30 Day Sales Challenge Gary Gorman, 2012-05-01

This 30 Day Sales Challenge is ideal for someone who is new to selling or if you are one of those people who know you need to polish up your selling skills in order to actually still have a business in the future! It's been described as Sales for Non Sales People. By breaking it down into 30 daily challenges I'm confident that you'll begin to wonder how you ever found it so awkward to sell products or services. It's not however a book about aggressive, foot in the door, 'hard' selling. That probably belongs to another era to be honest. Thankfully. It's about developing a relationship with a potential customer based on mutual benefit. This Challenge will help you become more focused and more persuasive in your customer interactions.

Jeffrey Gitomer's 21.5 Unbreakable Laws of Selling Jeffrey Gitomer, 2013-09-03 There are universal laws of selling that determine whether you succeed, or don't succeed – whether you earn enough to enjoy the lifestyle you want or struggle to make ends meet. When you align the wind with your sails, you move effortlessly across the water. When your sails are out of alignment, you flounder and go nowhere. If you align your thinking and actions with these powerful laws of selling, you will be more effective and efficient. You will encounter less friction, require less energy, and get bigger results faster. Here's a sampling of Jeffrey's 21.5 Laws of Selling:

- Deliver Value First
- Ask Before Telling
- Communicate in Terms of Them
- Become Your Own

Brand • Earn Referrals and Testimonials without Asking • Create Loyal Customers These 21.5 Laws are the rock foundation of selling. They may be invisible but they are undeniable – and unbreakable. If you're just getting started in selling, you will find the Laws invaluable. Whether or not you learn them and follow them will make or break your career. If you've been in sales for a while, you will find yourself saying, I haven't been doing that. I knew that! How did I forget? When we break the Laws we pay the price. Our sales suffer. Our bank account takes a hit. It's an effort to get out of bed and make a sales call, to do our best work – work that is aligned with the Laws. Use Jeffrey's Laws of Selling to recharge your enthusiasm and redirect your actions back to what really works.

Crush the Competition* is a no-nonsense guide to transforming your entire attitude to sales, turning the old way of doing things on its head to shift all the power to you. The innovative *Sales Badassery* philosophy enables you to turn yourself into an unstoppable sales powerhouse, taking no prisoners along the way. The Challenger Sale Matthew Dixon, Brent Adamson, 2011-11-10 What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships- and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, The Challenger Sale argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-

business solutions. The authors' study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one-the Challenger- delivers consistently high performance. Instead of bludgeoning customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.
