Elevating Child Care Janet Lansbury,2024-04-30 A modern parenting classic—a guide to a new and gentle way of understanding the care and nurture of infants, by the internationally renowned childcare expert, podcaster, and author of No Bad Kids “An absolute go-to for all parents, therapists, anyone who works with, is, or knows parents of young children.”—Wendy Denham, PhD A Resources for Infant Educators (RIE) teacher and student of pioneering child specialist Magda Gerber, Janet Lansbury helps parents look at the world through the eyes of their infants and relate to them as whole people who have natural abilities to learn without being taught. Once we are able to view our children in this light, even the most common daily parenting experiences become stimulating opportunities to learn, discover, and connect with our child. A collection of the most-read articles from Janet’s popular and long-running blog, Elevating Child Care focuses on common infant issues, including: • Nourishing our babies’ healthy eating habits • Calming your clingy, fearful child • How to build your child’s focus and attention span • Developing routines that promote restful sleep Eschewing the quick-fix tips and tricks of popular parenting culture, Lansbury’s gentle, insightful guidance lays the foundation for a closer, more fulfilling parent-child relationship, and children who grow up to be authentic, confident, successful adults.
