The Doctor, the Hitman, and the Motorcycle Gang Annie McCormick,2020-03-17 A prominent New Jersey doctor and members of a notorious outlaw motorcycle gang The Pagans transform the doctor's office into a drug ring pumping thousands of highly addictive opioid pain pills onto the streets in exchange for cash. Everything was going smoothly until one person discovered their plan: the doctor's wife. When she threatened to divorce him, the doctor's unholy alliance with his partners in crime turned deadly and the doctor hired a hitman to kill her. The Doctor, The Hitman and The Motorcycle Gang is the true story of the murder of April Kauffman, a beloved and vivacious local radio personality and veterans' advocate who was found shot to death in her suburban New Jersey home in May of 2012. In the months leading up to her death, she had uncovered a tangled web of deceit surrounding her husband. She feared he was trying to kill her and that he may harm her family. Nearly six years later, authorities charged her husband, Dr. James Kauffman, with her murder. Just this week, a jury convicted a former leader of the Pagans Motorcycle Club with helping to carry out the murder. McCormick includes never before seen or heard details from the investigation through her years of covering the case and she documents the relentless search for justice by April's family, friends, and her daughter--

Irreversible Damage Abigail Shrier,2020-06-30 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES Irreversible Damage . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts. –Janice Turner, The Times of London Until just a few years ago, gender dysphoria—severe discomfort in one’s biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country are coming out as “transgender.” These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans “influencers.” Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and “gender-affirming” educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to “detransitioners”—young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls’ social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier’s essential book will help

you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.

The Goldbergs Cookbook Beverly Goldberg, Jenn Fujikawa, 2020-04-14 This official cookbook features totally eighties dishes from the hit TV show. Fans have been clamoring for the recipes created by television's favorite sMother, Beverly Goldberg, and *The Goldbergs Cookbook* delivers. Played by Wendi McLendon-Covey and based on creator and show-runner Adam F. Goldberg's real mother, Beverly Goldberg takes every opportunity to cook for her family, putting forth her philosophy: food is love-- and a way to manipulate. These seventy recipes, most taken from the same recipe box prominently featured in the show's sixth season, give hungry fans their best chance to cook like Beverly, who uses outlandish quantities of cheeses and meats (with veggies few and far between)--and who doles out unwanted help and snuggles to her ungrateful kids as she goes. Recipes include Beverly's infamous Shrimp Parm-- and many other Parms, since Parming is her thing; meaty family favorites such as Rib Pot Pie (No Peas, No Carrots), 7-Meat Meatloaf, and Big Tasty Pork; and recipes Bev makes with good (unsolicited) intentions, including Barry's Special Power Chili and Bran Muffins to Help You Make, among many others. Retro food photographs accompany many of the recipes and show stills will showcase the entire Goldberg family in all of their high-strung glory.

Helicopter Crash Litigation, Second Edition Gary C. Robb, 2015-07-28 *Helicopter Crash Litigation, Second Edition* is, simply put, an essential volume for any lawyer litigating a helicopter crash case. No other book is devoted exclusively to the representation of plaintiffs in helicopter crash cases. These unique cases require a different approach and techniques, which you will learn from accomplished trial lawyer Gary Robb, who has used these same techniques in a brilliant career as a trial lawyer. This indispensable text travels through the different knowledge and skill sets critical in the successful handling of these cases, ranging from the basic elements of helicopter structure and flight, through the preliminary factual investigation, filing the case, discovery, common defenses, damages and trial. Real helicopter case examples are utilized throughout so as to give context to the suggestions and techniques discussed. The author also recommends safety improvements within the helicopter industry for preventing these accidents in the future.

Apparently There Were Complaints Sharon Gless, 2022-11-29 Emmy Award-winning actress Sharon Gless tells all in this laugh-out-loud, juicy, “unforgettably memorable” (Lily Tomlin) memoir about her five decades in Hollywood, where she took on some of the most groundbreaking roles of her time. Anyone who has seen Sharon Gless act in *Cagney & Lacey*, *Queer as Folk*, *Burn Notice*, and countless other shows and movies, knows that she’s someone who gives every role her all. She holds nothing back in *Apparently There Were Complaints*, a hilarious, deeply personal memoir that spills all about Gless’s five decades in Hollywood. A fifth-generation Californian, Sharon Gless knew from a young age that she wanted to be an actress. After some rocky teenage years that included Sharon’s parents’ divorce and some minor (and not-so-minor) rebellion, Gless landed a coveted spot as an exclusive contract player for Universal Studios. In 1982, she stepped into the role of New York Police Detective Christine Cagney for the series *Cagney & Lacey*, which eventually reached an audience of 30 million weekly viewers and garnered Gless with

two Emmy Awards. The show made history as the first hour-long drama to feature two women in the leading roles. Gless continued to make history long after Cagney & Lacey was over. In 2000, she took on the role of outrageous Debbie Novotny in *Queer as Folk*. Her portrayal of a devoted mother to a gay son and confidant to his gay friends touched countless hearts and changed the definition of family for millions of viewers. Apparently *There Were Complaints* delves into Gless's remarkable career and explores Gless's complicated family, her struggles with alcoholism, and her fear of romantic commitment as well as her encounters with some of Hollywood's biggest names. Brutally honest and incredibly relatable, Gless puts it all out on the page in the same way she has lived—never with moderation.

