Lift Rob Horlock,2019-09-03 Are you in the early stages of your career and looking for 'shortcuts to success'?Do you feel that you do a good job at work, but you could do better?Do you feel that you work hard but others in your team get all the glory?Do you think that you are worthy of a decent pay rise?Would you like to work smarter, not work longer hours?If you can answer 'Yes' to any of these questions, you need a LIFT!'LIFT - 99 Ways to LIFT your career' is a shortcut to improvement. It won't give you all the answers to your specific circumstances but it will definitely give you many pointers to consider. Some you will already know, some you'll discard, but the rest you can use to improve your effectiveness at work which will ultimately have a positive knock on effect on your home life.Many of the '99 Ways' relate to Behaviours - many to develop, some to avoid. This is not surprising as your behaviours will have a direct bearing on your effectiveness.The difficult part is that only you can change your behaviours. You can choose to take advice from LIFT (and elsewhere) and modify your behaviours or you can choose to ignore the advice.If you ignore the advice, that's fine, if that's what you want to do, but remember the words of that great man of quotes, Henry Ford.'If you always do what you've always done, you'll always get what you've always got.'LIFT consists of a mix of hints, tips, recommendations, observations, references, life skills and shortcuts. They are 'Fast Track Facts of Life.' Your personal life story can be as sedate or as actioned packed as you make it. The important point is that YOU can change that story. You can give your story a different ending - LIFT will help you to make that ending more positive and more rewarding.

Happy about My Job Search Barbara Safani,2012-11-21 A job search is never easy and a struggling economy only makes it harder. Everybody knows she or he needs to be smarter, faster and better in finding a job, but how? After all, a job search is synonymous with plenty of hard work and also plenty of rejection. Now, career transition expert Barbara Safani comes to every job seeker's rescue by addressing this pressing issue in a way that makes complete sense in today's economy. In 'Happy About My Job Search', Barbara offers a candid perspective of what a job search is, and isn't. She offers plenty of practical hints for building better resumes and writing compelling cover letters. From her own experience, she freely shares an understanding of how to network during a job search, prepare strategies for interviews and negotiate a competitive compensation package. As Barbara has noticed repeatedly, most of what occupies people in their job searches is really no more than busy work or wheel spinning. Job seekers often post endlessly on dead-end or random job boards, attend local career fairs whether or not they are useful, or simply hand out resumes to someone who promises to 'see what they can do'--but these search methods rarely yield fruitful outcomes. With expert insight and perspective, Barbara reveals the way to be well informed and better prepared for the journey ahead. And surprisingly, she shows that it's possible to even find some fun, joy, and happiness during your job search. With articulate grace, Barbara shows you how to enjoy and see success even in the most trying job search situation.
