The Happiness Paradox the Happiness Paradigm
Richard Eyre, 2019-01-01 New York Times—Bestselling Author: “The message resonates in today’s workaholic culture that rewards hard work and stress with . . . more hard work and stress.”
—Deseret News In this book, the author of the #1 New York Times bestseller Teaching Your Children Values and The Entitlement Trap, Richard Eyre, contends that the three things today’s society desires most—control, ownership, and independence—are, paradoxically, what bring the most discouragement and unhappiness in our lives. Providing a mind-changing exploration of the inherent problems with our fixation on material possessions, control over our lives, and independence from others, Eyre responds with a unique and engaging counterpoint on how to switch to the joy-giving alternatives of serendipity, stewardship, and interdependence and thus live a more verdant and abundant life. The first half, The Happiness Paradox, explores today’s challenges to happiness. The second half explores The Happiness Paradigm: How A New View Can Turn Your Life Right-Side Up—and walks us through a mental paradigm shift that can change our lives and our search for lasting joy.

Performance Framework for Improving Program and Service Delivery Part7-Appendices Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>
