Vatsyayana, Richard Francis Burton, 2022-11-13 Man should study the Kama Sutra and the arts and sciences subordinate thereto, in addition to the study of the arts and sciences contained in Dharma and Artha. Even young maids should study this Kama Sutra along with its arts and sciences before marriage, and after it they should continue to do so with the consent of their husbands. Kama Sutra is an ancient Indian text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vātsyāyana. A portion of the work consists of practical advice on sexual intercourse. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life. Sir Richard

Francis Burton (1821–1890) was a British explorer, geographer, translator and diplomat. Burton's best-known achievements include a well-documented journey to Mecca, in disguise; an unexpurgated translation of One Thousand and One Nights (commonly called The Arabian Nights in English); the publication of the Kama Sutra in English and an expedition with J. H. Speke to discover the source of Nile. *The Kama Sutra of Vatsyayana*

Vatsyayana, 2021-08-29 The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsyayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraji. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen

as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. Kama which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and sutra literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

### Kamasutra With Ancient & Modern Illustrations

Vatsyayana, 2016-04-14 Man should study the Kama Sutra and the arts and sciences subordinate thereto, in addition to the study of the arts and sciences contained in Dharma and Artha. Even young maids should study this Kama Sutra along with its arts and sciences before marriage, and after it they should continue to do so with the consent of their husbands. Here some learned men object, and say that females, not being allowed to study any science, should not study the Kama Sutra. But Vatsyayana is of opinion that this objection does not hold good, for women already know the practice of Kama Sutra, and that practice is derived from the Kama Shastra, or the science of Kama itself. Moreover, it is not only in this but in many other cases that though the practice of a science is known to all, only a few persons are acquainted with the rules and laws on which the science is based. Thus the Yadnikas or sacrificers, though ignorant of grammar, make use of appropriate words when addressing the different Deities, and do not know how these words are framed. Again, persons do the duties required of them on auspicious days, which are fixed by astrology, though they are not acquainted with the science of astrology. In a like manner riders of horses and elephants train

these animals without knowing the science of training animals, but from practice only. And similarly the people of the most distant provinces obey the laws of the kingdom from practice, and because there is a king over them, and without further reason.[11] And from experience we find that some women, such as daughters of princes and their ministers, and public women, are actually versed in the Kama Shastra.

Kamasutra Sex Position for Beginners Vincent Brown Rnd,2021-01-12 IntroductionWhen Indian philosopher Vatsyayana was writing the text that would be known as the Kama Sutra a few thousand years ago, there's no way he could have anticipated the impact his work would have on the world. Nowadays, the words Kama Sutra are a synonym for sex. A number of outlets have used Kama Sutra to signify crazy ways to do it, from the (very earnest) Cosmo Kama Sutra to the (highly unauthorized) parody Star Wars Kama Sutra; go to kamasutra.com and you'll find a company specializing in luxury romance and intimacy products, like edible body paints and dusts. If it seems strange that a 2,000-year-old text continues to carry such impact on our erotic imaginations, it gets even stranger when you realize that most of the Kama Sutra isn't actually about sex. Unlike the many hot-and-heavy sex manuals that bear its name, the original Kama Sutra is a philosophical text offering musings on how to have a rewarding life and fruitful relationships; to the extent that it's a sex manual, it's mostly because it doesn't shy away from the notion that sex (and interesting sex positions) is a healthy and normal

part of life. (Of course, given that this is a 2,000-year-old text, it's very heteronormative while queer sex and non-normative gender identities do make appearances in the text, the general assumption is that the reader's primary sexual relationship will be a heterosexual one.)

**Kama Sutra** Nitya Lacroix, 2003 Quarto. Specially commissioned photos juxtaposed with original drawings, illustrate the sexual positions described in the world's most famous sex manual. Probably won't be on the shelf for long!

The Kamasutra Vatsyayana, 2020-12 The Kama Sutra The Kama Sutra is an ancient Indian Sanskrit text on sexuality, eroticism and emotional fulfillment in life. Attributed to Vātsyāyana, the Kama Sutra is neither exclusively nor predominantly a sex manual on sex positions, but written as a guide to the art-of-living well, the nature of love, finding a life partner, maintaining one's love life, and other aspects pertaining to pleasure-oriented faculties of human life. Kamasutra is the oldest surviving Hindu text on erotic love. It is a sutra-genre text with terse aphoristic verses that have survived into the modern era with different bhasya (exposition and commentaries). The text is a mix of prose and anustubh-meter poetry verses. The text acknowledges the Hindu concept of Purusharthas, and lists desire, sexuality, and emotional fulfillment as one of the proper goals of life. Its chapters discuss methods for courtship, training in the arts to be socially engaging, finding a partner, flirting, maintaining power in a married life, when and how to commit adultery, sexual positions, and other topics. The

majority of the book is about the philosophy and theory of love, what triggers desire, what sustains it, and how and when it is good or bad. The text is one of many Indian texts on Kama Shastra. It is a much-translated work in Indian and non-Indian languages. The Kamasutra has influenced many secondary texts that followed after the 4th-century CE, as well as the Indian arts as exemplified by the pervasive presence Kama-related reliefs and sculpture in old Hindu temples. Of these, the Khajuraho in Madhya Pradesh is a UNESCO world heritage site. Among the surviving temples in north India, one in Rajasthan sculpts all the major chapters and sexual positions to illustrate the Kamasutra. According to Wendy Doniger, the Kamasutra became one of the most pirated books in English language soon after it was published in 1883 by Richard Burton. This first European edition by Burton does not faithfully reflect much in the Kamasutra because he revised the collaborative translation by Bhagavanlal Indrajit and Shivaram Parashuram Bhide with Forster Arbuthnot to suit 19th-century Victorian tastes.

Kama Sutra Vātsyāyana, 1997 Vyatsyayana's Kama Sutra is compulsory reading for all who believe in pleasure as one of the more serious aims of life. Cleverly excerpted and beautifully illustrated, this little book is sure to whet your appetite for more. Roli