Tonight We Bombed the U.S. Capitol William Rosenau, 2020-01-07 In a shocking, never-before-told story from the vaults of American history, *Tonight We Bombed the US Capitol* takes a close look at the explosive hidden history of M19—the first and only domestic terrorist group founded and led by women—and their violent fight against racism, sexism, and what they viewed as Ronald Reagan's imperialistic vision for America. In 1981, President Ronald Reagan announced that it was "morning in America." He declared that the American dream wasn't over, but the United States needed to lower taxes, shrink government control, and flex its military muscles abroad to herald what some called "the Reagan Revolution." At the same time, a tiny band of American-born, well-educated extremists were working for a very different kind of revolution. By the end of the 1970s, many radicals had called it quits, but six veteran women extremists came together to finish the fight. These women had spent their entire adult lives embroiled in political struggles: protesting the Vietnam War, fighting for black and Native American liberation, and confronting US imperialism. They created a new organization to wage their war: The May 19th Communist Organization, or "M19," a name derived from the birthday shared by Malcolm X and Ho Chi Minh, two of their revolutionary idols. Together, these six women carried out some of the most daring operations in the history of domestic terrorism—from prison breakouts and murderous armed robberies, to a bombing campaign that wreaked havoc on the nation's capital. Three decades later, M19's actions and shocking tactics still reverberate for many

reasons, but one truly sets them apart: unlike any other American terrorist group before or since, M19 was created and led by women. *Tonight We Bombed the US Capitol* tells the full story of M19 for the first time, alongside original photos and declassified FBI documents. Through the group's history, intelligence and counterterrorism expert William Rosenau helps us understand how homegrown extremism—a threat that still looms over us today—is born.

The Murder of Little Mary Phagan Mary Phagan, 2000-12-10 More shocking than *Fatal Vision* and *In Cold Blood*, the Leo Frank-Mary Phagan murder case still generates high emotions. Written by a great-niece of Little Mary Phagan, here is the mesmerizing, previously hidden story—which reveals who really killed Mary Phagan. 16 pages of photos.

Mathematics Across Cultures Helaine Selin, 2012-12-06 *Mathematics Across Cultures: A History of Non-Western Mathematics* consists of essays dealing with the mathematical knowledge and beliefs of cultures outside the United States and Europe. In addition to articles surveying Islamic, Chinese, Native American, Aboriginal Australian, Inca, Egyptian, and African mathematics, among others, the book includes essays on Rationality, Logic and Mathematics, and the transfer of knowledge from East to West. The essays address the connections between science and culture and relate the mathematical practices to the cultures which produced them. Each essay is well illustrated and contains an extensive bibliography. Because the geographic range is global, the book fills a gap in both the history of science and in cultural studies. It should find a place on the bookshelves of advanced undergraduate students, graduate students, and scholars, as well as in libraries serving those groups.

Parcel of Death Gaongalelwe Tiro, 2019-08-01 *Parcel of Death* recounts the little-told life story of Onkgopotse Abram Tiro, the first South African freedom fighter the apartheid regime pursued beyond the country's borders to assassinate with a parcel bomb. On 29 April 1972, Tiro made one of the most consequential revolutionary addresses in South African history. Dubbed the Turfloop Testimony, Tiro's anti-apartheid speech saw him and many of his fellow student activists expelled, igniting a series of strikes in tertiary institutions across the country. By the time he went into exile in Botswana, Tiro was president of the Southern African Student Movement (SASM), permanent organiser of the South African Student Organisation (SASO) and a leading Black Consciousness proponent,

hailed by many as the 'godfather' of the June 1976 uprisings. Parcel of Death uses extensive and exclusive interviews to highlight significant influences and periods in Tiro's life, including the lessons learned from his rural upbringing in Dinokana, Zeerust, the time he spent working on a manganese mine, his role as a teacher and the impact of his faith in shaping his outlook. It is a compelling portrait of Tiro's story and its lasting significance in South Africa's history.

After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. *10% Happier* takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.
