mount Vernon, New York, there were a series of moments, incidents and wounds that caused me to retreat inward in despair and escape into a world of imagination. For five years I protected my family secrets from authority figures, affluent Whites and middle class Blacks while attending an unforgiving gifted-track magnet school program that itself was embroiled in suburban drama. It was my imagination that shielded me from the slights of others, that enabled my survival and academic success. It took everything I had to get myself into college and out to Pittsburgh, but more was in store before I could finally begin to break

from my past. Boy @ The Window is a coming-of-age story about the universal search for understanding on how any one of us becomes the person they are despite-or because of-the odds. It's a memoir intertwined with my own search for redemption, trust, love, success-for a life worth living. Boy @ The Window is about one of the most important lessons of all: what it takes to overcome inhumanity in order to become whole and human again.

Learn to Write Badly Michael Billig,2013-06-20 Modern academia is increasingly competitive yet the writing style of social scientists is routinely poor and continues to deteriorate. Are social science postgraduates being taught to write poorly? What conditions adversely affect the way they write? And which linguistic features contribute towards this bad writing? Michael Billig's witty and entertaining book analyses these questions in a quest to pinpoint exactly what is going wrong with the way social scientists write. Using examples from diverse fields such as linguistics, sociology and experimental social psychology, Billig shows how technical terminology is regularly less precise than simpler language. He demonstrates that there are linguistic problems with the noun-based terminology that social scientists habitually use - 'reification' or 'nominalization' rather than the corresponding verbs 'reify' or 'nominalize'. According to Billig, social scientists not only use their terminology to exaggerate and to conceal, but also to promote themselves and their work.

The History of Bhutan Karma Phuntsho,2013-04-23 In recent years, the remote kingdom of Bhutan has increasingly attracted the attention of the world. In 2008, it emerged as the world's youngest democracy and in the same year crowned the world's youngest monarch. This was followed by the new King's colourful wedding in 2011. Today, it continues to enchant the rest of the world with its policy of Gross National Happiness and has become a very popular destination for travel. But, despite its growing popularity and the rising scholarly interest in the country, Bhutan remains one of the most poorly studied places on earth. Karma Phuntsho's The History of Bhutan is the first-ever attempt to cover the entire history of Bhutan in some detail in English, combining both traditional perspectives and modern academic analysis. Written by a leading expert on the country, the book tells the story of Bhutan in a narrative style interspersed with some analytical and topical discussion, and numerous citations and translations from earlier writings. It is primarily a historical account, but it also includes substantive discussions of Bhutan's geography, culture and society to give the readers an incisive introduction to the country.
