His vice principal is counting down the days until Mr. 60% (aka Matt) finally flunks out and is no longer his problem. What no one knows is the only reason Matt sells drugs is to take care of his uncle Jack, who is dying of cancer. Meet Amanda. The overly cheerful social outcast whose optimism makes Matt want to hurl. *0 to 60* Susan Slater,2021-11-23 Publishers Weekly calls Susan Slater "... witty and absorbing ..." Shelly Sinclair's life seems perfect—marriage to a successful Albuquerque doctor, two grown boys, a beautiful home in the foothills of the Sandia Mountains, financial and emotional security. Until the night of Ed's retirement party and their thirty-fifth anniversary celebration, on the heels of her 60th birthday. That's when her perfect husband chooses to announce that he's asked someone to marry him—a someone thirty-nine years his junior. And, oh yes, she's the mother of his four-year-old child. Alone. At sixty. To start over. Complicated by the reactions from her sons and friends, Shelly has to figure things out, one step at a time. Choosing a new home, receiving an emergency call to deal with her elderly parents, and dating for the first time in decades. At each new roadblock, Ed tends to show up, complicating matters with the pretense that he's there for her. Just when she has seemingly met the real Mr. Right, even though being with him would mean leaving her beloved New Mexico, there comes another big loss and a threat to her life. Can Shelly cope with all the changes and remake her life to be exactly what she wants for herself? Called zany, sexy, and poignant, with plenty of twists, *0-60* was optioned by Hollywood immediately after it was first published. A book club favorite and perfect for fans of Elana Johnson and Rachel Hanna. Includes Book Club discussion questions. Praise for *0-60* and Susan Slater: "I laughed and I cried ... and I loved the ending! Shelly's a champion for middle aged women everywhere. I can so easily see this story on the big screen (wouldn't Susan Sarandon be the perfect Shelly?) Slater has another winner here!" – Connie Shelton, USA Today bestselling author "Shelly's story will make you want to laugh, cry, scream and carry on right alongside her. Goes to show how strong we can be by the time we've lived 60 plus years. Bravo Ms. Slater!" – Quatrano, 5 star online review "If you like surprising twists and turns this book certainly will offer you some. Right from the very first sentence on you are supplied with one jaw-dropping-moment after another. Keeps you reading - kept me up the first night until 5:30 am. I believe that this book would make a great movie." – 5 stars "I loved *0 to 60*! What an entertaining book! It's sexy and stylish, while at the same time addressing a serious subject: starting over at 60." – J.P. 5 stars online review "As I turned the pages I realized that Shelly was everything that I ever wanted to be. As situations arose, some that I have experienced, I watched her rise up and overcome ... a refreshing look at what could happen to any one of us at any given moment. It is funny, thrilling, surprising, and never a dull moment!" – 5 stars "... definitely enjoyed the author's smooth writing style, plus the protagonist's positive attitude and sense of humor. I can see why Hollywood came calling. I will certainly read more of Susan Slater's work." – JPE, 5 stars, online review

This article will explore the advantages of 60 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of 60 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing 60 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, 60 books and manuals for download are incredibly convenient. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring

This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing 60 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for 60 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer

academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, 60 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
