3D Game Programming Pierre Rautenbach,2008 3D Game Programming focuses on all the elements making up a 3-D first-person shooter game engine using a bottom-up approach. By following the easy-to-read text, the reader will learn how to create his or her own next-generation 3-D game engine with support for vertex and pixel shading GPU techniques (via Cg and HLSL), dynamic lighting and shadowing (via stencil shadow volumes), geometric meshes, audio, artificial intelligence, physics, environmental reflections, refraction and advanced lighting techniques such as High Dynamic Range lighting. Dealing with the cross-platform programming of 3-D Games for both Linux/MacOS X (via OpenGL/GLUT) and Windows (via DirectX 10 or OpenGL/GLUT) platforms, this book bridges an existent rift in the game development community. In addition to covering these APIs in-depth, the reader is also introduced to other game programming topics such as game development techniques and methodologies, particle systems, shader-based special effects, physics-based animation and artificial intelligence, making this the most comprehensive game programming guide around.

Curve Ball Brent Nelson,2021-01-23 **Aliens: Kidnapped** Jim Woodring,1999-03-09 In the dark reaches of the universe lies a remote planet that holds both forbidden pleasures and unspeakable horrors. For three naive smugglers, it's also a place to unload a deadly cargo: an Alien egg. But something about this particular egg is scaring off the black marketeers. And when it hatches, the nightmare will have just begun.

Absolute Mayhem Monica Mayhem,2010-10 So begins the no-holds-barred autobiography of Monica Mayhem—a porn star and proud of it. In her funny and disarmingly candid voice, she reveals the ins and outs of making it big in Los Angeles, the pornography capital of the world. Just how did a girl who was taunted at school because her eyes were “too big,” and who carved out a respectable career for herself trading oil futures in the financial markets of Sydney and London, go on to make over four hundred hardcore adult movies (and counting), win numerous industry awards, and even land herself a role in the first Sex and the City movie? From her troubled childhood to her first show at the famous Spearmint Rhino in London to her favorite sex toys, Monica reveals how she built her empire—which now includes hundreds of films, a website, and lucrative burlesque performances. Absolute Mayhem lifts the lid on the sex, rock, and mayhem of Monica’s truly extraordinary professional life and unveils the private person behind it all.
