Alison R. Holmes,J. Rofe

The Embassy in Grosvenor Square Alison R. Holmes,J. Rofe,2016-05-02 Covering the period 1938 to 2008, The Embassy in Grosvenor Square explores the role of the embassy in the Anglo-American 'special relationship', both in terms of transatlantic affairs and issues of international relations.

The Hardest Lot of Men Joseph C. Fitzharris,2019-09-05 Outstanding in appearance, discipline, and precision at drill, the Third Minnesota Volunteer Infantry was often mistaken for a regular army unit. Rebel Colonel Ponder described the regiment as “the hardest lot of men he’d ever run against.” Betrayed by its higher commanders, the Third Minnesota was surrendered to Nathan Bedford Forrest on July 13, 1862, in Murfreesboro, Tennessee. Through letters, personal accounts of the men, and other sources, author Joseph C. Fitzharris recounts how the Minnesotans, prisoners of war, broken in spirit and morale, went home and found redemption and renewed purpose fighting the Dakota Indians. They were then sent south to fight guerrillas along the Tennessee River. In the process, the regiment was forged anew as a superbly drilled and disciplined unit that participated in the siege of Vicksburg and in the Arkansas Expedition that took Little Rock. At Pine Bluff, Arkansas, sickness so reduced its numbers that the Third was twice unable to muster enough men to bury its own dead, but the men never wavered in battle. In both Tennessee and Arkansas, the Minnesotans actively supported the U.S. Colored Troops (USCT) and provided many officers for USCT units. *The Hardest Lot of Men* follows the Third through occupation to war’s end, when the returning men, deeming the citizens of St. Paul insufficiently appreciative, spurned a celebration in their honor. In this first full account of the regiment, Fitzharris brings to light the true story long obscured by the official histories illustrating aspects of a nineteenth-century soldier’s life—enlisted and commissioned alike—from recruitment and training to the rigors of active duty. *The Hardest Lot of Men* gives us an authentic picture of the Third Minnesota, at once both singular and representative of its historical moment.

The Lamps of Late Antiquity from Rhodes Angeliki Katsioti,2017-12-31 This study focuses on the recording, study and publication of the corpus of the Late Antique lamps dating from the 3rd to the 7th centuries as found in rescue excavations in the town of Rhodes. The aim here is to present the diachronic changes in the artistic sensibility and preferences of this particular market.

Mosley and British Politics 1918-32 D. Howell,2014-10-21 Oswald Mosley has been reviled as a fascist and lamented as the lost leader of both

Conservative and Labour Parties. Concerned to articulate the demands of the war generation and to pursue an agenda for economic and political modernization his ultimate rejection of existing institutions and practices led him to fascism.

Chasing Thugs, Nazis, and Reds Kemp Dixon,2015-03-15 Texas Ranger Norman Dixon made the front pages of newspapers, but his rigid sense of integrity prevented him from discussing his cases with his wife or his sons, or anyone else, even decades later. As a Ranger, Dixon broke up the largest oil field theft ring in Texas history, worked to solve the most infamous cold case in Texas history, sought the Phantom Killer, investigated a near-mutiny by cadets and veterans on the campus of Texas A&M, rushed to a rural county to head off a lynching, and kept watch over Texas during World War II. He became the go-to investigator for the director of the Texas Department of Public Safety, governors, and the state legislature. During the final years of his career, which coincided with the McCarthy era in the 1950s, he was the chief of internal security, charged with protecting Texans from the Red Menace. Using Ranger Dixon's meticulously-kept diary entries, Kemp Dixon now tells his father's compelling story.

Bob Steele on the Radio Paul Hensler,2019-08-15 For more than sixty years, Bob Steele was the radio voice of Southern New England, entertaining listeners of WTIC AM with his wit and humor and an inimitable style that kept listeners faithfully tuning in to his morning show. Capturing the nation's highest market share, the National Radio Hall of Fame inductee maintained an unparalleled popularity through the latter half of the twentieth century. This first ever biography of Bob Steele details both the home life and the award-winning broadcasting career of this Connecticut media legend, from his humble Midwestern roots to the pinnacle of radio fame. Steele and his *The Word for the Day* feature remain forever embedded in the memories of his many listeners.

History of the Theory of Numbers, Volume II Leonard Eugene Dickson,2005-06-07 The three-volume series *History of the Theory of Numbers* is the work of the distinguished mathematician Leonard Eugene Dickson, who taught at the University of Chicago for four decades and is celebrated for his many contributions to number theory and group theory. This second volume in the series, which is suitable for upper-level undergraduates and graduate students, is devoted to the subject of diophantine analysis. It can be read independently of the preceding volume, which explores divisibility and primality, and volume III, which examines quadratic and higher forms. Featured topics include polygonal, pyramidal, and figurate numbers; linear

diophantine equations and congruences; partitions; rational right triangles; triangles, quadrilaterals, and tetrahedra; the sums of two, three, four, and n squares; the number of solutions of quadratic congruences in n unknowns; Liouville's series of eighteen articles; the Pell equation; squares in arithmetical or geometrical progression; equations of degrees three, four, and n ; sets of integers with equal sums of like powers; Waring's problem and related results; Fermat's last theorem; and many other related subjects. Indexes of authors cited and subjects appear at the end of the book.

Edward Hopper Gail Levin, 2023-01-03 New York Times Notable Book Los Angeles Times Book Prize Finalist Wall Street Journal—One of Five Best Artist Biographies Edward Hopper's canvasses are filled with stripped-down spaces and unrelenting light, evocative landscapes, and the lonely aspects of men and women seemingly isolated in their surroundings. What kind of man had this haunting vision, and what kind of life engendered this art? No one is better qualified to answer these questions than art historian Gail Levin, author and curator of the major studies and exhibitions of Hopper's work. In this intimate biography she reveals the true nature and personality of the man himself—and of the woman who shared his life, the artist Josephine Nivison.

