Peter Jenniskens

Meteor Showers and their Parent Comets Peter Jenniskens,2006-09-14 Meteor Showers and their Parent Comets is a unique handbook for astronomers interested in observing meteor storms and outbursts. Spectacular displays of 'shooting stars' are created when the Earth's orbit crosses a meteoroid stream, as each meteoroid causes a bright light when it enters our atmosphere at high speed. Jenniskens, an active meteor storm chaser, explains how meteoroid streams originate from the decay of meteoroids, comets and asteroids, and how they cause meteor showers on Earth. He includes the findings of recent space missions to comets and asteroids, the risk of meteor impacts on Earth, and how meteor showers may have seeded the Earth with ingredients that made life possible. All known meteor showers are identified, accompanied by fascinating details on the most important showers and their parent comets. The book predicts when exceptional meteor showers will occur over the next fifty years, making it a valuable resource for both amateur and professional astronomers.

The Heavens on Fire Mark Littmann,1999-09-09 Highly readable account of meteors, especially the spectacular Leonid showers, due in mid-November.

This volume is an unprecedented assemblage of information on the important collection of Lakota winter counts at the Smithsonian, a core resource for the study of Lakota history and culture. Fourteen winter counts are presented in detail, with a chapter devoted to the newly discovered Rosebud Winter Count. Together these counts constitute a visual chronicle of over two hundred years of Lakota experience as recorded by Native historians. ø A visually stunning book, *The Year the Stars Fell* features full-color illustrations of the fourteen winter counts plus more than 900 detailed images of individual pictographs. Explanations, provided by their nineteenth-century Lakota recorders, are arranged chronologically to facilitate comparison among counts. The book provides ready access to primary source material, and serves as an essential reference work for scholars as well as an invaluable historical resource for Native communities.

Blood Meridian Cormac McCarthy,2010-08-11 25th ANNIVERSARY EDITION • From the bestselling author of *The Passenger* and the Pulitzer Prize-winning novel *The Road*: an epic novel of the violence and depravity that attended America's westward expansion, brilliantly subverting the conventions of the Western novel and the mythology of the Wild West. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* traces the fortunes of the Kid, a fourteen-year-old Tennessean who stumbles into the nightmarish world where Indians are being murdered and the market for their scalps is thriving. Look for Cormac McCarthy's latest bestselling novels, *The Passenger* and *Stella Maris*.

The Revelation of Bahā'u'llāh Adib Taherzadeh,1977 Following on from the first, this is the second volume of the revelation of Baha'u'llah. It contains writings revealed by him in Constantinople and Adrianople, touching briefly on the history of his life and his companions during his 5 years in these two cities. He proclaims the advent of the day of God to mankind, and touches on the treachery of the breaker of the covenant of Bab.

The Bear William Faulkner,2013-03-19 Isaac McCaslin is obsessed with hunting down Old Ben, a mythical bear that wreaks havoc on the forest. After this feat is accomplished, Isaac struggles with his relationship to nature and to the land, which is complicated when he inherits a large plantation in Yoknapatawapha County. “The Bear” is included in William Faulkner’s novel, *Go Down, Moses*. Although primarily known for his novels, Faulkner wrote in a variety of formats, including plays, poetry, essays, screenplays, and short stories, many of which are highly acclaimed and anthologized. Like his novels, many of Faulkner’s short stories are set in fictional Yoknapatawapha County, a setting inspired by Lafayette County, where Faulkner spent most of his life. His first short story collection, *These 13* (1931), includes many of his most frequently anthologized stories, including *A Rose for Emily*, *Red Leaves* and *That Evening Sun*. HarperCollins brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms.
