Dr. Joseph Murphy

Tuning the Human Biofield Eileen Day McKusick, 2021-09-07 • Provides a precise map of the energetic biofield that surrounds the body, showing where specific emotions, memories, traumas, and pain are stored • Details how to locate stored trauma in the biofield with a tuning fork and clear it • Winner of the 2015 Nautilus Silver Award When Eileen McKusick began offering sound therapy in her massage practice she soon discovered she could use tuning forks to locate and hear disturbances in the energy field, or biofield, that surrounded each of her clients. Passing the tuning forks through these areas in the biofield not only corrected the distorted vibrational sounds she was hearing but also imparted consistent, predictable, and sometimes immediate relief from pain, anxiety, insomnia, migraines, depression, fibromyalgia, digestive disorders, and a host of other complaints. Now, more than 20 years later, McKusick has fully developed her sound healing method, which she calls Biofield Tuning, and created a map of the biofield, revealing the precise locations where specific emotions, memories, ailments, and traumas are stored. In this book, McKusick explains the basics of Biofield Tuning practice and provides illustrations of her Biofield Anatomy Map. She details how to use tuning forks to find and clear pain and trauma stored in the biofield and reveals how the traditional principles and locations of the chakras correspond directly with her biofield discoveries. Exploring the science behind Biofield Tuning, she examines scientific research on the

nature of sound and energy and explains how experiences of trauma produce “pathological oscillations” in the biofield, causing a breakdown of order, structure, and function in the body. Offering a revolutionary perspective on mind, energy, memory, and trauma, McKusick’s guide to Biofield Tuning provides new avenues of healing for energy workers, massage therapists, sound healers, and those looking to overcome chronic illness and release the traumas of their past.

Meditations & Affirmations Dr. Joseph Murphy, 2019-10-22 You have the incredible potential to be, do, and receive whatever you desire, imagine, and truly believe. Unfortunately, only a small number of people achieve their full human potential, because they fail to recognize and harness the infinite power of the subconscious mind—the divinity within them and around them. *Meditations & Affirmations* will show you how to create your own new reality

through desire, imagination, and belief.

Returning to Oneness Leslie Temple-Thurston, Brad Laughlin, 2020-11-02 There is a river of light, pure intelligence and love within each of us. When the river flows in its fullness, unimpeded from head to toe, we feel successful, happy, fulfilled and awake to our true nature as eternal, timeless beings. Unfortunately, often the river is merely a trickle. Returning to Oneness reveals the limitations that restrict the flow of light in the body and mind and shows us how to awaken more permanently to our full potential by using a series of simple keys, which are based in the ancient teachings of non-duality. Presented here in a clear, easy, user-friendly form, the Seven Keys (now Eight) offer a path out of our confusion and angst. Never before have the teachings of love, wisdom and unity consciousness been so greatly needed as they are now, as tools for navigating these extraordinary times of rapid, accelerating change. As revealed in this much-anticipated third edition, Earth and humanity are opening to new levels of spiritual power and awareness. We are experiencing a complex re-working of our old energy system into a dramatically new one that allows the physical body to tap fully into its vast multidimensionality. This radical overhaul of the body's subtle-physical anatomy heralds the emergence of both a completely new, integrated human being and a whole new planetary energy system. By activating and developing our direct connection to Source, we can not only survive but thrive amidst the challenges of today, including the assaults of our increasingly

stressful, chaotic and toxic environment. This book contains many practical exercises, prayers and meditations to help us reach new, ascended states of consciousness-and live healthy, productive and fulfilling lives.

You Are the Placebo Meditation 1 -- Revised Edition Joe Dispenza, 2016-02-09
After introducing the open-focus technique, Dr. Joe Dispenza moves into the practice of finding the present moment. When listeners discover the sweet spot of the present moment and forget about themselves as the personalities they have always been, they have access to other possibilities that already exist in the quantum field. That's because they are no longer connected to the same body-mind, to the same identification with the environment, and to the same predictable timeline.
