Freedom in the 50 States William P. Ruger, Jason Sorens, 2023-11-20 Freedom in the 50 States is one of the most comprehensive and definitive sources on how public policies in each American state impact an individual's economic, social, and personal freedoms. William P. Ruger and Jason Sorens score all 50 states on their overall respect for individual freedom, and also on their respect for three dimensions of freedom considered separately: fiscal policy, regulatory policy, and personal freedom. To calculate these scores, they weight public policies based on the estimated costs that individuals suffer when government restricts their freedoms. This 2023 edition improves on the methodology for weighting and combining state and local policies to create a comprehensive index. The authors introduce new policy variables suggested by readers and changes in the broader policy environment, which include but are not limited to a battery of state-level land-use laws affecting housing, new occupational licensing measures, and qualified immunity limitations.

The Mount Hideaway Mysteries Vincent Christopher, 2021-01-29 In a small Virginia town, outside a mysterious government facility, four homeschooled teenagers investigate a series of murders and other crimes while wrestling with challenges of faith, family, and the transition from childhood to adulthood. A tragic explosion devastates the town of Steven's Mill, Virginia. Was it an accident, or was it part of a larger plot to take over the town and shut down the work going on at the secret command center? This first adventure in the Mount Hideaway Mysteries series of books and movies sets the stage for all the action and intrigue that awaits, and as the prequel to the popular movie Mount Hideaway Mysteries: Exes and Oh No's. With gripping drama and entertainment from a faith-based perspective, the story's characters wrestle with tragedy, danger, and mystery while also pursuing relationships with God.

Fifty State Capitols Jim Stemberger, 2019-06 State governments, headquartered in their iconic capitol buildings, have been governing continuously--and largely democratically, peacefully, and openly--for more than two centuries, a record difficult to match in the history of civilization. Fifty State Capitols shows how the architecture of state capitols contributes to the success of representative government. The formality, timelessness, and public grandeur of representative government are on public display at every one of America's fifty state capitols. Fifty State Capitols describes the majesty and stateliness of each state capitol's exterior form and selected interior details, in words and photographs, including a brief history of the building.

United States Code United States, 2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2,

2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established *prima facie* the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.
