Blogging for Profit 2019 Russell C. James, 2018-11-25 Why nearly 90% of bloggers only make pocket money from their work... and how to be part of the top 10% that makes the big bucks. Just a few years ago, I was fired from a law firm I used to work for, was heavily in debt, and was looking for ways to make some side income online. That's around the time I started blogging. And because I really had no other choice, I pushed myself into learning every possible way I could turn my new fitness blog into a money-making machine. So, I did what you're probably doing: going through the YouTube videos, reading all the articles, buying all the courses, etc. To my dismay, I encountered the 3 challenges that stop most bloggers from making any significant income online: Information overload. The piles of information on the topic and the 'analysis-paralysis' that I got as a result prevented me from getting anything done. I followed outdated info. The internet evolves rapidly and what worked in 2018 may not necessarily work in 2019. I lacked a roadmap with a destination. Not knowing what you want and lacking a step-by-step procedure to get there is the perfect recipe for not getting any results at all. Through hard work and dedication, I was able to get past these hurdles and eventually made my first 5 figure month a bit over a year later. Today, I am a multiple six-figure earner. Because I understand what you're going through, I've written: *Blogging for Profit 2019*. In this book, I have structured an easy-to-follow, step-by-step plan based on up-to-date information that will make you start your journey towards profit on the right foot. In this book, you will: Discover the hidden step in blog creation that will make or break your blog (and how to fix this if you missed it). Up-to-date blog monetization strategies for 2019 Discover how to read the minds of your audience and write tailor-suited material for them every time! Apply savvy internet marketing secrets for sending massive traffic of buying customers to your blog. Win the social media game for getting even more traffic (No, this is not Facebook Ads). Optimize your blog to be found on the internet the right way. Discover million-dollar brand secrets for having your readers come back to your blog time and time again. Bullet-proof blog monetization strategies that can make you passive income in less than 60 days. 2019 may just be the perfect time to start creating REAL freedom in your life if you play your cards right. But Russell, I can just learn all of this on my own, can't I? You could- and you could make it work with enough time and money put in. However, that would cost you a LOT more than the price of this book. And what if I have no sales experience? Can I still make money? No worries, we're not force-pitching products to anyone. Instead, we're making interested customers come to us through our blog. What if I already have a blog? With a few tweaks, we can optimize it for making money. So don't sweat, it's nothing we can't change and improve. What are you

Affiliate Marketing For Beginners Tim Murphy, 2020-12-29 If you were to ask a random user of the Internet what he or she thought Affiliate Marketing was; he or she would likely claim that it was a way of making money online as an intermediary. Here, people make a commission from a sale or a referral when a visitor to his or her site clicks on a link that directs him or her to a product or page online. However, as much as there is a lot of truth there, Affiliate Marketing does not only have to take place online. For example, affiliate marketing is also where a plumber gives a client a discount for referring him or her to a new client. It is the same concept. This kind of marketing happens a lot in the real world, but people do not trace or coordinate it as much as is the case with online marketing. Business owners can ask their customers how they came to know about them in an effort to learn about their client base, but they cannot get as much information as they would be using online tracking. The growing online market has made this type of marketing more popular and profitable. It has also made it easier to grow and expand whatever type of business an individual is in with the help of numerous professional marketers who will not necessarily appear on their payroll. Therefore, while its history started long before the invention of the Internet, the Internet has transformed it and made it widely available to the masses. You will start by learning all about the ins and outs of affiliate marketing and what you need to get your feet wet in the marketing world. You will then learn about the importance of choosing the right niche and how to find one that will provide you with a sustainable passive income stream for years to come. From there, you will learn the key steps to creating a website that will attract the right type of users as well as the importance of SEO and how to ensure that your new website shows up in as many different sets of search results as possible. Finally, you will learn just what it takes to create the type of

quality content that ensures people keeping back for more month after month and year after year. Every effort was made to ensure it is full of as much useful information as possible, please enjoy!