Bloomsbury's Outsider Sarah Knights, 2015-05-21 Shortlisted for the James Tait Black Prize for best biography 2016 Book of the Year 2015 Sunday Times Book of the Year 2015 Times Literary Supplement Book of the Year 2015 Evening Standard Book of the Year 2015 New Zealand Listener Shortlisted for the Slightly Foxed Best First Biography Prize 2015 Literary Sensation, Lover, Libertine, Family Man Award-winning novelist and towering figure of the 20th century British literary landscape, David Garnett was a Bloomsbury insider ultimately pushed to the margins. In this, the first biography of Garnett, (known as Bunny), author Sarah Knights – who has had unprecedented access to Garnett's papers – goes beyond stereotype and myth to present a clear sighted account of this often contradictory figure. Trained as a scientist, Garnett worked as a novelist and wrote exquisite prose. Lady into Fox was made into a Rambert ballet and Aspects of Love into an Andrew Lloyd Webber musical. In the First World War, he was a conscientious objector whereas in the Second he worked for British intelligence. A free love enthusiast, he nevertheless married. He loathed literary criticism but became a leading literary critic. Born into the Victorian period, Garnett's life spanned two World Wars, the Swinging Sixties and beyond. From pre-Revolutionary Russia, by way of Indian Nationalists in London and carefree Neo-Paganism, Garnett's early life was packed with adventure. Propelled by a desire to be constantly in love, he dazzled men and women, believing the person mattered, irrespective of gender. An overnight literary sensation in

the 1920s he was at the centre of literary London. Confidante and mentor of many writers, T. E. Lawrence, Rupert Brooke, D. H. Lawrence, Joseph Conrad and H. G. Wells, were among his friends. Garnett felt most at home with the Bloomsbury Group, in particular with Vanessa Bell and Duncan Grant, his lover, with whom he lived during the First World War. Their long friendship was threatened, however, when Garnett's cradle-side prophecy to marry their daughter Angelica came true. David 'Bunny' Garnett is brought to life by Ben Lloyd-Hughes and Jack Davenport in the BBC series 'Life in Squares'.

Conquer We Must Robin Prior, 2022 A major new account of Britain's military strategy between 1914-1945, including the two world wars and everything between The First and Second World Wars were separated by a mere two decades, making the period 1914-1945 an unprecedentedly intense and violent era of history. But how did Britain develop its complex military strategy during these wars, and how were decisions made by those at the top? Robin Prior examines the influence politicians had on military operations, in the first history to assess both world wars together. Drawing uniquely on both military and political archives and previously unexamined sources Prior explores the fraught relationships between civilian and military leaders: from Lloyd George's remarkably interventionist stance on military tactics during the First World War to Churchill's near-constant arguments with American leaders during the Second. Conquer We Must tells the complex story of this military decision-making, revealing how politicians attempted to control strategy--but had little influence on how the army, navy, and air force actually fought.

Offering Christ Jack Jackson, 2017-06-06 After decades of conversation serving up a mosaic of understandings of Wesleyan evangelism (focusing on proclamation, initiation, and embodiment), Jack Jackson offers a clearer portrait of Wesley's evangelistic vision, understood through the lens of "offering grace." Any discussion of Wesley's vision of evangelism must center on the proclamation of the story of God in Christ. But for John Wesley evangelism was much more than preaching for conversion. This book offers a fresh conception of Wesley's evangelistic vision by analyzing his method of gospel proclamation. Wesley was not constrained by the truncated vision of evangelism that has been dominant since the late nineteenth century, one that all too often centers on group preaching with a sole emphasis on conversion. Rather, he stressed a number of practices that focus on a verbal proclamation of the gospel. These practices occur in a variety of settings, only one of which is public preaching, and result in a number of responses, only one of which is conversion. Of crucial importance for current theological students, clergy, and church leaders around the world, the book demonstrates that visitation, for the purpose of spiritual direction and evangelism, was in many ways the critical leadership and pastoral practice of early British Methodism. This book offers important insights into early Methodism that inform both contemporary practices of evangelism and Christian

leadership for both clergy and laity.

Sherwood Anderson Walter B. Rideout, 2007-02-15 Sherwood Anderson, an important American novelist and short-story writer of the early twentieth century, is probably best known for his novel *Winesburg, Ohio*. His realistic and nonformulaic writing style would influence the next generation of authors, most notably Ernest Hemingway and William Faulkner. Walter Rideout's *Sherwood Anderson: A Writer in America* is a seminal work that reintroduces us to this important, yet recently neglected, American writer, giving him long overdue attention. This second volume of the monumental two-volume work covers Anderson's life after his move in the mid-1920s to "Ripshin," his house near Marion, Virginia (where Volume 1 ended.) The second volume covers his return to business pursuits; his extensive travels in the South touring factories, which resulted in his political involvement in labor struggles and several books on the topic; and finally his unexpected death in 1941. No other existing Anderson biography, the most recent of which was published nearly twenty years ago, is as thoroughly researched, so extensively based on primary sources and interviews with a range of Anderson's friends and family members, or as complete in its vision of the man and the writer. Rideout uncovers much new information about events and people in Anderson's life and provides a new perspective on many of his works. This two-volume biography presents Anderson's many remarkable attributes more clearly than ever before, while astutely placing his life and writings in the broader social, political, and artistic movements of his times.
