The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Show Your Work! Austin Kleon, 2015-11-04 Kata Edgar Allan Poe, sebagian besar penulis takut jika proses berkaryanya diketahui orang lain. Sementara itu, Pablo Picasso kerap membuat orang yang berkomunikasi dengannya justru kehilangan energi dan motivasi berkarya. Ya, keduanya memang maestro legendaris, tapi sekarang bukan saatnya lagi berkarya ala mereka. Bukan juga zamannya Mozart sang genius musik. Ini eranya kamu, siapa pun kamu, bisa berkarya! Lalu, apa kuncinya? Tunjukkan saja. Di zaman keterbukaan ini, semua orang punya kesempatan sama untuk jadi hebat. Jangan sembunyikan proses kreatifmu. Undang orang-orang untuk melihatnya. Jangan khawatir kritik, karena itu bahan pelajaran buatmu. Ide yang menurutmu tidak menarik, siapa tahu luar biasa bagi orang lain. Lebih dari itu, karyamu juga bisa menginspirasi orang lain. Jadi, tunggu apa lagi? Tak perlu ragu atau malu. Berbagi karya membuatmu kaya! ... Semakin banyak kamu memberi, semakin banyak yang kembali kepadamu.-Paul Arden [Mizan, Noura Books, Karya, Hidup, Berkarya, Kerja, Indonesia]

How to Start a Business in 90 Days Without Quitting Your Job (yet) Moritz Leon Gomm,2020-11-24 This book reveals how to build your own successful business with just one task a day for 90 days without quitting your job.Are you frustrated with your job and lifestyle because career success and consumption have not led to happiness as promised? You want to jump off the hamster wheel and become your own boss, but don't know how?The processes and principles in this book will set you on the path to a fulfilling and autonomous life with just one task a day. Reignite your passion and exercise your hidden talents to earn your living doing something that doesn't feel like work because it makes you happy.Moritz Gomm is a business startup expert who successfully blazed his own trail from a burned-out consultant to an inspired entrepreneur who relishes the freedom and fun he experiences at work every day.This practical guide is bursting at the seams with tips & tricks. Stories from successful entrepreneurs provide motivation and courage: From a yoga studio and restaurants to online businesses, from a shop to daycareMoritz Gomm is a proven expert for business startups. With his wealth of experience as a coach, he helps founders to success in a goal-oriented way. (Fabrizio Ferrandina, CEO of the Zühlke Technology Group)With the 90-Day Program, the dream of owning your own company can be realized step by step. Highly recommended for all future founders! (Prof. Oliver Gassmann, Institute for Technology Management, University of St. Gallen, Switzerland)The 90-day coaching is a practice-oriented instruction to make your dream of independence a reality with only one step per day. You will very soon feel what it is like to be independent and will thus also determine in the 90 days whether self-employment is right for you or not.My goal is that you become more satisfied and happier with your lifestyle, your family and partnership, your job - and with yourself. This book and the coaching are therefore life advisor and founding guide at the same time.This book is for everyone who is thinking about becoming self-employed. But I developed the concept especially for people who have little time and/or money: EMPLOYEEES, who have an idea, which they want to realize gladly, but are professionally strongly clamped and do not dare (yet) to quit their job. Employees often want to change into self-employment because they are dissatisfied with their current job or do not consider it reasonable, because they suffer from an unpleasant company culture or have conflicts with superiors or team members. Others want to do something completely different after many years of professional career because they are not happy with their current job despite the success. Such things often happen in the middle of life - for good reason, as we will see later.MOTHERS and FATHERS who are either part-time or not working at all. Here the motivation is often to stand on their own feet again professionally. As I know myself as a father of two small children, parents are faced with a challenge: to become independent takes time, but the family should not suffer.UNEMPLOYED: I am convinced that the 90-day coaching also helps all those people who have too much time at their disposal because they are unemployed. Because the coaching process gives meaning and a clear structure to everyday life: every day brings a clear and feasible task to gradually reach the goal: to find a job that you love and that will bring in enough money for life.
