You also download CD #1 of the 19 CDs. If you're really planning on nailing the vocab part of GRE, then this comprehensive GRE Word List of 3,861 words will dramatically boost your GRE Verbal score. Listening to vocab is an easy and effortless way to memorize and it sticks. Best for You If you are an American student who is not strong in vocabulary. If you are a foreigner and English is not your first language. Why is vocabulary so very important on the GRE test? Even though there are no vocabulary questions on GRE, a good command of vocabulary is crucial for a high GRE score. Why? Because without a good college-level vocabulary, it is hard to understand the passages and answer questions. If you've taken a few GRE practice tests and your score was low because you didn't know certain words at all, making it quite difficult for you to discern the correct answer, then any improvement in the vocabulary would dramatically help boost your GRE score. So, if you can memorize the high-frequency GRE words (which others find difficult) it can help you get a high GRE score. Content The words are given in bold (for example, the words belabor and buttress below). The meaning is given after the equal sign (=) following a word. The words are not necessarily in alphabetical order. USE gives a sentence fragment carefully chosen for memory. When no sentence fragment is given, a \* is shown as in the word buttress below. belabor = to assail verbally, to insist repeatedly or harp on USE = belabor a point buttress = support USE = \* Makes a Great Gift for Students Many parents and grandparents give it as a gift.

**GRE 4000** Jeff Kolby, 2021-01-15 The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE! Features: \* 4000 Words Defined \* Word Analysis section \* 200 Prefixes, Roots, and Suffixes \* Concise, practical definitions
